—
READY FOR IT.

MERCEDES - BENZ

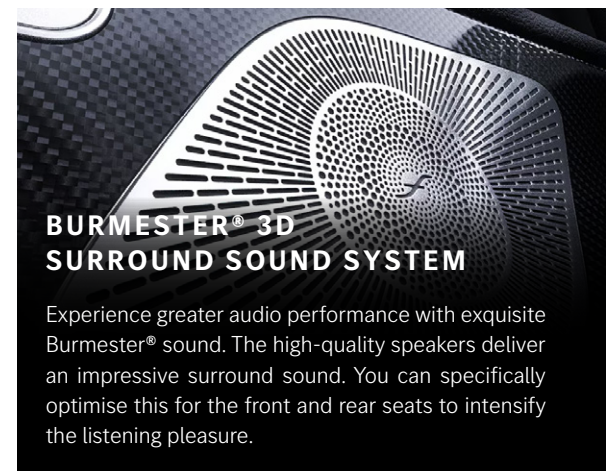

GLC

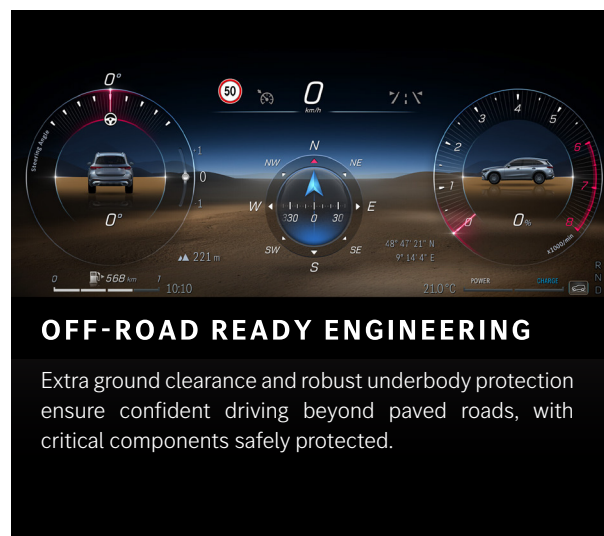

HIGHLIGHTS

THE HIGHLIGHTS OF THE NEW GLC.

MERCEDES-BENZ

GLC

EXTERIOR DESIGN

TOWARDS WIDER HORIZONS.

AVANTGARDE EXTERIOR

AVANTGARDE Exterior expresses dynamic elegance with a design that highlights the GLC's presence from every angle. A distinctive radiator grille with central Mercedes star, 19-inch light-alloy wheels and polished aluminium and chrome trim elements create a refined yet sporty look. LED High Performance headlamps enhance both design and visibility, while the comfort suspension with selective damping adapts to road conditions to deliver a smooth, composed driving experience.

LED HIGH-PERFORMANCE HEADLAMPS

LED High-Performance headlamps illuminate the road with a wide beam and pleasant warm-white light for excellent visibility and enhanced safety. The daylight-like colour temperature reduces eye strain, helping you stay focused and relaxed, while the high headlamp range allows traffic situations and obstacles to be detected earlier for quicker, more confident reactions.

PANORAMIC SLIDING SUNROOF

The panoramic sliding sunroof creates a bright, open cabin and a sense of freedom, whether open or closed. Its large surface also enhances the exterior with a light, exclusive appearance, adding to the vehicle's character.

ALUMINIUM-LOOK RUNNING BOARDS WITH RUBBER STUDS

Aluminium-look running boards enhance the SUV character while making entry and exit more comfortable for both front and rear passengers. Their sporty shaped design—narrower at the front and wider towards the rear—adds a dynamic visual touch along with everyday practicality.

INTERIOR

SPACE FOR EVERY STORY.

