

THE MERCEDES-BENZ GLE

—
KNOW YOUR WAY.

MERCEDES-BENZ

GLE

HIGHLIGHTS

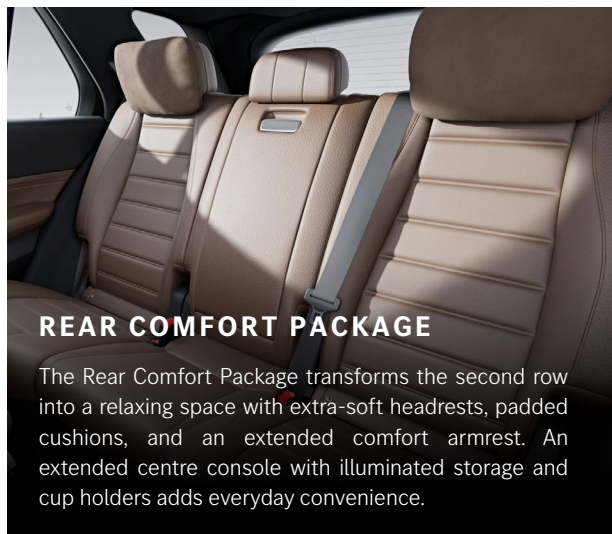

THE HIGHLIGHTS OF THE NEW GLE.

MERCEDES-BENZ

INTERIOR WITH HIGH VARIABILITY

High versatility with fully electrical second seat row with longitudinal adjustment plus third seat row for two with EASY-ENTRY.

REAR COMFORT PACKAGE

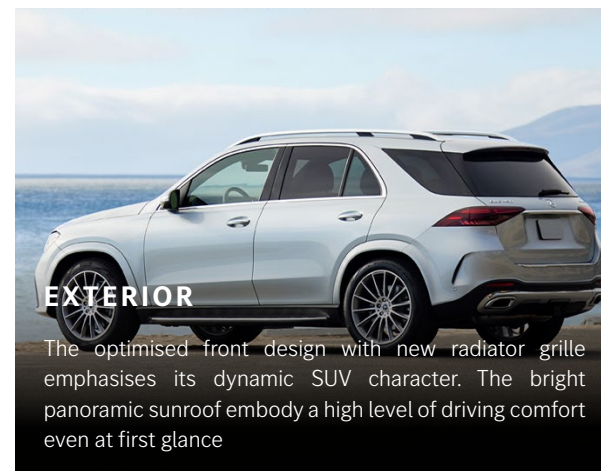

The Rear Comfort Package transforms the second row into a relaxing space with extra-soft headrests, padded cushions, and an extended comfort armrest. An extended centre console with illuminated storage and cup holders adds everyday convenience.

(Available with GLE 450, 450d and 300d Night Edition)

AIRMATIC PACKAGE

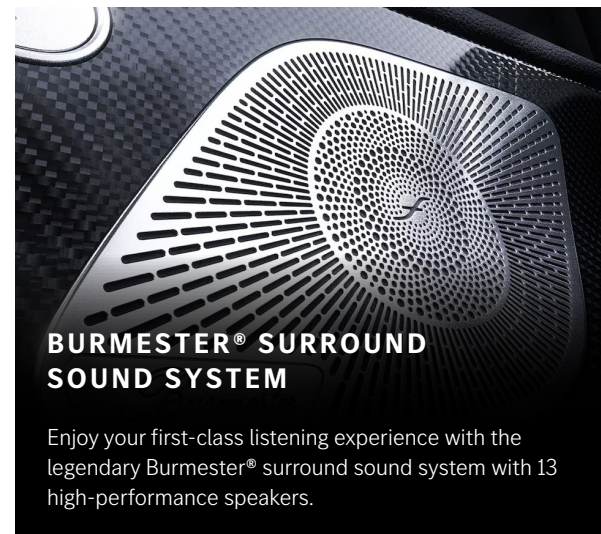

In the AIRMATIC package, an adaptive damping system meets modern air suspension. The result: an intelligent comfort chassis that can automatically adapt to the driving situation, speed and load.

EXTERIOR

The optimised front design with new radiator grille emphasises its dynamic SUV character. The bright panoramic sunroof embody a high level of driving comfort even at first glance

GLE

BURMESTER® SURROUND SOUND SYSTEM

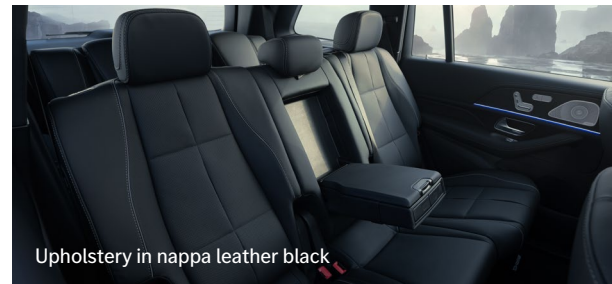

Enjoy your first-class listening experience with the legendary Burmester® surround sound system with 13 high-performance speakers.

