

THE MERCEDES-BENZ E-CLASS

EVOLVES WITH YOU

Evolution is constant.

It's in the here and now.

Evolution is equal parts,

exciting and rewarding,

universal and personal.

Your evolution is yours to define.

Every move you make, adds to it.

Every win, embellishes it.

Evolution is the true measure

of how far you've come,

and how far you'll go.

And what legacy you leave behind.

The all-new Mercedes-Benz E-Class LWB.

Evolves with you.

HIGHLIGHTS

MBUX Superscreen

Intuition takes a new form. Two stunning displays blend into a seamless interactive surface.

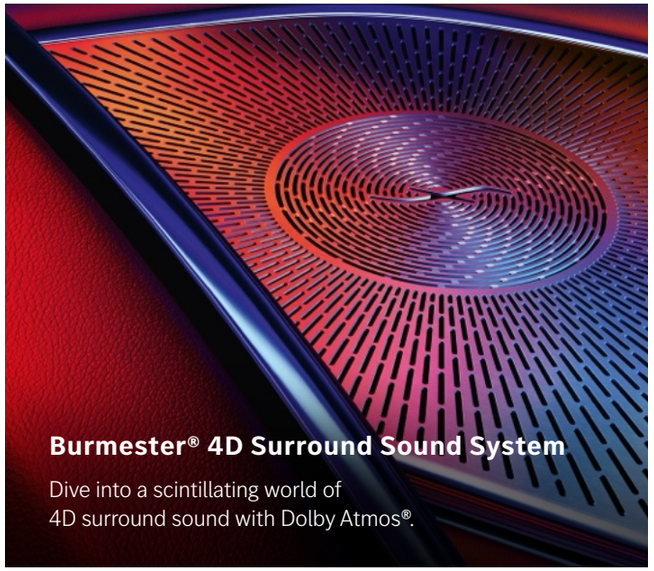

MBUX Routines

The innovative MBUX routines provide personalised, intelligent suggestions for comfort and entertainment.

Reclining Seats

Lean back into a new dimension of comfort with best-in-class 36° recline and comfort headrest neck pillows.

Burmester® 4D Surround Sound System

Dive into a scintillating world of 4D surround sound with Dolby Atmos®.

Digital Light (Available with the E 450 4MATIC only)

Illuminate the way forward with over 1 million pixels per headlight and intelligent light modes.

CELEBRATING 140 YEARS OF REDEFINING YOUR COMFORT ZONE.

The Mercedes-Benz E-Class LWB 140 Years Celebration Edition

Crafted to mark a historic milestone, the E-Class Celebration Edition is an evolution of executive luxury.
Experience a sophisticated suite of enhancements that honour a legacy of leadership through innovation and comfort.

Mercedes-Benz Dashcam

Rear Seat Entertainment System

Rear Seat Cushions

140 Years Celebration Delivery Hamper Box

EXTERIOR DESIGN

CRAFTED FOR COMFORT.

VARIANTS

Available with E200 and E220d only

AVANTGARDE EXTERIOR

The standard AVANTGARDE exterior features stylish design elements like chrome accents and a radiator grille with a Mercedes-Benz pattern. Your vehicle embodies the essence of an exciting business class.

- AVANTGARDE Design
- Chrome accents on the front and rear aprons, beltline and window line
- Decorative front air inlets and rear tailpipe trims
- Bonnet with power domes
- Radiator grille with central Mercedes Star and chrome detailing

Available with E450 4MATIC only

AMG LINE EXTERIOR

The AMG Line Exterior boasts a powerful styling with an A-wing AMG front apron and a diffuser rear apron. 18-inch AMG light-alloy wheels emphasise your vehicle's athleticism, even when stationary. This is how you express your preference for expressive design.

- AMG Line front and rear bumper
- 45.7 cm (18") AMG 5-twin-spoke light-alloy wheels
- Brake system with larger brake discs on the front axle
- Radiator grille with single louvre and central Mercedes Star

MAIN GRILLE WITH STAR PATTERN

Radiator grille with central Mercedes Star, surround, Mercedes-Benz pattern and trim element on the single louvre in chrome.

3D STAR DESIGN TAIL LAMPS

Crowning touch: The 2-section rear lights have been completely reinterpreted – they are characterised by their contour as well as their unmistakable interior. The light functions are integrated to form an unmistakable Mercedes-Benz light signature.

