ABOVE & BEYOND

Ever since the first Land Rover vehicle was conceived in 1947, we have built vehicles that challenge what is possible. These in turn have challenged their owners to explore new territories and conquer difficult terrains. Our vehicles epitomise the values of the designers and engineers who have created them. Each one instilled with iconic British design cues, delivering capability with composure. Which is how we continue to break new ground, defy conventions and encourage each other to go further. Land Rover truly enables you to make more of your world, to go above and beyond.

INTRODUCTION

THE MOST VERSATILE COMPACT LAND ROVER

EFFORTLESS LINES, EFFORTLESS DRIVE INTRODUCING NEW DISCOVERY SPORT

Our challenge was to make a vehicle that was designed around you and that's exactly what we did. The beautifully proportioned New Discovery Sport has arrived. Design enabling technologies have been embraced to optimise the front and rear design including LED signature lights, bumpers and grille. These changes have added sophistication to its characterful exterior whilst complementing the engaging nature of the interior design. The compelling New Discovery Sport. Designed and engineered to take you and your family wherever you want to go. See pages 8-15 for details.

VERSATILE BY DESIGN

Discovery Sport's configurable seating has a second row that both slides and reclines with 5 + 2 seating. This gives you the flexibility and versatility to throw whatever you want at it, or in it. See pages 16-21 for details.

ON-ROAD CAPABILITY, MATCHED ONLY BY OFF-ROAD CAPABILITY

The world's a pretty big place. Full of crevices and corners that are yet to be discovered. Luckily, Discovery Sport's all-terrain capability will take you anywhere. Innovative new features mean you can tackle off-road conditions with absolute confidence. See pages 22-29 for details.

CONNECTED AND CONTENTED

No matter where you are, Discovery Sport's cutting-edge technology keeps you and your passengers connected, informed and entertained. See pages 30-45 for details.

All in-car features should be used by drivers only when safe for them to do so. Drivers must ensure they are in full control of the vehicle at all times.

Vehicle shown is R-Dynamic HSE in Firenze Red with optional features fitted (market dependent).

DESIGN

NEW DISCOVERY SPORT EVEN MORE DYNAMIC

The instantly recognisable Discovery design DNA has been honed to ensure a striking visual impact. Modernity and refinement are reflected in the new front and rear bumpers, grille design and LED lights, making the Discovery Sport a contemporary, sophisticated and sporty addition to the Discovery family. Added to which, being a Land Rover, its legendary inherent capability is a given.

Vehicle shown is R-Dynamic HSE in Firenze Red with optional features fitted (market dependent).

“Discovery Sport combines design excellence, engineering integrity and exceptional versatility to create a premium compact SUV”

Gerry McGovern
Land Rover Design Director and Chief Creative Officer

MODERN, RELEVANT, READY FOR ANYTHING

You can't help but notice new Discovery Sport. This beautifully proportioned vehicle combines unique character and stance to create something unmistakable, whilst still being every bit as capable as you'd expect. Available in two distinctive versions, Discovery Sport's newly refined design emphasises the enhanced versatility of Discovery, while the Discovery Sport R-Dynamic expresses its overt sporting nature.

Vehicle shown is HSE in Byron Blue with optional features fitted (market dependent).

A BEAUTIFUL PLACE TO BE

The moment you step inside Discovery Sport, you feel a sense of calm. The panoramic roof bathes the cabin in light, whilst bold horizontal and vertical lines complement the clean, uncluttered surfaces. Add to this the premium materials which have been responsibly sourced, and you'll see why you and your passengers will always enjoy the drive - whether it's on an open road or in the city.

All in-car features should be used by drivers only when safe for them to do so. Drivers must ensure they are in full control of the vehicle at all times. Interior shown is R-Dynamic HSE with Light Oyster/Ebony Windsor leather seats and optional features fitted (market dependent).

DESIGNED AROUND YOU

With versatility at its core, the interior has been designed to meet the challenges of an active lifestyle. It combines a dynamic 5 + 2 seat profile with a spacious, modern interior, one which features two display screens and a new centre console. This ensures that everyone enjoys the refined and luxurious environment.