THE EXCLUSIVE GLE NIGHT EDITION

MERCEDES-BENZ

AIRMATIC Package | Head-up display | Night package

Upholstery in nappa leather black

Anthracite open-pore oak wood trim elements

Black door sills

AMG line interior with sports steering wheel

GLE

EXTERIOR DESIGN

TOWARDS WIDER HORIZONS.

AMG LINE EXTERIOR

AMG Line Exterior brings a bold, performance-inspired presence with a diamond grille featuring the Mercedes-Benz pattern and central star, complemented by AMG-specific front and rear aprons, chrome detailing and distinctive air inlets. Body-coloured wheel arch flares and rear air outlets enhance the muscular stance, while 20-inch AMG 5-twin-spoke alloy wheels in tremolite grey underline the dynamic character. A larger front braking system further supports confident, sporty driving.

MULTIBEAM LED

On the motorway, on country roads or in urban traffic: thanks to intelligent lighting functions, the adaptive MULTIBEAM LED headlamps illuminate the road for you according to the situation, providing excellent visibility. This is because the headlamps react to the current traffic situation with the aid of individually controllable LEDs. The MULTIBEAM LED headlamps provide you with excellent levels of light and visibility. In addition to the warm-white light quality that is easy on the eyes, the system impresses with its numerous intelligent lighting functions

PANORAMIC SLIDING SUNROOF

The panoramic sliding sunroof creates a genuine open-air ambience with a large glass surface that fills the cabin with light and expansive views. It can be opened steplessly, via one-touch operation or in tilt position with speed-dependent adjustment for optimal airflow, while effective wind-noise reduction ensures refined comfort. An electric roller sunblind provides shade when required, and convenient opening or closing from outside via the vehicle key adds everyday ease.

NIGHT PACKAGE

Expressive black design elements enhance your vehicle from the outside. These include, for example, the exterior mirror housings and the shoulderline and window line trim strips. Tinted windows and 20-inch AMG light-alloy wheels complete your sporty, individual appearance.

*Accessories, colors and fitments shown may not be a part of standard specifications.

MIRROR PACKAGE

The Mirror Package adds everyday convenience with electrically folding exterior mirrors that make tight parking spaces easier to navigate. The interior mirror automatically dims in response to glare from vehicles behind, enhancing visual comfort in changing light conditions.

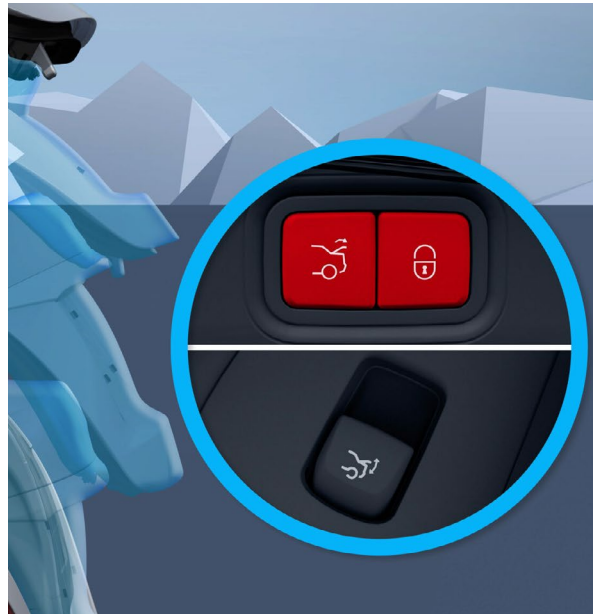

EASY-PACK TAILGATE

The EASY-PACK tailgate opens and closes electrically at the touch of a button, making loading and unloading effortless. You can start or stop the movement at any time for added everyday convenience.

ALUMINIUM-LOOK, ILLUMINATED RUNNING BOARDS WITH RUBBER STUDS

Aluminium-look running boards make entry and exit easier for both front and rear passengers while enhancing the SUV's presence. Integrated illumination adds a premium touch, and slip-resistant rubber studs ensure a secure, confident footing.

INTERIOR

SPACE FOR EVERY STORY.