DIGITAL LIGHT

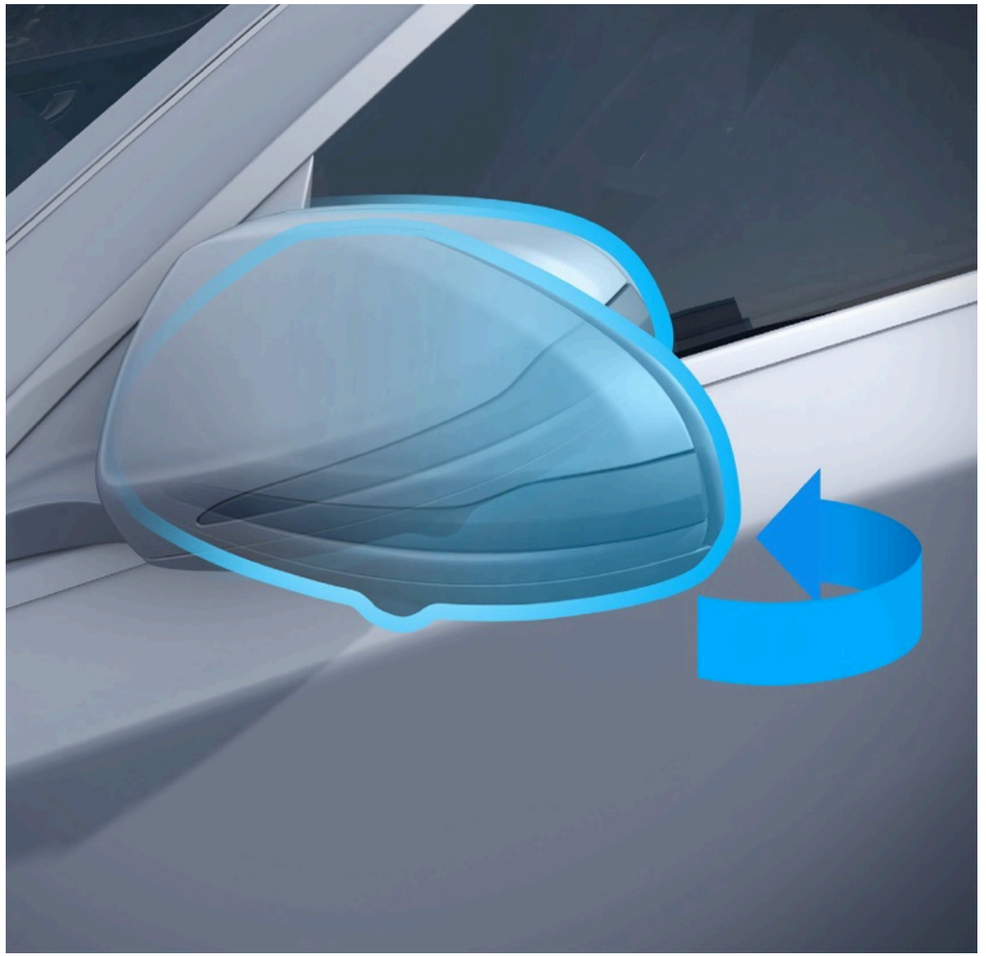

(Available with the E 450 4MATIC only)

Impressive HD system with over 1 million pixels per headlight, including intelligent light modes, topography compensation and ULTRA RANGE high beam. The DIGITAL LIGHT constantly adapts the road lighting to the lighting conditions, the traffic situation, the road surface and the weather for you. The HD system works like a projector and calculates the lighting with pixel precision. The ULTRA RANGE high beam can make your driving experience safer.

PANORAMIC SLIDING SUNROOF

Light-flooded glass roof with electric roller sunblind and comfort opening. With the light-flooded panoramic sliding sunroof, you will experience a fascinating feeling of freedom and a pleasantly bright ambience in the interior. From the outside, your vehicle looks particularly exclusive.

FLUSH-FITTING DOOR HANDLES

Automatically retractable and extendable door handles. The flush door handles blend seamlessly into the bodywork and complete the elegant appearance of your vehicle. The handles extend automatically when you are in the immediate vicinity of the vehicle during unlocking. As soon as you lock the vehicle or drive off, the handles also retract.

MIRROR PACKAGE

The mirror package includes electrically folding exterior mirrors and surround lighting with projection of brand logo. Electrically folding exterior mirrors protect your vehicle from damage when parked. In addition, the surround lighting with projection of the Mercedes-Benz logo makes it easier to get in and out of the vehicle in the dark. Another plus point: the interior and exterior mirrors on the driver's side register headlights from behind and automatically dim them.

PAINT OPTIONS

Polar White

Obsidian Black

Verde Silver

Nautic Blue

ALLOY WHEELS

Available with E 450 4MATIC

45.7 cm (18-inch) AMG 5-twin-spoke light-alloy wheels painted in tantalite gray with a high-sheen finish.

Available with E 200 and E220d

45.7 cm (18-inch) 5-spoke light-alloy wheels painted in black with a high-sheen finish.