VERSATILITY

THE WHOLE TEAM CAN RELAX

Having a car full of people is no problem for Discovery Sport. Our 5 + 2 seats combine comfort with outstanding versatility. The slide and recline function of the second row provides even more flexibility – leaving everyone to unwind on their devices, watch a movie or simply relax in the comfort of their own space.

Vehicle shown is HSE in Byron Blue with Acorn Windsor leather seats and optional features fitted (market dependent).

AS VERSATILE AS YOUR LIFE DEMANDS

Discovery Sport helps you carry items of all shapes and size with absolute ease. Plenty of storage throughout the cabin means there's always a place for you to put your phone or other small items. There's a handy cubby box with ample room and, in the back of the vehicle, a choice of stowage solutions are available.

CENTURION

FLEXIBLE FOR ALL

Versatile and convenient - with wireless charging, multiple USB ports and the Click and Go Accessory System, Discovery Sport makes life that little bit easier and more enjoyable. Outstanding loadspace capacity can easily accommodate your luggage, shopping, or any other kit. So, wherever you're seated, or whatever you want to carry, you can just relax.

Vehicle shown is HSE in Byron Blue with Acorn Windsor leather seats and optional features fitted (market dependent).

PERFORMANCE AND CAPABILITY

A CHOICE OF ENGINES

Our wide range of engines means there's one to suit every need. They're all beautifully engineered and use advanced technologies to deliver smooth performance, whilst their intelligent Stop/Start system is designed to improve fuel efficiency and reduce emissions. Mild Hybrid Electric Vehicle (MHEV)* technology harvests and stores energy normally lost during vehicle deceleration and intelligently redeploys it to assist the engine to maximise efficiency. Please see pages 54-55 for more details.

*Only available with Petrol engine.

Vehicle shown is R-Dynamic HSE in Firenze Red with Light Oyster/Ebony Windsor leather seats and optional features fitted (market dependent).

EFFORTLESS ANYWHERE

There are times in life when the inherent capability of a Land Rover truly comes into its own. Like now. Traversing the bank of a muddy road would scare most people off, but your vehicle comes with Terrain Response 2. This automatic system monitors your driving conditions and selects the most suitable terrain setting, making easy work of the rough and varying surfaces.

Vehicle shown is HSE in Byron Blue with optional features fitted (market dependent).

Your Discovery Sport has All Wheel Drive and Hill Descent Control to make the hardest of drives seem effortless and with All Terrain Progress Control (ATPC), you can maintain a steady speed in the most challenging conditions. With up to 1 651 l of loadspace, there's room to spare. So no matter what you get up to, your vehicle can rise to the challenge.

Vehicle shown is R-Dynamic HSE in Firenze Red with optional features fitted (market dependent).

TAKE THE LONG WAY HOME

There's nothing quite like the on-road performance of a Land Rover. Every AWD Discovery Sport uses a Torque Vectoring by Braking system which maximises control and handling even through the tightest of corners. It does so via the calculated braking of the inside wheels, holding you on the road.

Vehicle shown is R-Dynamic HSE in Firenze Red with Light Oyster/Ebony Windsor leather seats and optional features fitted (market dependent).

TECHNOLOGY

YOUR WORLD AT YOUR FINGERTIPS

In such a fast-paced world, we know how important it is to stay connected. That's why Discovery Sport features a range of customisable technologies, like Touch Pro, our state-of-the-art infotainment system that gives you all the information you need. The optional 31.24 cm (12.3) high-definition Interactive Driver Display shows an array of driving information and safety data. This includes a full-screen map as well as the use of your phone and other media. There's even a voice recognition system which can be used to set your journey's destination or make a phone call. This all helps you keep your eyes on the road ahead - which is exactly where your focus should be.

All in-car features should be used only when safe to do so. Drivers must ensure they are in full control of the vehicle at all time.

ALWAYS CONNECTED

Staying connected has never been so easy. Whether it's listening to the latest podcast or finding the perfect parking spot, our Smartphone Pack allows you to connect your phone's apps with Discovery Sport's Touchscreen, so you can access your choice of entertainment on the move.

All in-car features should be used by drivers only when safe for them to do so. Drivers must ensure they are in full control of the vehicle at all times.