INTERIOR

The interior lets you tailor the cabin ambience to your mood with ambient lighting in 64 colours, multiple colour schemes and effects. Silver chrome design elements, along with upholstery in DINAMICA microfibre and durable ARTICO man-made leather, create a refined, contemporary atmosphere. With the Ambiance package, the Mercedes-Benz philosophy of Sensual Purity comes to life through the seamless blend of exclusive materials and elegant design.

INTERIOR CHROME PACKAGE

The Interior Chrome Package adds refined silver chrome accents throughout the cabin, elevating the sense of luxury. Key control elements, door panel trims, EASY-ENTRY switch, centre console details, cup holders and climate control bar are finished in silver chrome, creating a cohesive and elegant interior appearance.

BROWN OPEN-PORE WALNUT WOOD TRIM

Brown open-pore walnut wood trim gives the interior a distinctive, premium character. Blending harmoniously while creating refined contrast, it highlights the craftsmanship and meticulous finish expected of an AMG Line interior.

AMBIENT LIGHTING

Ambient lighting allows you to personalise the interior to match your mood with a choice of 64 colours and a wide range of lighting schemes. Additional white light elements enhance orientation, creating a cabin that feels both atmospheric and intuitive.

DASHBOARD AND DOOR BELTLINES IN ARTICO MAN-MADE LEATHER

ARTICO man-made leather upholstery on the instrument panel and door beltlines elevates the cabin with a refined, high-quality look and feel. Elegant topstitching further enhances the surfaces, underscoring the craftsmanship and premium character of the interior.

MULTIFUNCTION STEERING WHEEL IN NAPPA LEATHER

The multifunction steering wheel in Nappa leather combines exceptional tactility with intuitive control. Soft, high-quality leather and black control panels express meticulous craftsmanship, while Touch Control buttons allow you to operate navigation, telephony, entertainment and speed/proximity functions without taking your hands off the wheel—keeping you fully connected and in command.

PERSONALISED SEATING COMFORT

Designed to enhance every journey, personalised seating comfort features ensure optimal support, convenience and climate adaptability for both driver and passengers.

4-way Lumbar Support: Provides ergonomic back support with adjustable settings, helping reduce fatigue and ensure a more comfortable driving experience.

Memory Package: Stores individual position profiles for seats, steering column and exterior mirrors, allowing your preferred settings to be restored instantly at the touch of a button—ideal for multiple drivers.

Seat Climate Control: Combines seat heating and ventilation to maintain an ideal seating temperature throughout the year—cooling during hot conditions and gentle warmth in colder weather.

Heated Front Seats: Quickly warms the seat surfaces and backrests with three selectable intensity levels, along with automatic adjustment to maintain a consistently comfortable temperature.

BURMESTER® SURROUND SOUND SYSTEM WITH SOUND PERSONALISATION

The Burmester® Surround Sound System delivers an immersive audio experience with 13 high-performance speakers and a powerful 590-watt output, enhanced by Dolby Atmos® technology for greater depth, clarity, and spatial presence—placing you at the centre of every note. Surround sound can be individually optimised for both front and rear seats, while Sound Personalisation further elevates the experience by tailoring the system to your individual listening preferences. Through a digital setup wizard, your ideal sound profile is created and stored, ensuring perfectly balanced, customised audio every time you drive.

REAR LUXURY COMFORT PACKAGE

The Rear Comfort Package enhances second-row relaxation with extra-soft headrests, padded cushions, and an extended comfort armrest, along with a centre console featuring illuminated storage and cup holders. Luxury rear head restraints further elevate comfort with adjustable bolsters, angle settings, and added cushioning for optimal head and neck support.

HEAD-UP DISPLAY

The Head-Up Display projects key driving information directly onto the windscreen, transforming it into a digital cockpit. Important data remains in your line of sight, allowing you to stay focused on the road and traffic ahead.

(Available with GLE 450, 450d and 300d Night Edition)

4-ZONE THERMOTRONIC AUTOMATIC CLIMATE CONTROL

4-Zone THERMOTRONIC Automatic Climate Control creates a personalised comfort climate for every passenger, allowing individual temperature and air distribution settings for the driver, front passenger and both rear seating areas. An integrated activated charcoal particle filter cleans the cabin air, while air-quality sensors automatically switch to recirculation when pollutant levels rise. Additional functions such as residual engine heat utilisation and a dew point sensor help maintain comfort and clear windows—ensuring a consistently pleasant environment in all conditions.

GLE 300D 4MATIC

The advanced 4-cylinder diesel engine with a 48 V mild-hybrid system delivers strong performance with impressive efficiency. An integrated starter generator (ISG) provides boost for quicker response, while refined injection and charging systems increase power and torque. Reduced noise and vibration ensure petrol-like smoothness for a more refined drive.