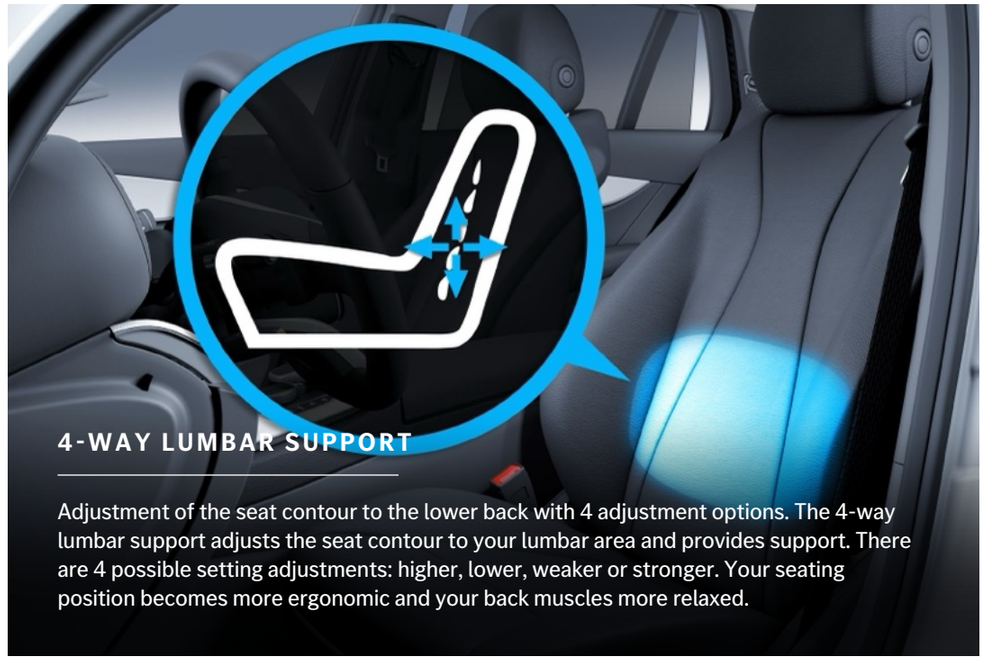

INTERIOR DESIGN

EXTRAORDINARY. INSIDE OUT.

MULTIFUNCTION STEERING WHEEL IN NAPPA LEATHER

Stylish 3-spoke steering wheel with galvanised silver chrome steering wheel, gearshift paddles and touch control panels. The multifunction steering wheel in nappa leather combines fine materials with innovative ease of operation. Use the touch control panels to operate the most important vehicle functions without having to take your hands off the steering wheel.

4-WAY LUMBAR SUPPORT

Adjustment of the seat contour to the lower back with 4 adjustment options. The 4-way lumbar support adjusts the seat contour to your lumbar area and provides support. There are 4 possible setting adjustments: higher, lower, weaker or stronger. Your seating position becomes more ergonomic and your back muscles more relaxed.

ELECTRIC ROLLER SUNBLINDS IN LEFT AND RIGHT REAR DOORS

Extendable roller sunblinds in the rear protect against direct sunlight and prying eyes. Together with the electric blinds for the rear window, they can noticeably reduce the heat effect in the interior. The retractable sun visors provide pleasant shade at the front.

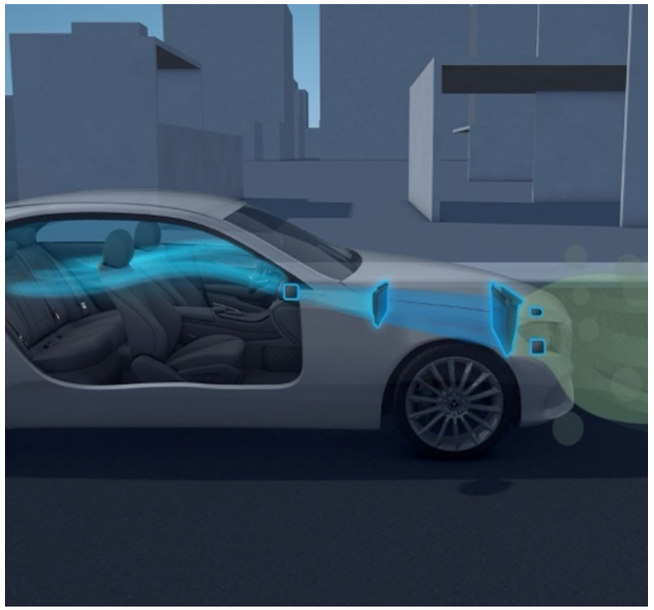

AMBIENT LIGHTING PREMIUM

With a total of 64 colours, the ambient lighting with indirect illumination provides the right light setting for you in almost any situation. In the 10 colour themes, the colours can also alternate spectacularly. The brightness of the LEDs can also be adjusted variably: It can be adjusted in 5 steps and 3 dimming zones.