Vehicle shown is R-Dynamic HSE in Firenze Red with Light Oyster/Ebony Windsor leather seats and optional features fitted (market dependent).

CONNECT WITH YOUR VEHICLE REMOTELY

It's late afternoon and your two children have just finished their last match of the season. Using the Remote App, you pre-heat the cabin to the perfect temperature, ensuring Discovery Sport is truly welcoming. Through the app, you can also check journey distance, ensure your vehicle's locked, and easily find wherever you left it.

InControl features, options and their availability remain market dependent – check with your Land Rover Retailer for local market availability and full terms. Information and images displayed in relation to the InControl technology, including screens or sequences, are subject to software updates, version control and other system/visual changes depending on options selected. Mobile network connectivity cannot be guaranteed in all locations. Remote App will need to be downloaded from the Apple/Play Store.

All in-car features should be used by drivers only when safe for them to do so. Drivers must ensure they are in full control of the vehicle at all times.

Vehicle shown is HSE in Byron Blue with Acorn Windsor leather seats and optional features fitted (market dependent).

HOW DOES MUSIC MAKE YOU FEEL?

Music has the power to change your mood, evoke memories and affect your wellbeing. It can give you tingles or make you cry. It's why music and cars go so well together. Sitting behind the wheel, listening to your favourite artist, band or composer. It's your space. Your world.

But what if you could do more than simply listen to the music? What if you could feel it, experience it, immerse yourself in it? What if you could make more of a connection with the music and enjoy a greater sense of acoustic involvement in your Land Rover?

British-based Meridian™ Audio are all about the musical experience – the very sense of being there. Their award-winning, precision-engineered audio systems are built on a lifetime of research into psychoacoustics (the science of how the human brain perceives sound) to deliver a performance that is so true to life, you feel every beat, every breath.

Meridian is a registered trademark of Meridian Audio Ltd.

Vehicle shown is HSE in Byron Blue and optional features fitted (market dependent).

Interior shown is R-Dynamic HSE with Light Oyster/Ebony Windsor leather seats and optional features fitted (market dependent).

WITH MERIDIAN™, YOU'LL FEEL MORE

We're not simply talking about increasing the volume levels. It's more about managing the sound stage; intensifying the levels of depth, clarity and realism of the music by using a combination of advanced acoustic technology and strategically positioned speakers, to produce an audio platform that is exactly right for your Land Rover's interior.

So wherever you sit in the vehicle - driving seat, passenger seat or rear seat - with a Meridian system, you get the same incredible experience. Each strike of the piano, every guitar pick, horn blast, chorus and melody reveals itself with precision and texture, just as the artist intended. It's intimate, dramatic and very atmospheric - whether you're off-road or stuck in rush-hour traffic.

1 | SOUND SYSTEM

Exceptional acoustics and audio range with high-quality definition through six speakers.

6 SPEAKERS 180 W AMPLIFIER POWER

2 | MERIDIAN™ SOUND SYSTEM

Feel the rhythm of the music with exceptional definition, crystal-clear highs and full, deep bass with this classic audiophile soundstage. Through the careful management of door-mounted speakers placed nearest your seat, you'll enjoy a performance that is incredibly smooth, clean and free of strain.

10 SPEAKERS 1 SUBWOOFER 380 W AMPLIFIER POWER

DIGITAL SIGNAL PROCESSING

Tailors the sound signals for a seamless audio output. Acting as the conductor of the orchestra, it ensures perfect harmonisation between speakers.

MERIDIAN CABIN CORRECTION

This unique system analyses the cabin shape, acoustics and resonance characteristics of your vehicle to remove any potential noise interference. Whether listening to your favourite band or audiobook, it's heard with the utmost clarity. Exactly as it should be.

MERIDIAN DIGITAL DITHER SHAPING

Instantly converts the format of your streaming device to an optimised playback method, shaping it to make sure it plays just as smoothly and authentically as the original recording.

CENTRE CHANNEL SPEAKER

Adds depth and life to your music - particularly the vocals, which sound beautifully crisp and clear. So when you listen to your favourite artist, it's like they're singing directly to you.

SUBWOOFER

The dual-input subwoofer on a Meridian sound system brings a deeper, richer and more controlled bass sound.