High-tech steel pistons reduce friction and thermal expansion while being lighter and stronger than aluminium

Compact, lightweight all-aluminium engine with rear camshaft drive and dual Lanchester balancer shafts for smoother operation

Innovative stepped-trough combustion process improves efficiency, increases burn speed, and lowers particle emissions

Ultra-high injection pressure of up to 2,200 bar (up to 2,700 bar for higher-output variants) for precise fuel delivery and enhanced performance

GLE 450 4MATIC

The enhanced M256M in-line 6-cylinder petrol engine delivers higher power and torque with exceptional smoothness. An electric additional compressor provides strong low-speed torque, while the mild-hybrid system with integrated starter generator (ISG) adds boost and improves efficiency.

The system bridges turbo lag for instant acceleration, briefly adds up to 40 Nm of extra torque for confident overtaking, and enables sharper throttle response. Lightweight aluminium crankcase and cylinder head with zirconium alloy ensure excellent heat dissipation, durability, and stability. High-pressure 350-bar direct injection optimizes fuel consumption and reduces emissions.

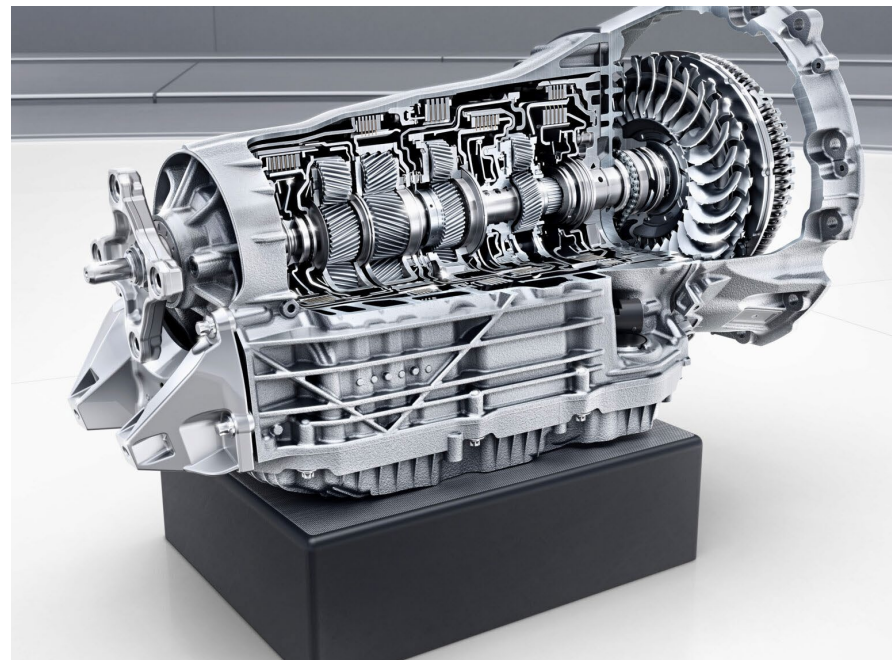

GLE 450D 4MATIC

The most powerful diesel engine in Mercedes-Benz history receives advanced technology updates, continuing to set benchmarks in performance, efficiency, and refinement. Upgraded from the GLE 400d, it delivers an additional 27 kW of power and 50 Nm of torque for even stronger driving dynamics.

NANOSLIDE® cylinder liners reduce friction and wear for improved durability and efficiency. A water-cooled charger housing with air-water intercooler enhances power delivery and response. The two-stage exhaust gas turbocharger with variable turbine geometry ensures quick, sporty acceleration, while CAMTRONIC variable valve lift improves exhaust gas purification and overall efficiency.

9G-TRONIC

The 9G-TRONIC automatic transmission delivers smooth, almost imperceptible gear changes for effortless driving. Nine gears keep engine speeds low to improve efficiency and reduce noise, while Comfort and ECO modes ensure relaxed, refined shifting. Switch to Sport at the press of a button to enjoy faster, dynamic gear changes with responsive performance.

AIRMATIC PACKAGE

The AIRMATIC Package combines adaptive damping with modern air suspension to automatically adjust to road conditions, speed, and load—delivering outstanding comfort with enhanced driving stability.

Adaptive damping reacts individually at each wheel to smooth out uneven surfaces for a relaxed ride. Intelligent level control lowers the vehicle at higher speeds to improve stability, aerodynamics, and efficiency, or raises it when extra ground clearance is needed. Rear lowering makes loading and unloading easier, while the car wash function automatically prepares the vehicle for safe and convenient washing.

(Available with GLE 450, 450d and 300d Night Edition)

TECHNOLOGY & CONNECTIVITY

INTUITIVE BY DESIGN.