MEMORY PACKAGE

Memory function with 3 memory options, e.g. for driver and front passenger seat, steering column and outside mirrors; including ENERGIZING seat kinetics. With the Memory Package, you can store and select up to 3 different seat positions. With just the touch of a button, you and your front passengers sit the way that suits each of you best. Your vehicle also remembers stored settings such as the position of the steering column and outside mirrors and adjusts them accordingly.

AIR PURIFICATION PACKAGE

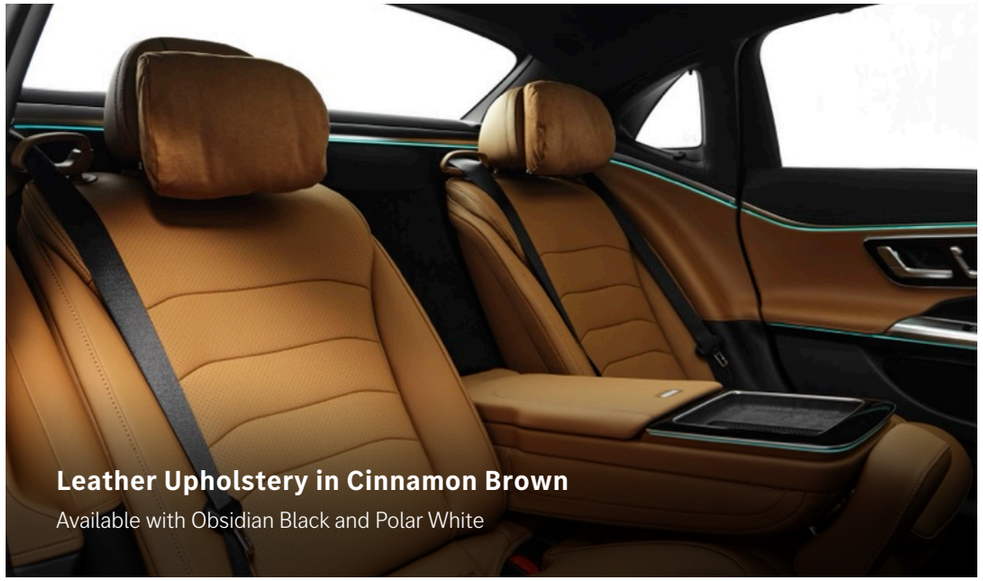

Air quality monitoring including two-stage filter concept. ENERGIZING AIR CONTROL monitors the air quality for you with the help of air quality and fine particle sensors. A two-stage filter concept reduces fine particles and the majority of other inhalable pollutants. Depending on the value measured, your vehicle switches intelligently between fresh air and air-recirculation mode.

THERMOTRONIC 4-ZONE AUTOMATIC CLIMATE CONTROL

Automatic climate control with 4 climate zones that create an individual feel-good climate on board. The driver, front and rear passengers can regulate the climate comfort to suit their needs.

UPHOLSTERY

Leather Upholstery in Cinnamon Brown
Available with Obsidian Black and Polar White

Leather Upholstery in Black/Anthracite
Available with Polar White (E200, E220d), Obsidian Black (E450 4MATIC)

Leather Upholstery in Beige
Available with Obsidian Black, Polar White, Nautic Blue and Verde Silver

CENTRE CONSOLE

Centre console in black piano painting

(Available with E450 4MATIC)

Open-pore black ash wood center console

(Available with E200 and E 220d)

POWERTRAIN AND CHASSIS

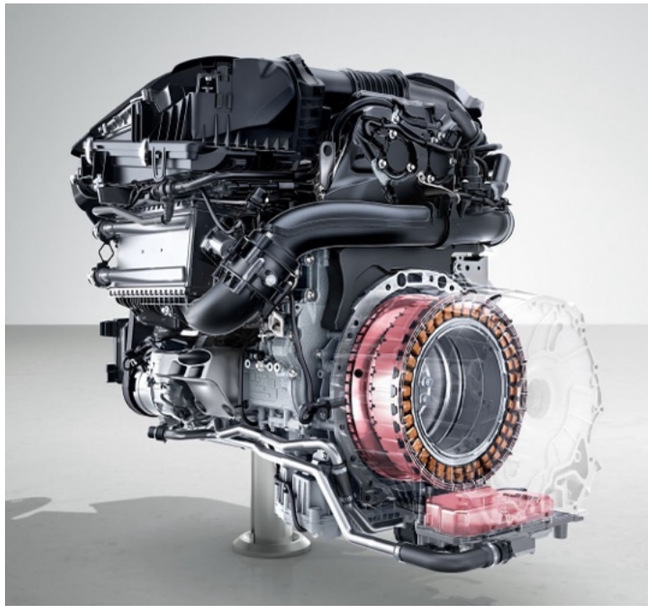

POWERED TO PERFORM.