Meridian is a registered trademark of Meridian Audio Ltd.

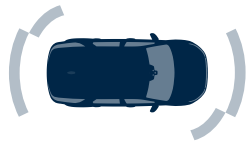

IT'S LIKE HAVING AN EXTRA PAIR OF EYES

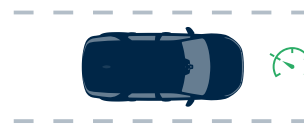

Discovery Sport has been built using our most advanced technologies and safety features to date. All of which help make getting around town and parking easier, and driving on motorways that bit more enjoyable. For instance, should you unintentionally drift lanes, Lane Keep Assist helps you to keep yourself in position by applying a corrective torque to the steering wheel, encouraging you to guide your vehicle back. And wouldn't an extra pair of eyes that help to correct the slightest lapse make you feel more confident?

The more you use these technologies, the more you'll find they don't take over your drive, they simply help take the stress out of it - that's got to be good. Full details of our Park Assist features are on page 43.

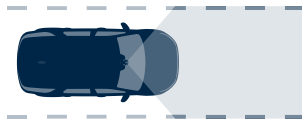

Interior shown is R-Dynamic HSE with Light Oyster/Ebony Windsor leather seats and optional features fitted (market dependent).

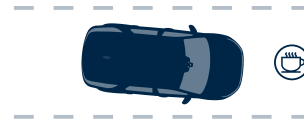

Front and Rear Parking Aid uses sensors located in the front and rear bumpers, which will help make manoeuvring that little bit easier.

Cruise Control and Speed Limiter allows the driver to maintain the current speed of the vehicle without the need for continued use of the accelerator pedal, helping to reduce driver fatigue. The Speed Limiter will also allow the driver to preset a maximum specified speed which the vehicle will not exceed. Both functions can be easily turned on or off by the driver as desired.

Lane Keep Assist detects when your vehicle is unintentionally drifting out of lane and will apply a corrective torque to the steering wheel, to encourage you to guide your vehicle back.

Driver Condition Monitor detects when you're starting to feel drowsy and gives an early warning to take a break.

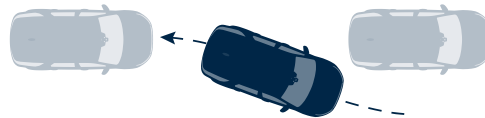

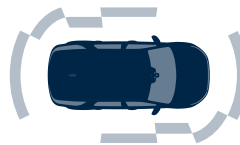

PARKING ASSISTANCE

Trying to manoeuvre into those tight city spaces can be a real challenge. Luckily, our park assist features include a range of technologies, helping you to enjoy hassle-free parking, every time.

Vehicle shown is R-Dynamic HSE in Firenze Red with optional features fitted (market dependent).

Park Assist makes parallel and bay parking easier by steering your vehicle into a suitable place. You just have to select the appropriate gear and control the vehicle's speed.

360° Parking Aid uses sensors located around the vehicle to indicate how close you are to obstacles via the Touchscreen display and audio feedback.

SAFER, EASIER, MORE VISIBLE

Is the boot piled high with sports kit and you can't see a thing through the rear window? Not a problem. ClearSight interior rear view mirror* has a specially positioned camera which provides a live video image to your rear view, so that when you're reversing out of a parking space, you have an unobstructed view of anything that's behind.

*Only available with R-Dynamic SE.

Vehicle shown is HSE in Byron Blue with Acorn Windsor leather seats and optional features fitted (market dependent).

SAFETY

SAFETY, FIRST AND LAST

Our vehicles' enviable reputation for looks, capability and versatility amount to nothing without the highest standards of safety. That's why we incorporate such features as Roll Stability Control and Emergency Brake Assist to help you stop in time.

There are also six airbags throughout the vehicle, and the ISOFIX and top tether brackets will support the latest and safest child seats. Located in both the front and rear, the ISOFIX fit points are readily accessible, making it easy to install child seats. Our vehicles benefit from a 5* Euro NCAP rating, which is the pinnacle of safety standards. Should you ever need further assistance, standard features such as Land Rover Optimised Assistance ensure you get the right help with minimum disruption to your journey. It may sound like a lot of tech terminology, but it can be summed up in two words: greater protection. For you and your family.