PERSONALISED DIGITAL COCKPIT

The Widescreen Cockpit with dual 12.3-inch displays creates a seamless, immersive interface, while Display Styles let you tailor the visual theme with Classic, Sport, Progressive or Subtle modes—enhancing the interior atmosphere in harmony with ambient lighting.

INTELLIGENT INTERACTION & CONTROL

Operate your vehicle effortlessly through Natural Voice Control with “Hey Mercedes” and the Touch Control Concept, combining voice commands, touchscreen, touchpad gestures and steering-mounted controls for a truly intuitive and personalised user experience.

NAVIGATION & REAL-TIME DRIVING INTELLIGENCE

Hard-disc navigation offers high-quality 2D/3D maps, intelligent lane guidance and flexible routing, while Navigation Services provide real-time updates such as parking availability and weather—ensuring accurate, informed and seamless journeys.

SMARTPHONE & DIGITAL ACCESS

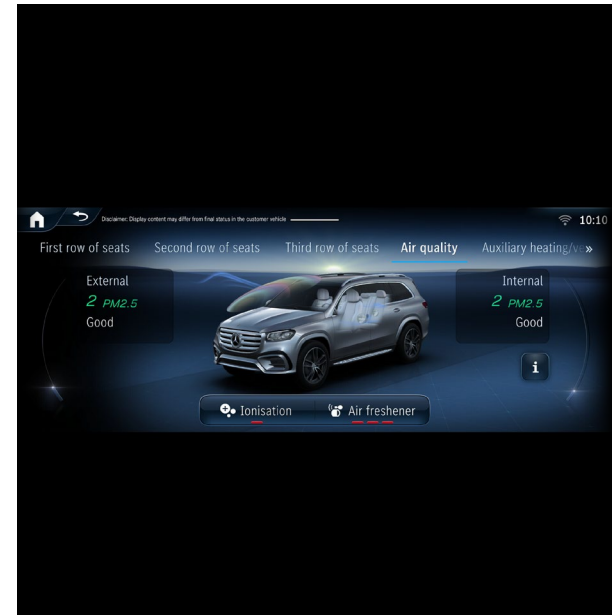

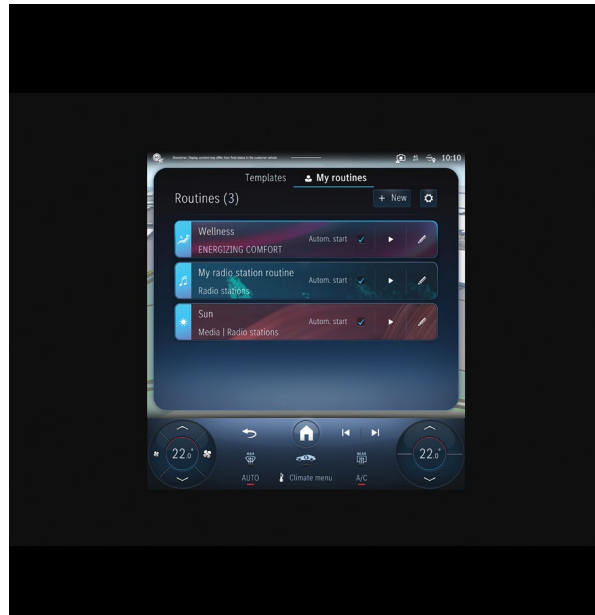

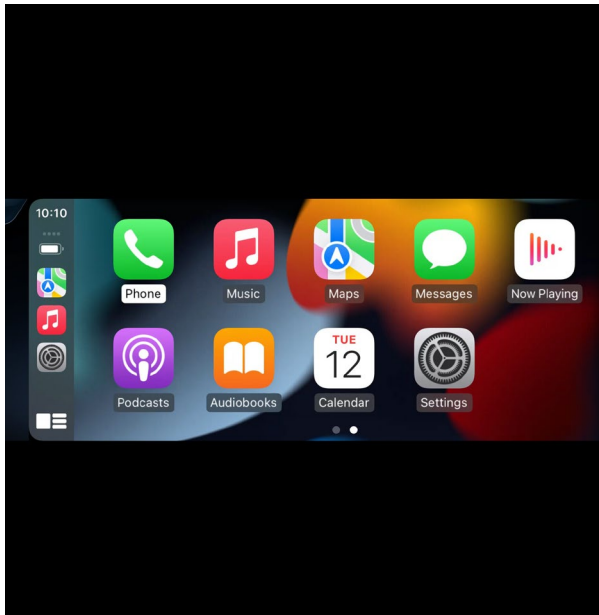

Seamlessly integrate your smartphone via Apple CarPlay™ and Android Auto™ for access to apps and services, while Digital Key Transfer allows you to securely share and control vehicle access through the Mercedes me app.