ENGINE

M256M 6-CYLINDER IN-LINE PETROL ENGINE POWERS THE E 450 4MATIC

The improved power and torque of the M256M engine combines superior driving performance with the pleasant smoothness of a 6-cylinder in-line petrol engine. The electric auxiliary compressor delivers high torque even at low engine speeds, and the mild hybrid concept with integrated starter-alternator (ISG) provides additional boost while helping to save fuel.

M254 4-CYLINDER PETROL ENGINE WITH 48 V HYBRID SYSTEM POWERS THE E 200

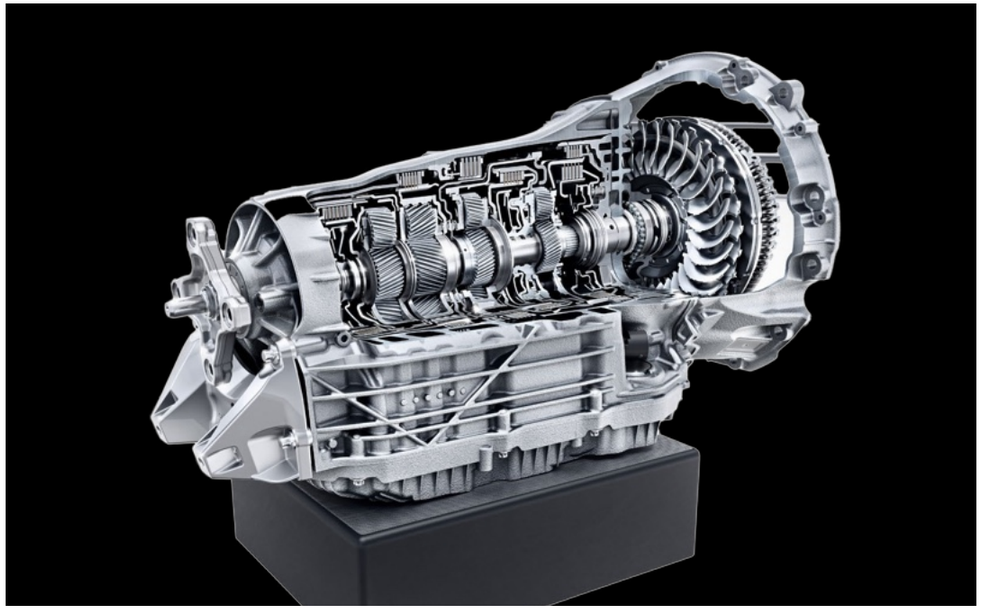

Tremendous pulling power even at low engine speeds - this is what distinguishes this advanced 4-cylinder petrol engine with mild hybrid and 48-volt on-board electrical system. Among other things, this supplies the integrated starter-alternator which is able to deliver additional torque of up to 205 Nm. Despite its temperament, the engine is fuel-efficient, low in emissions and has pleasantly smooth-running characteristics.

OM654M 4-CYLINDER DIESEL ENGINE WITH 48 V HYBRID SYSTEM POWERS THE E 220D

The 4-cylinder diesel engine with 48 V on-board electrical system gives a lot and needs little. Thanks to the mild hybrid concept with integrated starter-alternator (ISG), boost function and improved injection and turbocharging, power and torque have been further increased. Significantly reduced noise and vibrations bring the level of refinement to that of petrol engines.

TRANSMISSION & SUSPENSION

9G TRONIC

Automatic torque converter transmission with 9 gears for comfortable and efficient driving. The 9G-TRONIC automatic transmission takes over the gear changes for you in barely noticeable fashion. The 9 gears also make low revs possible. This reduces your fuel consumption and ensures a more pleasant noise level.

AGILITY CONTROL SUSPENSION WITH SELECTIVE DAMPING SYSTEM

The AGILITY CONTROL suspension with selective damping system combines balanced ride comfort and high driving stability. The passive damping system ensures a superior driving experience on any road surface. It continuously adapts rolling behaviour, cushioning effect and stabilisation to the current surface. The system adjusts the damping effect amplitude-wise to the road surface.

TECHNOLOGY

INTUITIVE IN EVERY INCH.

MBUX SUPERSCREEN

With the MBUX Superscreen, 2 displays merge under one glass surface. This gives your front passenger their own personal display and control area. Here the front passenger can watch films while on the move, use apps or participate in conferences with the selfie and video camera.

FRONT PASSENGER DISPLAY

The MBUX Superscreen supplements the 14.4-inch central display with a 12.3-inch touchscreen in the front passenger area. A continuous glass surface connects the two screens. It extends from the centre console across almost the entire width of the instrument panel.

BURMESTER® 4D SURROUND SOUND SYSTEM

With 17 speakers, 4 exciters and 730 watts of system power and Dolby Atmos®, you'll enjoy a unique 4D experience. Speaker-like exciters unfold the new dimension with a fascinating sound massage. Your vehicle can also play music in Dolby Atmos® quality - for a particularly touching and engaging surround sound.

