*25 years ago, Toyota innovated a brand-new way to drive – **the self-charging hybrid electric technology**. A smoother, silent and more efficient drive that was engineered to accelerate the world to a better, greener and carbon-neutral future.*

*Toyota's self-charging hybrid electric technology combines the advantages of a gasoline engine and an electric motor to give you double the performance with lesser emissions. The car can be driven on electric power as well as with the engine and electric motor working together. Unlike other cars, Toyota's hybrid cars are self-charging. And with an **unmatched 8-year hybrid battery warranty**, Toyota's hybrid technology is designed to make your every drive simply awesome. Toyota has sold over 2 crore hybrid cars across 140 countries. **Toyota Urban Cruiser Hyryder** is the newest and one of the most advanced addition to Toyota's acclaimed hybrid legacy.*

This is the age of the hybrid.
The age of no compromises.
Where you can have it all –
the best of both worlds.
And more.
It's time for you to ride
the new wave.
It's time for you to step
into the future.
Because it's **HY TIME** *you*
lived the hybrid life.

Presenting
Toyota Urban Cruiser Hyryder.
An advanced SUV that gives you
the awesome advantages of
hybrid electric and petrol.
So that you can go ahead
and live the **HY** *life!*