MBUX DIGITAL ECOSYSTEM

MBUX Entertainment streams music and internet radio on the go, while advanced MBUX functions enable voice learning, personal profiles, predictive features and an in-car WiFi hotspot. Supported by the LTE Communication Module, the system ensures continuous connectivity and access to Mercedes me connect services for a fully integrated digital experience.

ENERGIZING PACKAGE

The ENERGIZING Package combines climate control, seat functions, ambient lighting and music into intelligent wellness programmes, while ENERGIZING COACH analyses data to recommend personalised settings and enhance in-car well-being.

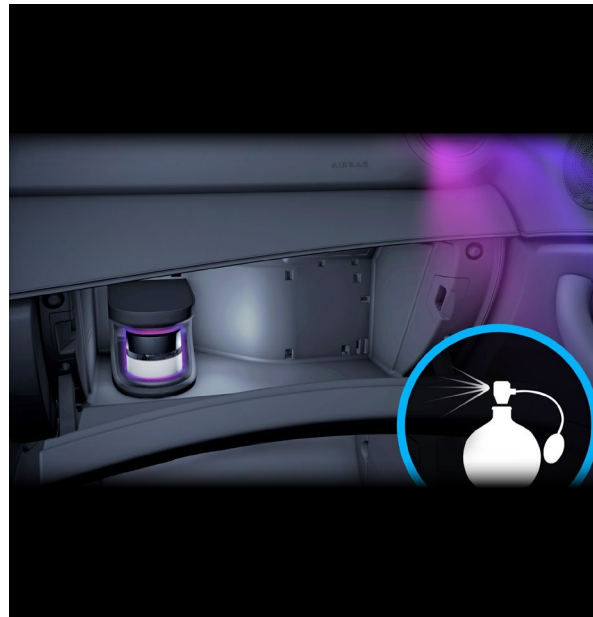

KEYLESS-GO COMFORT PACKAGE

The KEYLESS-GO Comfort Package allows effortless locking, unlocking and starting of the vehicle, while HANDS-FREE ACCESS enables convenient, touch-free tailgate operation.

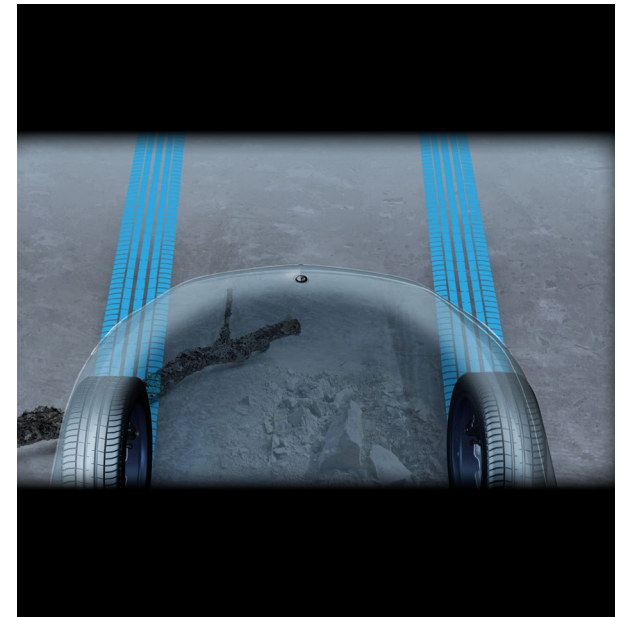

AIR BALANCE PACKAGE

The AIR BALANCE Package enhances cabin ambience with refined fragrancing and improved air quality, creating a more immersive and premium in-car experience.

TRANSPARENT BONNET

Transparent Bonnet uses camera-based visuals to display the area beneath the front of the vehicle, helping you navigate obstacles safely and confidently during off-road driving.