WIRELESS CHARGING IN THE FRONT AND THE REAR

With the wireless charging system for mobile devices, you can conveniently charge smartphones which support inductive charging during the journey: all without special cables, connectors or holders – and irrespective of the brand and model. So, driving time becomes charging time.

FINGERPRINT SENSOR

With the fingerprint scanner you unlock access to your personal data. These include profiles or office and payment functions. Touching the colour-illuminated button is a quick and convenient way to identify yourself. This is secure and also more straightforward than entering a PIN. The fingerprint scanner is located below the central display.

MBUX ROUTINES

Templates: With the help of these templates, customers can experiment with the basic types of support that are possible with the help of artificial intelligence.

Self-created routines: Conditions can be attached to actions on the central display. For example, “If the interior temperature is below twelve degrees Celsius, switch on the seat heating and set the ambient lighting to warm orange.”

AI-generated routines: In the future, the aim is for the E-Class to fully automate recurring routine tasks if desired. Artificial intelligence (AI) will make this possible.

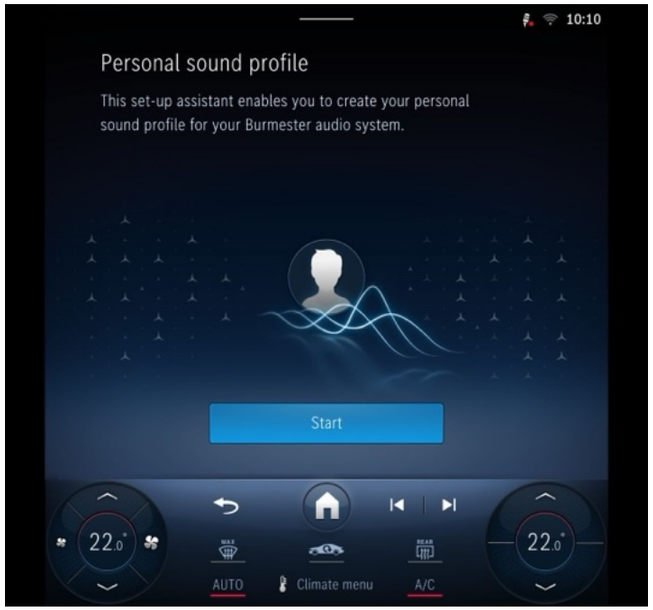

SELFIE CAMERA

Capture precious memories or join video conferences with the integrated camera on the instrument panel. The camera covers both the driver and front passenger side.

DYNAMIC SELECT

DYNAMIC SELECT changes the driving characteristics instantly. Whether dynamic in Sport mode, relaxed in the Comfort programme or particularly economical in ECO mode – you can decide how you want to drive at any time.

SOUND PERSONALISATION

Digital setup wizard for the perfect sound setup of your Burmester® sound system. A digital set-up wizard works with you to determine your music preferences and adjusts the Burmester® sound system to your wishes. It stores the result in a personal profile. This way you can easily achieve your perfect sound setup.

USB PACKAGE PLUS

A total of 6 fast-charging USB-C ports for your mobile devices. The passengers can conveniently charge mobile devices at a total of 6 USB-C ports. All onboard USB ports also have a fast-charging capability. Using devices connected in the front, you can also feed data such as your stored music into the multimedia system.

SAFETY & COMFORT

READY FOR THE ROAD.

CHAUFFEUR PACKAGE

The cabin space is effortlessly optimised through the electric movement of the co-driver seat directly from the rear side, creating extendable legroom on demand. Complete control and convenience are at your fingertips, featuring a rear center armrest equipped with a wireless charging pad, alongside rear electric sunblinds, a rear window blind, and a sunroof blind that can all be easily operated from either side door.

CLIMATISED SEATS

Pleasant seat climate in all weathers: The seat climate control has a refreshing effect with a large-area airflow and regulates moisture. On cool days, the seat heating brings the seats and backrests to a cosy temperature. Available in the front and rear seats (E450), and in the rear seats (E200 and 220d variants).

HANDS-FREE ACCESS

Contactless opening of the luggage compartment by a kicking motion under the rear bumper. With HANDS-FREE ACCESS, the boot lid opens without contact. For this, the sensor area beneath the rear bumper detects a kicking motion with your foot. This is particularly useful when you come back from shopping loaded up with heavy bags.

POWER CLOSING FUNCTION

Convenient electric tightening and closing of the vehicle doors. The servo closing function pulls your doors gently and silently into the lock. For this you only need to close the door as far as it starts to engage – and your vehicle will take over the rest for you.

