Exterior features

Matrix LED headlamps with dynamic turn indicators[1]
Offering high intensity and efficiency, the Matrix LED headlamps are standard on the Audi Q7. Their design, with a distinctive "eyelash" pattern, the lines, the adjustable beam and matrix leveling, and the swiveling function for the dynamic turn indicators ensure that the Audi Q7 stands out from the design crowd.

LED rear combination lamps with dynamic turn indicators[1]
Matrix LED headlamps are not the only distinctive feature of the Audi Q7. The LED rear combination lamps with dynamic turn indicators are standard. The LED rear combination lamps, together with the LED brake lamps, ensure that the Audi Q7 is easily recognizable at night. Dynamic turn indicators, integrated into the LED rear combination lamps, ensure that the Audi Q7 is easily recognizable at night and that it is seen by other drivers.