Vehicle shown is R-Dynamic HSE in Firenze Red with Light Oyster/Ebony Windsor leather seats and optional features fitted (market dependent).

BRIGHTER LIGHTING

New Discovery Sport's all-new premium LED headlights with Daytime Running Lights and rear LED lights are fitted as standard. This technology produces a highly focused beam that's closer to the colour of daylight and helps you distinguish objects more easily. This means you don't strain your eyes as much or tire as readily as you do with conventional night-time driving. Premium LED lighting with signature DRL features twice as many LEDs so you can see even greater detail in the dark.

DISCOVERY SPORT OFFERS AN EXCLUSIVE RANGE OF CHOICES THAT ALLOW YOU TO PERSONALISE YOUR VEHICLE.

The following pages take you through a logical series of steps to personalise your Discovery Sport. You have a number of choices, from selecting your model and engine, to exterior and interior colours, wheels, finishes and those detailed touches that make the vehicle your own.

You can start with our online configurator at landrover.in

52-53

1

**STEP 1
CHOOSE YOUR MODEL**

If you would like to specify your own vehicle, turn to page 52 where you can compare the standard features across Discovery Sport and Discovery Sport R-Dynamic.

54-55

2

**STEP 2
CHOOSE YOUR ENGINE**

You can select from a choice of 2.0 l diesel or petrol engines.

56-57

3

**STEP 3
CHOOSE YOUR SPECIFICATION PACK**

You can individualise your Discovery Sport even further from a choice of superbly designed and engineered premium specification packs.

58-61

4

**STEP 4
CHOOSE YOUR EXTERIOR**

There's a wide range of exterior options to select from, including roof styles and paint colours. All of these enable you to truly express yourself.

64-67

5

**STEP 5
CHOOSE YOUR INTERIOR**

Now you have chosen your model, you can select the perfect combination of interior colours.

68-73

6

**STEP 6
CHOOSE YOUR OPTIONS AND
LAND ROVER GEAR**

You can choose from a wealth of line-fit options to create the exact vehicle you require. A range of accessories which your Retailer can fit is also available.

1 | CHOOSE YOUR MODEL

To help you choose between the Discovery Sport or Discovery Sport R-Dynamic models, this guide provides the standard features across both models, plus the additional features you will get should you select Discovery Sport R-Dynamic.

Configure your Discovery Sport at landrover.in

The Bluetooth word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Land Rover is under licence.

Android™ is a trademark of Google Inc. Apple CarPlay® is a registered trademark of Apple Inc., registered in the US and other countries.

2 | CHOOSE YOUR ENGINE

WHICH ENGINE IS RIGHT FOR YOU?

Petrol and diesel engines offer different strengths to suit different customer use cases.

Diesel engines offer better fuel economy over longer distances and produce more torque, which makes them the ideal choice for longer journeys, motorway cruising, towing or off-roading. Our new diesels feature such advanced technologies that they are now as clean as petrol, but also emit less CO₂.

Petrol engines are typically more powerful and produce higher revving, which can provide a more engaging and sporting driving experience. They are more refined and are better suited to shorter, stop-start journeys.

Configure your Discovery Sport at [landrover.in](https://www.landrover.in)

DIESEL ENGINES

D180

All Wheel Drive Automatic

The 2.0 l 4-cylinder 132 kW Turbocharged Diesel engine produces 430 Nm of torque and is optimised to deliver improved drivability and refinement.

- The high-pressure common rail direct fuel injection, exhaust variable cam timing and a high-efficiency water-cooled intercooler work in combination for a clean, efficient combustion.
- 430 Nm of torque is delivered over a wide engine speed range from 1 750-2 500 r/min, delivering accessible performance and strong acceleration.
- The engine features a variable geometry turbocharger that adapts to the changing flow of exhaust gases for high torque throughout the rev range and responsiveness that is uniform, progressive and reduces lag.

PETROL ENGINES

P250

All Wheel Drive Automatic

The 2.0 l 4-cylinder 183 kW Turbocharged Petrol engine produces 365 Nm of torque and delivers impressive fuel economy and drivability.