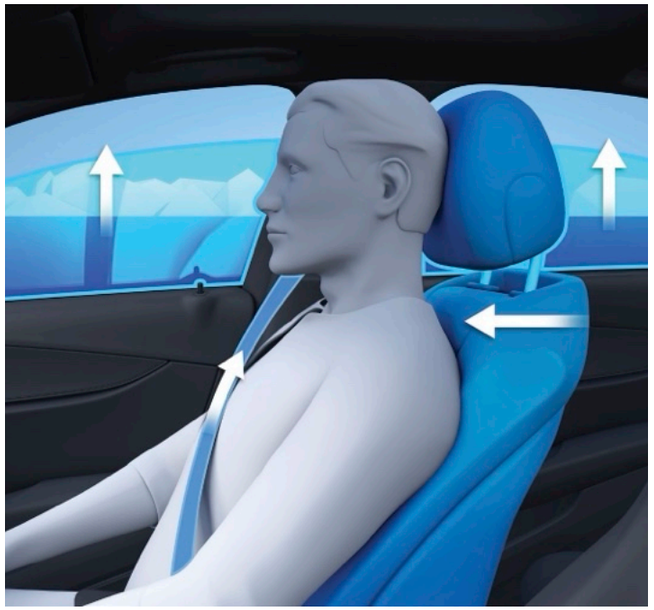

PARKING PACKAGE WITH 360° CAMERA

Comprehensive assistance during parking manoeuvre thanks to the 360° camera, Active Parking Assist and Parking Assist PARKTRONIC. The Active Parking Assist with 360°camera also makes it easier for you to find a parking space and then ease in and out of parking spaces. You have the choice: park the vehicle yourself with confidence thanks to all-round visibility – or simply have it parked for you.

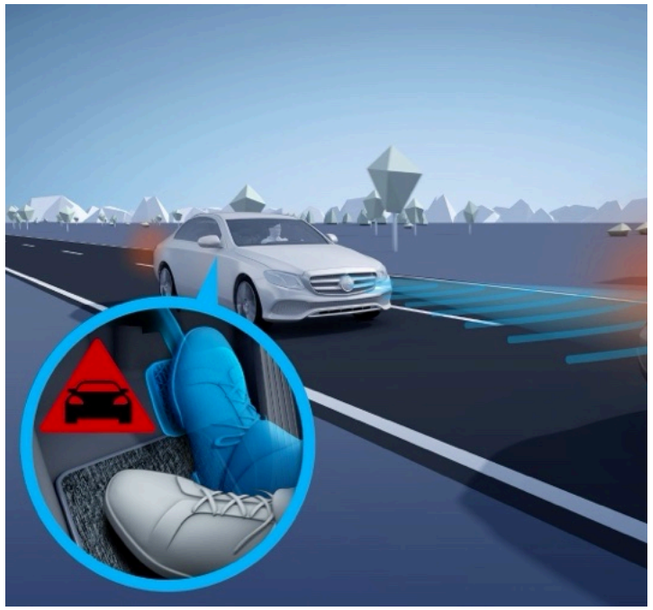

CUP HOLDERS

Double cup holder for 2 bottles or cups up to 770 ml capacity. The practical large double cup holder offers space for 2 bottles or cups with a volume of up to 770 ml. This way, your drinks are always at hand and at the same time safely stowed in the center console.

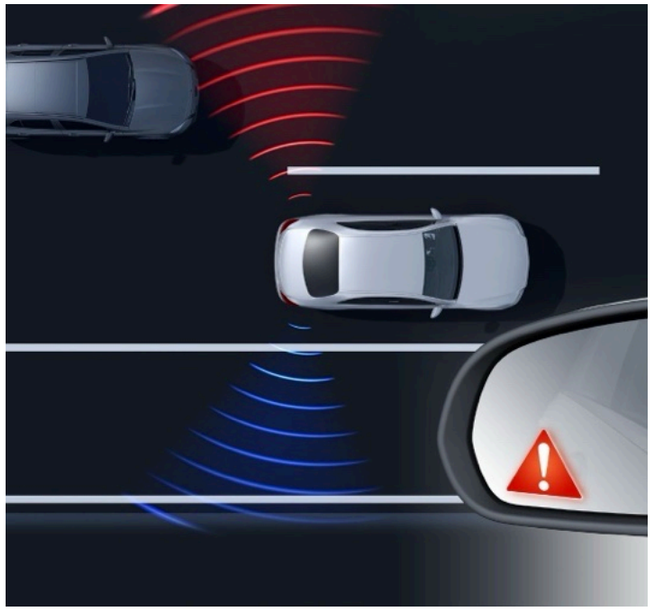

PRE-SAFE® SYSTEM

Preventive occupant protection, including PRE-SAFE® Sound, reversible belt tensioning and side window closing function. In the event of an imminent accident, PRE-SAFE® takes measures that can reduce the strain on you and your passengers. For example, the system tightens the seat belts or closes the side windows. The innovative PRE-SAFE® Sound can protect the inner ear by dampening the noise of the accident.