SAFETY

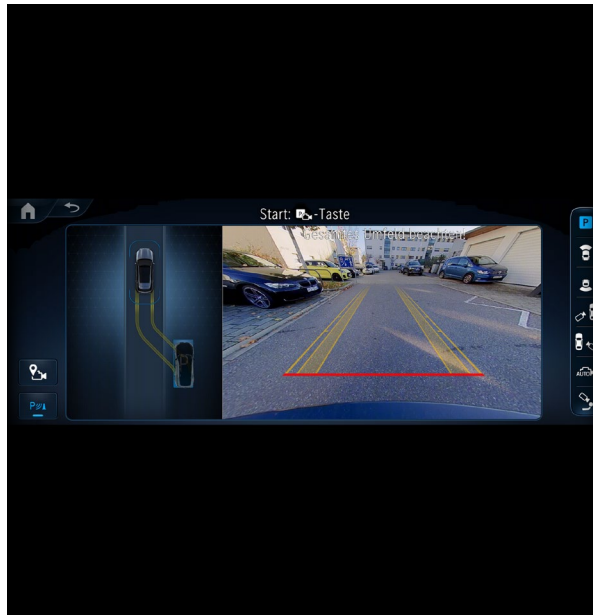

ENHANCED BRAKING & ACTIVE BRAKE ASSIST

Larger, perforated front brake discs deliver strong and consistent stopping power, while Active Brake Assist monitors traffic ahead, provides timely warnings and can automatically apply emergency braking to help prevent collisions.

PARKING PACKAGE WITH 360-DEGREE CAMERA

The Parking Package with 360-degree camera makes parking effortless with all-round visibility and Active Parking Assist. The system helps you find suitable spaces and manoeuvre into or out of them, allowing you to park confidently yourself or let the vehicle park for you.

ADAPTIVE HIGHBEAM ASSIST PLUS

Adaptive Highbeam Assist Plus enables permanent main beam for exceptional nighttime visibility without dazzling other road users. Intelligent LED technology precisely masks vehicles ahead or oncoming traffic, allowing you to see farther and drive more comfortably—without the need to manually switch between high and dipped beam.

(Available with GLE 450 4MATIC (AMG Line) and GLE 450d 4MATIC (AMG Line))

COMPREHENSIVE AIRBAG PROTECTION (REAR SIDEBAGS & KNEE AIRBAG)

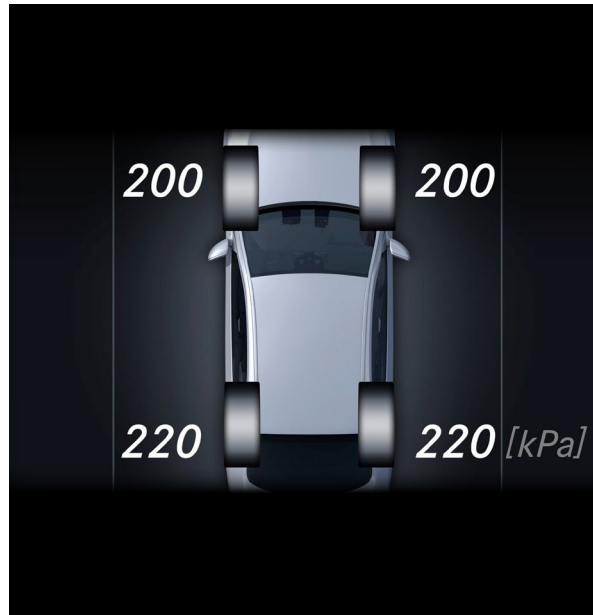

Rear sidebags protect outer rear passengers in side impacts, while the knee airbag stabilises the driver during frontal collisions—working together to reduce injury risk.

TYRE PRESSURE MONITORING SYSTEM

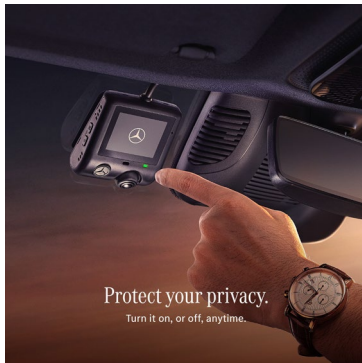

The system continuously monitors tyre pressure and alerts you instantly if it drops. This allows you to act quickly, helping maintain optimal braking performance, enhance safety, and improve tyre life and mileage.

UNDERGUARD PROTECTION

Protects the vehicle's underbody during off-road driving, shielding critical components from damage and enhancing durability.

GENUINE ACCESSORIES & COLLECTIONS

SAFETY & SECURITY

Stay protected with a 360° surround dashcam featuring 3-channel recording, seamless loop storage, and intelligent power management.

TRAVEL ESSENTIALS

Travel smarter with essentials like a spacious roof box, secure child seats, a handy cool box, and practical add-ons for added comfort on every journey.

EXTERIOR ENHANCEMENT & WHEELS

Elevate your vehicle's presence with premium exterior styling and wheel upgrades, featuring the AMG pattern LCD projector, roof spoiler, fuel filler cap, protective door handle recesses, and stylish alloys, hub caps, and valve caps for a bold, head-turning finish.

COLLECTIONS

Explore our exclusive collections, AMG, Mercedes-Benz, and Young Stars collection, featuring premium lifestyle merchandise like T-shirts, caps, key rings, mugs, and more to showcase your passion beyond the drive.