- The intelligent Continuously Variable Valve Lift (CVVL) system varies the extent to which inlet valves are opened, reducing engine pumping losses. This lets the engine 'breathe' with maximum efficiency, optimising power and torque.
- CVVL works in combination with dual independent variable cam timing for ultimate operating flexibility, resulting in excellent power and fuel economy across the rev range.
- For excellent acceleration and effortless overtaking, maximum torque is available between 1 500-4 500 r/min.
- The twin-scroll turbocharger is fed by an integrated exhaust manifold which increases the transfer of energy to the turbine - significantly reducing turbo lag and improving engine response.

CHOOSE YOUR INTERIOR – SEAT CONFIGURATION

60:40 second row seats with slide and recline

These seats have forwards/backwards movement of 160 mm, allowing truly flexible use of space for luggage or to maximise passenger legroom. The seats can also recline to provide even greater comfort.

5 + 2 seating

A neatly integrated third row of seats can be specified to give you even more versatility. These seats are ideal for children and teenagers, or adults on short journeys.

They are easily accessed by tipping and sliding forward the second row seats. When folded, the third row seats leave a flat floor in the luggage compartment as if it were a five-seat model.

6 | CHOOSE YOUR OPTIONS AND LAND ROVER GEAR

SELECT YOUR OPTIONS

A wealth of line-fit options are available to select at the point of ordering your new vehicle to help you express your individuality and tailor your Discovery Sport with the premium features you require. For full feature and option availability please refer to the Specification and Price Guide or visit your local Land Rover Retailer.

Configure your Discovery Sport at landrover.in

EXTERIOR FEATURES

Headlights and lighting - see page 49.

INFOTAINMENT

Infotainment - see pages 31, 53 and 57

Connectivity - see pages 31-32

Audio - see pages 36-39.

SELECT YOUR LAND ROVER GEAR – ACCESSORIES

A range of stylish, tough and practical accessories are available, bringing you the opportunity to personalise your Discovery Sport even further. These accessories can be purchased through your local Land Rover Retailer and added at any stage during the vehicle's life - not just when it's new. Naturally, Land Rover accessories are designed, tested and manufactured to the same exacting standards as the original equipment fitted to your vehicle.

For more information and a complete list of options and Land Rover Gear, configure your Discovery Sport at landrover.in

FUNCTION & TECHNOLOGY

Tailgate seat

Removable moulded tailgate seat provides convenient seating on the rear loadspace lip for occasional use. Sitting over the rear tailgate retaining to the loadspace floor, it is supplied with a branded Land Rover stowage bag that secures against the second row seat back, for convenient stowage when not in use.

Sunshades

Side windows - Second row

Side windows - Third row

Easy to install or remove, these sunblinds provide increased comfort, helping to protect passengers from heat and glare of the sun.

Windscreen sun shield

UV windscreen sun shield reflects the sun's rays and helps to keep the vehicle's interior cool in hot weather.

Centre armrest cooler/warmer box

Food and drinks cooler and warmer that acts as a rear centre armrest. With a leather-covered top, it is held in place by the centre seat belt and powered from the rear auxiliary socket. Ideal for long journeys with the family.

Tailgate seat

EXTERIOR STYLING

Fixed side steps*

The side step aids entry and exit to the vehicle and improves access to the roof. Design features include Bright Stainless Steel edge trim and a rubber tread mat.

Mirror Covers - Noble Chrome

Noble Chrome Mirror Covers designed to enhance the Discovery Sport's exterior styling. This neat styling upgrade complements the various exterior trims.

Bright side tubes*

Highly Polished Stainless Steel side tubes provide an off-road inspired appearance, designed to complement the vehicle's exterior style.

Bright body side moulding

Enhances the side of your vehicle and provides protection for your door panels from accidental damage by adjacent vehicles.

Fixed side steps

*Fitting of side steps or side tubes may affect the off-road capability of the vehicle.

Options specified may affect vehicle efficiency and pricing due to local taxation policy. Please configure at landrover.in or check with your local Land Rover Retailer.

INTERIOR STYLING

Sport pedal covers

Bright Stainless Steel sport pedal covers are easy to fit and feature hidden fixings for a clean finish.