ACTIVE BRAKE ASSIST

Helps to mitigate the consequences of a collision with other road users or avoid it altogether, including autonomous emergency braking and turning manoeuvre function. This assistance system can help to avoid collisions with moving or stationary vehicles in front, with oncoming traffic when turning off and with moving pedestrians as well as cyclists. In addition to distance and collision warning, the system also offers situation-appropriate braking assistance – right up to autonomous emergency braking; and can be switched off at the customer's convenience.

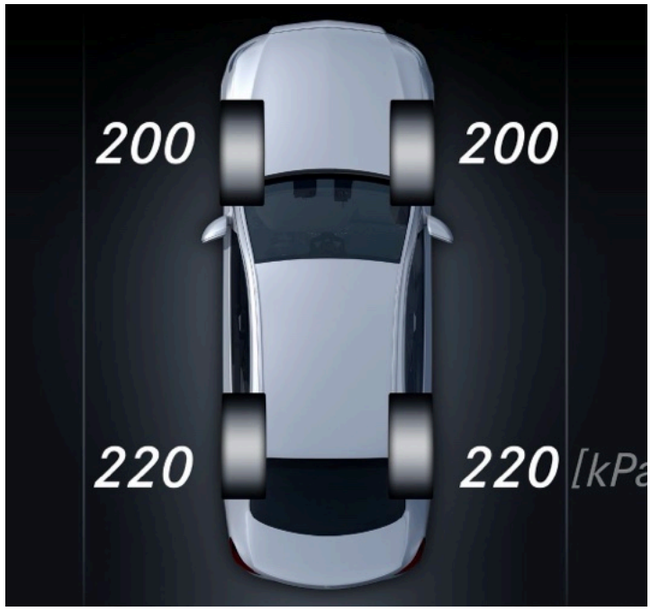

ACTIVE BLIND SPOT ASSIST

Blind spot monitoring, includes exit warning function. Blind Spot Assist can warn you visually and acoustically of threatening side collisions with other road users – especially if you activate the turn signal indicator intending to change lanes. After the journey, the exit warning function helps when opening the door. A key protection measure, particularly for cyclists.

CENTRE AIRBAG

The new E-Class is equipped with 8 airbags in total. The centre airbag can protect the driver and front passenger from colliding in the event of a side collision. The centre airbag is installed in the seat cushion on the inside of the driver's seat and is triggered in the event of a corresponding collision. Unparalleled safety features with first ever centre airbag.

TIRE PRESSURE MONITORING SYSTEM

Control system for monitoring tire pressure including warning in case of pressure drop. The system monitors the tire pressure and warns you if the pressure drops. This allows you to react immediately and add air. For example, underinflation can increase the braking distance and the risk of an accident. Correct tire pressure improves tire mileage.

KEYLESS-GO

KEYLESS-GO provides convenient vehicle access, including an electronic key. The key's stored data enables the vehicle to recognise its owner within a 2-metre radius of the respective door; allowing you to open and lock all doors by touching the door handle.

CRASH TEST

The crash and emission tests of all-new Made in India E-Class LWB were done in Germany and Spain to satisfy the internal Mercedes-Benz quality standards.

LARGE BOOTSPACE WITH BETTER USABILITY

The spare wheel in the all-new E-Class LWB has been placed below the boot floor in order to maximise the usable space in the boot.

GENUINE ACCESSORIES & COLLECTIONS

Safety & security

Stay protected with a 360° surround dashcam featuring 3-channel recording, seamless loop storage, and intelligent power management.

Exterior enhancement & wheels

Elevate your vehicle's presence with accessories crafted to enhance both style and protection. LCD projectors add a distinctive visual signature, while hub caps, valve caps, and a range of alloy wheels complete the look with precision and sophistication.

Interior enhancement

Enhance every drive with precision-fit interior accessories, including velour floor mats, designed for lasting protection and refined aesthetics, offering a comfortable and personalised in-car experience.

Travel essentials

Be prepared for every journey with practical travel solutions including cool boxes, ashtrays and child seats, ensuring comfort, safety and convenience for every passenger.

Collections

Explore our exclusive collections, AMG, Mercedes-Benz, and Young Stars collection, featuring premium lifestyle merchandise like T-shirts, caps, key rings, mugs, and more to showcase your passion beyond the drive.

ACCESSORIES AND COLLECTIONS CATALOGUE

FINANCIAL FREEDOM FOR YOUR JOURNEY.

Whether you prefer the simplicity of traditional ownership or the flexibility of upgrading your car every few years, our financial solutions are designed to suit your lifestyle, to ensure that your experience is as seamless as your drive.
