

Catch me if you can →

1. The Multix team is busy at work. Can you locate the Multix factory?
2. Tourists are enjoying the Indian sun. Can you spot them?
3. How many Multix vehicles can you find?
4. A man is reading the newspaper. Where is he?
5. Multix is dressed as a wedding vehicle. Can you spot it?

Hints

1. Look for Eicher Polaris Pvt. Ltd.
2. Spot the tattooed elephant on the street.
3. Add two to the number of teeth one has.
4. Look for a bench next to a pond.
5. Crush a big wedding celebration.

## Eicher x Polaris x Innovation

Eicher Motors Ltd., India's foremost truck manufacturer and maker of Royal Enfield, has decades of experience in building global brands. Eicher's expertise in the operating environment of India is unmatched. Polaris Industries Inc. is the world's No. 1 manufacturer of advanced all-terrain vehicles, renowned for their off-road capabilities. When these automotive giants joined forces, to build a vehicle from the ground up, a powerful partnership was born. Enter Eicher Polaris Pvt. Ltd.

The goal: to address the ever-changing needs of independent businessmen across India, who power the world's fastest-growing economy. The result: the new 3-in-1 Multix.

# 3 in 1

## Family x Business x Power Generator

From family to business, Multix is purpose-built to take care of your ever-evolving needs. It seats a family of 5 comfortably. With over 1918 litres of carrying space, it is ideal for business trips. Thanks to its X-Port™ feature, Multix can generate 3 KW of electricity. It's the first of its kind. It's a game changer. It's the new 3-in-1.

Multix seats a family of 5 with ease. It takes on the roughest terrain comfortably and is built to protect against impact, keeping your loved ones safe. Get set for an all-new take on road trips, outings and family vacations.