Gearshift paddles - Aluminium/Aluminium Red

Complete the look and feel of your steering wheel with premium aluminium paddles. Gearshift paddles are machine polished, anodised and hand brushed to provide exceptional wear resistance with a premium finish.

Sill treadplates - illuminated

Sill treadplates featuring illuminated Discovery script for driver and front passenger sides of the vehicle.

Premium carpet mats

Luxurious, tailored, deep pile 780 gm² carpet mat set, with waterproof backing, provide a well-appointed finishing touch to the interior.

Sill treadplates - illuminated

PET PRODUCTS

Quilted Loadspace Liner

This tailored liner covers and protects all the carpeted areas of the loadspace area including the floor, second row seat backs and loadspace side walls. Manufactured from a soft quilted fabric, with an integral rubber base and detachable bumper protector it is easy to wipe clean, making it ideal for owners who regularly carry dogs or other pets in the loadspace area of their vehicle.

Spill Resistant Pet Bowl

Providing a convenient solution for use in transit or outside of the vehicle, the Spill Resistant Pet Bowl incorporates a clever design feature which redirects water towards the centre of the bowl when the water is disturbed, making it ideal for owners who regularly carry dogs or other pets in their vehicle.

Portable rinse system

Designed to be used outside the vehicle, the portable rinse system provides a convenient solution for washing pets before loading or rinsing down other equipment from bikes to wetsuits. Depending on the setting selected, this portable rinse system will deliver a minimum of two minutes of continuous water flow through a shower hose style attachment. Without the need for batteries or external power, the system utilises pressure captured when filling from a tap, and an integrated hand pump allows the user to pressurise if filling the water tank away from home. Featuring a Land Rover branded cover and handle.

Foldable Pet Carrier

The Foldable Pet Carrier provides a safe, comfortable environment for the transportation of pets, making it ideal for owners who regularly carry dogs or other pets in the loadspace area of their vehicle. Reinforced carry handles and corner pieces provide a premium finish, with a side pocket providing a convenient stowage option for other pet accessories or small items.

Pet Access Ramp

Designed with optimal dimensions and angle, the Pet Access Ramp assists pets into the loadspace area without the owner having to lift them, making it ideal for owners who regularly carry dogs or other pets in the loadspace area of their vehicle.

Portable rinse system

INTERIOR PROTECTION

Loadspace liner tray

Semi-rigid waterproof loadspace liner tray with a raised lip on three sides to protect loadspace floor and side wall carpets from dirt or wet equipment.

Loadspace Rubber Mat

Waterproof rubber mat helps to protect the rear loadspace carpet from general dirt.

Luxury Carpet Mats

Luxurious, tailored, deep pile 2 050 gm² carpet mat set, with waterproof backing, provide a well-appointed finishing touch to the interior.

Luggage partition¹ - Full height or half height

Designed to prevent luggage from entering the passenger compartment. The design of the luggage partition has been optimised to second row seating featuring tilt functionality.

Luggage partition divider

The divider can be fitted to the luggage partition to separate the loadspace into two sections.

Loadspace partition divider

CARRYING

Tow Bar Mounted Bike Carrier

The Tow Bar Mounted Bike Carrier features a one-hand, quick attach/release tow bar coupling mechanism and can be tilted away from the vehicle, by use of a foot pedal, to allow easy access into the rear tailgate. The tailgate can be opened with carrier in deployed/folded position. Manufactured from aluminium and other lightweight materials, the bike carrier also features a rear lighting and licence plate mount and it is lockable for security. The carrier has a folding/sliding mechanism to allow ease of stowage when not in use. A holder and ratchet function ensure bicycles are safely secured. Maximum load capacity 40 kg for 2 bikes and 51 kg for 3 bikes (maximum per bike 20 kg).

Wheel Mounted Bike Carrier²

Wheel mounted, lockable bike carrier designed for holding a single bike, up to 20 kg.

Luggage roof box^{2,3}

Roof mounted luggage box with Gloss Black finish. Opens from both sides and is lockable for security. Includes power-grip mounting for easy and quick fixing to the roof bars. External dimensions: 1 750 mm long, 820 mm wide, 450 mm high. Volume 410 l. Maximum payload 75 kg.