INTERIOR ENHANCEMENT

Enhance every drive with premium interior upgrades from elegant velour, durable ribbed, and all-season floor mats to sport pedals and illuminated door sills, all designed to elevate comfort, style, and everyday functionality.

FINANCIAL FREEDOM FOR YOUR JOURNEY

Whether you prefer the simplicity of a traditional ownership or flexibility of upgrading your car every few years, our financial solutions are designed to suit your lifestyle, we ensure your experience is seamless just like your drive.

STAR Finance

Offers a seamless solution for straightforward Mercedes-Benz ownership, getting you behind the wheel instantly.

- Choose a repayment period ranging from 12 to 84 months.
- You own the vehicle from the very start of the contract term.
- Know exactly what your repayments are with a consistent, fixed rate.

STAR Agility+

For those who value flexibility, STAR Agility+ offers an Assured Buy-Back Value that guarantees your vehicle's future worth.

- Loan term ranging from 12 to 60 months.
- Annual mileage allowance that reflects your driving needs.
- Lower monthly repayments and the highest residual value.
- Inclusive maintenance and an extended warranty

SERVICES

SERVICE AS SEAMLESS AS THE DRIVE

ADVANCE ASSURANCE PROGRAM

Extended warranty for long-term peace of mind
Continue your ownership journey with confidence beyond the standard 3-year warranty. The Advance Assurance Program extends warranty coverage up to 6 years at a nominal cost, ensuring sustained protection and worry-free driving.

STAR EASE

Predictable maintenance. Exceptional value.
STAR Ease maintenance packages offer fixed-cost servicing based on model, mileage and tenure. Enjoy freedom from service-related surprises, along with benefits such as priority handling, reduced waiting times and faster service processes.

MOBILO

24x7 on-road assistance, wherever you go
Mobilo provides round-the-clock roadside assistance for complete mobility assurance. Standard for 3 years and extendable up to 8 years, it includes benefits such as towing support, replacement vehicle and hotel accommodation when required.

DIGITAL SERVICE DRIVE

Convenient. Transparent. Hassle-free.
Designed around your schedule, Digital Service Drive ensures seamless service experiences with enhanced transparency and customer-friendly processes, so your vehicle care is always effortless.

PREMIER EXPRESS PRIME

Comprehensive service delivered faster

For customers who value time, Premier Express Prime enables quicker service turnaround without compromising on quality. A brief visit, a thorough service available at selected locations.

MERCEDES-BENZ GENUINE PARTS

Engineered for your Star

Crafted to exact Mercedes-Benz standards, Genuine Parts preserve performance, safety and comfort. Backed by a warranty of up to 2 years, they ensure reliability and long-term ownership confidence. Terms and conditions apply

MERCEDES-BENZ APPROVED TYRES & ALLOYS

Optimized for performance and safety

Approved tyres are precisely matched to your vehicle's dynamics, while approved alloys enhance both performance and visual appeal ensuring every drive remains safe, comfortable and engaging.

MERCEDES-BENZ GENUINE CHEMICAL PRODUCTS

Tested, approved & environmentally responsible

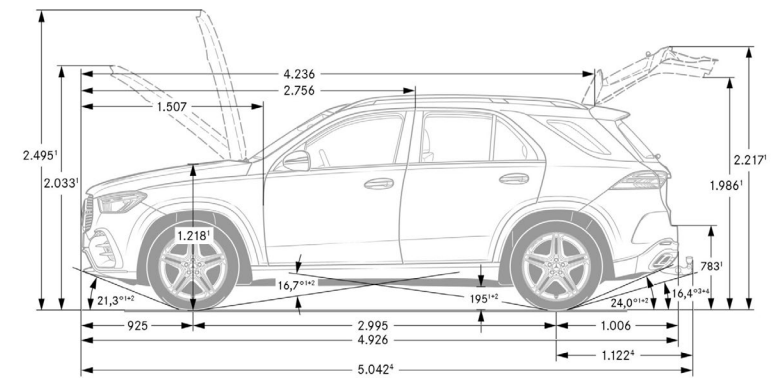

Specially developed to meet Mercedes-Benz material compatibility and quality standards, these products support your vehicle throughout its lifecycle while complying with stringent environmental norms.

GLE

The integrated starter alternator (ISG) electrically supports the combustion engine in certain operating states with up to 15 kW of additional power and up to 200 Nm more torque. You will particularly notice this benefit when you accelerate. On the other hand, electric support of the combustion engine also brings fuel consumption advantages. The ISG operates with a separate 48 V on-board electrical system.