## Family

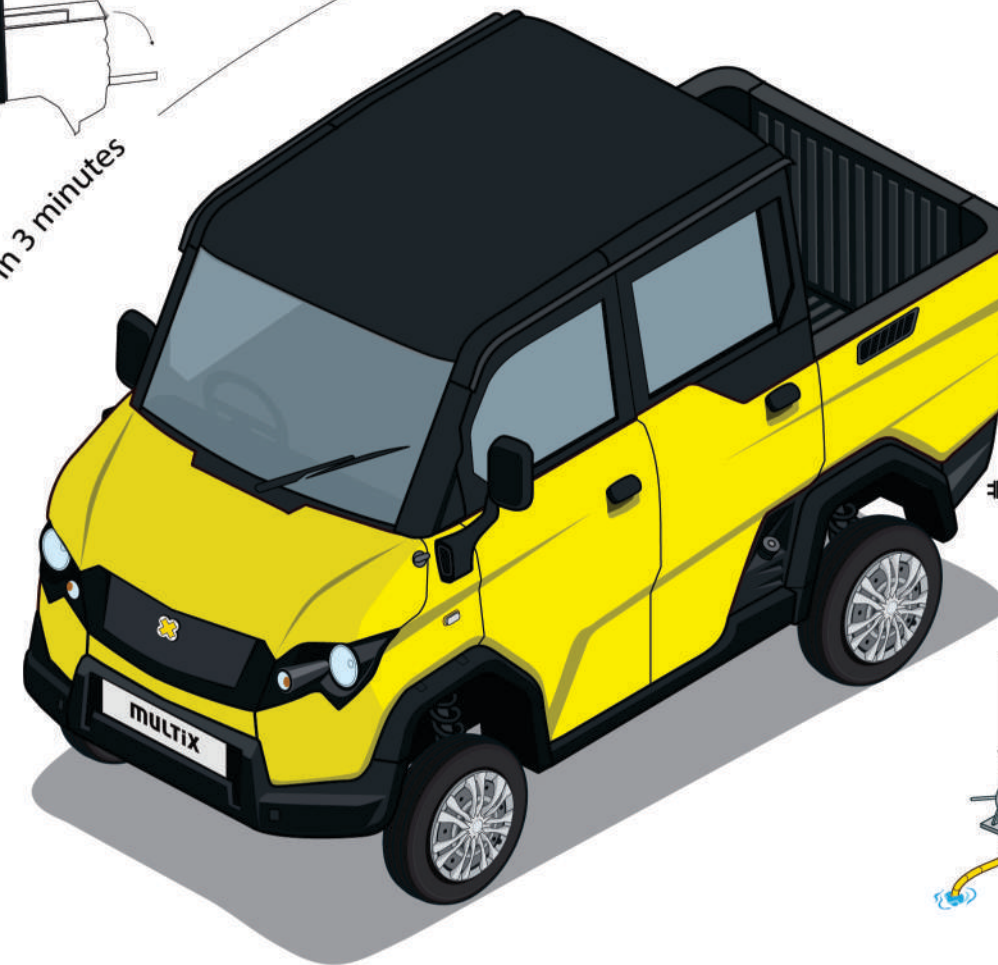

3 Remove rear cover for ample carrying space

2 Dismantle rear glass + unfold back seat on to the floor + fix seat into place

1 Unscrew hooks + dislodge back seat

In 3 minutes

## Business

Multix makes ample room for the tools of your trade. Fold the seats back and in a record 3 minutes, you have space large enough to carry whatever you want. Multix is built to get the job done.

## Power Generator

With its X-Port™ feature, Multix can generate up to 3 kilowatts of power—enough to light up homes and power music systems, agricultural machinery and other essential equipment. The result? Versatility. Utility. Electricity!

## Accessories

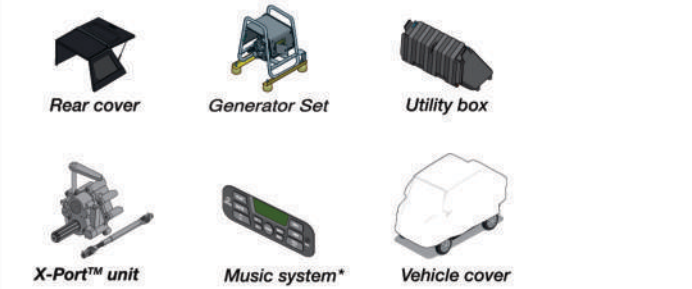

### Add-ons x Aesthetics x Utility

Style Multix the way you like, with a host of aesthetic and utility accessories. X-Port™ extensions, decals and add-on panels. Drive it, use it, decorate it. Or don't. It looks great either way.

#### Aesthetic Accessories

#### Utility Accessories

## Models

### AX+

With open doorways and carrying space, the AX+ makes extra room for passengers and the tools of your trade. Its sturdy roof protects against the harshest weather, while its tubular frame ensures safety.

### MX

The MX makes ample space to accommodate the tools of your trade. Its built-in music system is perfect for family road-trips and vacations. The MX is fully loaded, built for those who juggle roles and value flexibility.