Aqua Sports Carrier^{2,4}

Carries a sailboard, canoe or kayak. Includes lockable multi-purpose holder to carry oars or paddles. Tilts to facilitate easy loading/unloading. Features lockable straps and rubber supports to maintain optimum weight distribution whilst protecting the kayak and vehicle from scratches/scuffs. Maximum load capacity 45 kg.

Ski/Snowboard Carrier^{2,4}

Carries four pairs of skis or two snowboards. Incorporates slider rails for easy loading, and is also lockable for security. Maximum payload 36 kg.

Wheel Mounted Bike Carrier

Consideration should always be given to vehicle's maximum roof load capacity to ensure this is not exceeded.

Objects placed above the roof mounted satellite antenna may reduce the quality of the signal received by the vehicle and could have a detrimental effect on the navigation and satellite radio systems, if fitted.

Options specified may affect vehicle efficiency and pricing due to local taxation policy. Please configure at landrover.in or check with your local Land Rover Retailer.

THE WORLD OF LAND ROVER

Your Land Rover has been designed and engineered to help you make more of your world. It can take you to places other vehicles simply can't reach, in a style that cannot be matched. To celebrate the Land Rover lifestyle, we've put together a range of experiences, publications and the Land Rover Lifestyle Collection. There's a world to explore. Get out there and enjoy it.

EXPERIENCE DRIVES

Bring out your adventurous side and experience Land Rover's legendary capability for yourself. Under the expert guidance of a world-class instructor, head to the most exciting and challenging off-road terrains and take the vehicle to its limits.

landrover.in/experiences

ADVENTURE TRAVEL

From the sheer exhilaration of the Arctic ice to the awe-inspiring dunes of Namibia, Land Rover Adventure Travel offers you once-in-a-lifetime experiences that bring the spirit and emotion of our vehicles to life.

BRAND PARTNERSHIPS

Integrity. Courage. Pride. These are the values that Land Rover shares with its partners. Whether it's the Invictus Games, Virgin Galactic, or the British and Irish Lions, each one is driven by exceptional people. Those who push their capabilities to the very limits and champion the determination to go above and beyond.

landrover.in/experiences/sponsorship

HUMANITARIAN PARTNERSHIPS

Since 1954, Land Rover is proud to have supported the incredible humanitarian work of the International Federation of Red Cross and Red Crescent Societies (IFRC). Through vehicles, funding and combined expertise, this ambitious global partnership has helped to transform the lives of over one million people, across four continents.

YOUR PEACE OF MIND

CUSTOMER SERVICE

When you bring your Land Rover to us, we use cutting-edge diagnostic equipment to assess all your vehicle's mechanical and electronic systems. Our qualified Technicians use tools specifically designed for our vehicles and only fit genuine Land Rover parts and Gear Accessories. A choice of service plans are available which, together with Roadside Assistance, ensure complete peace of mind.

For further details contact your local Land Rover Retailer or search 'Land Rover Ownership'.

LAND ROVER ROADSIDE ASSISTANCE

Land Rover Assistance provides assistance in motoring emergencies, from immobilisation due to breakdown or accident, to minor problems such as punctures. You can rely on our roadside assistance, whatever the situation, wherever you happen to be.

For further details please consult your Warranty Benefits handbook, contact your nearest Land Rover Approved Service Centre or search 'Land Rover Roadside Assistance'.

LAND ROVER FINANCIAL SERVICES

Getting the keys to your very own Land Rover has never been so simple. And it's more affordable than you might think. New or used, for personal or business use, we have an option that puts you in complete control.

For further details contact your local Land Rover Retailer or search 'Land Rover Finance'.

FLEET & BUSINESS

Land Rover is dedicated to being the premium manufacturer of choice for fleets and businesses, by providing a highly attractive range of vehicles and exemplary customer service. Distinctive, capable and versatile, all Land Rover vehicles deliver low Total Cost of Ownership through strong residual values, competitive service, maintenance and repair costs, and impressive fuel economy and CO₂ emissions.

We are also committed to providing a totally customer-focused aftersales service, which will ensure every Land Rover vehicle is kept on the road and in top condition, in the easiest and most cost-efficient way for businesses.

Search 'Land Rover Fleet and Business' for full details.