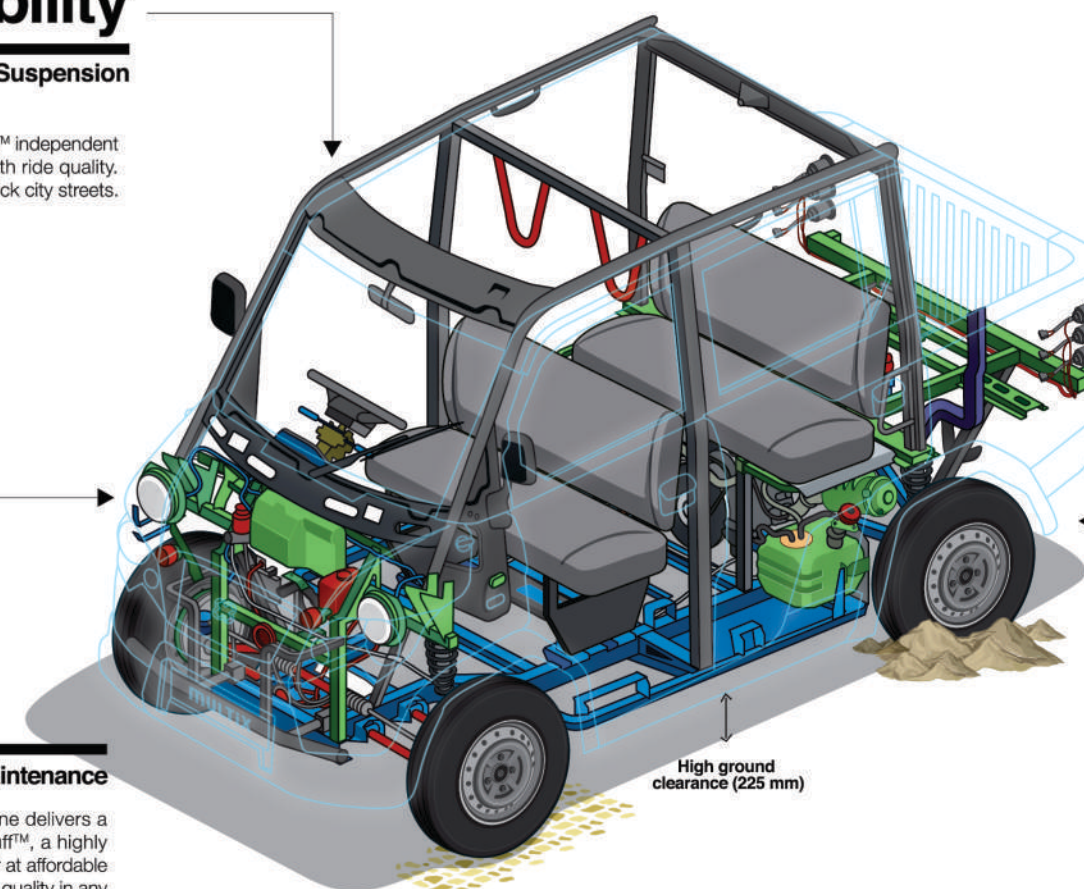

\*Available as an accessory.

## All-Road Capability

### High Ground Clearance x Pro-Ride™ Suspension System x Indian Roads

High ground clearance (225 mm) and the Pro-Ride™ independent suspension system ensure an exceptionally smooth ride quality. Multix makes the toughest of back roads feel like slick city streets.

High ground clearance (225 mm)

## Economy

### Diesel Engine x High Mileage x Low Maintenance

The four-stroke, direct-injection BS III diesel engine delivers a mileage of 27 kmpl\*. The body is made of Flexituff™, a highly durable material, resistant to rust, and easy to repair at affordable rates. Multix needs very little attention—a promising quality in any partner, on or off the road.

\*As certified by ARAI under Rule 115 of CMVR, 1989.

## Comfort

### Generous Cabin Space x Ample Carrying Space x Smooth Ride Quality

With 122 mm of legroom and ample cabin space, Multix is ideal for long-distance and daily travel. It can seat up to 5 people. Its adjustable seats can be used to create extra room for business trips. Combine this with a bump-free ride, and you've got comfort like never before.

## Safety

### Strong Tubular Frame x Efficient Handling x Damage Resistance

Multix's body is highly durable and damage-resistant. Its tubular frame is built to withstand most hits, bumps and bangs. Its robust inner frame keeps passengers well-protected. Its precise handling tackles the roughest terrain with ease, making safety a standard fitment.

## Styling

### Tubular Frame x Muscular Lines x 4 colours

Rugged lines and sharp angles mark Multix's tubular frame body. The build emphasizes its height and muscle. Available in 4 colours.\*

Rich Red ● Pure White ○

Soft Silver ● Bright Yellow ●

\*The AX+ is only available in Rich Red and Pure White. The MX is available in all 4 colours.