AVANTGARDE INTERIOR

The AVANTGARDE Interior combines stylish sportiness with first-class craftsmanship. A large central display, Black open-pore aluminium lines wood trim on the instrument panel and refined detailing create a sophisticated yet dynamic ambience. Seats with distinctive upholstery design and redesigned head restraints are available in three elegant colour concepts—black, macchiato beige and sienna brown—adding to a cabin that feels both luxurious and contemporary.

DECORATIVE ELEMENTS - BLACK OPEN-PORE ALUMINIUM LINES WOOD

Black open-pore aluminium lines wood decorative elements add a distinctive, premium character to the interior. They blend harmoniously into the cabin while creating refined contrast, highlighting meticulous craftsmanship and enduring quality.

LEATHER MULTIFUNCTION SPORTS STEERING WHEEL

The elegant leather cover gives the multifunction sports steering wheel an even higher quality look. This makes it a highlight in the interior. And as the driver you enjoy a double benefit: what looks good must also feel good.

- Sporty 3-spoke steering wheel
- Leather version
- Paddle shifters black, grained

Operation via touch control panels:

- Right: driver display, cruise control and speed limiter
- Left: MBUX multimedia system (e.g. audio volume and title selection, telephony and navigation)
- Touch sensitivity adjustable via central display

AMBIENT LIGHTING PREMIUM PLUS

Ambient Lighting Premium Plus transforms the cabin with 64 colours and precisely illuminated light lines, allowing you to tailor the interior to your mood and style. Colour feedback during climate control adjustments adds an intuitive, immersive touch—creating a striking atmosphere for every passenger.

CENTRAL DISPLAY

The high-resolution central display captivates with its brilliant image quality. It is operated by touch input. The screen in portrait format has a full glass cover and is slightly tilted towards the driver, making it easier to operate and read. This format is more clear, especially for navigation maps. Touchscreen with LCD technology 30.2 cm (11.9-inch). Screen diagonal Resolution of 1624 x 1728 pixels (width x height). Tilted towards the driver by 6°.

DRIVER DISPLAY

The high-resolution driver display allows you to keep an eye on all the information you want in an easy-to-read format. This means you are more relaxed while driving. The high-quality, free-standing display is an important element of the digitalised, finely designed interior, and exemplifies the modern luxury of your Mercedes. 31.2 cm (12.3") LCD colour display. Five different menus with specific content and display styles. 3 different display styles.

CENTER CONSOLE IN METAL-STRUCTURE FINISH

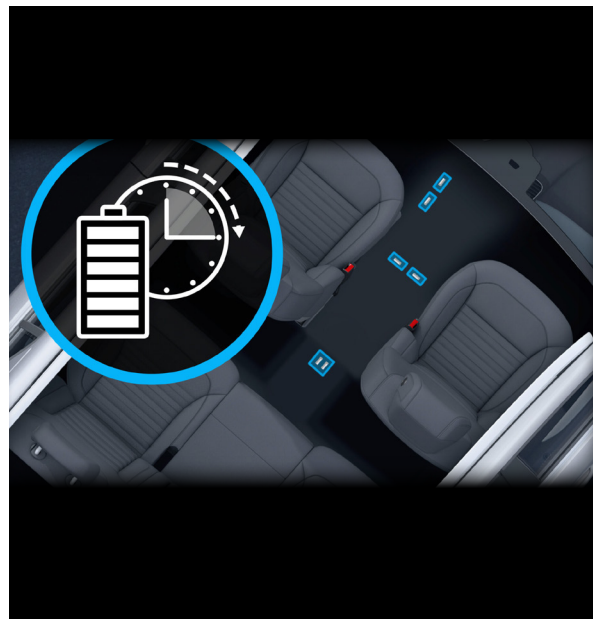

Modern luxury - Instrument panel and center console trim reinterpreted with flowing, seamless transitions of shapes and materials.

COMPREHENSIVE CHARGING SOLUTION

USB Package Plus keeps every device powered and ready with six fast-charging USB-C ports and two 12 V sockets for convenient charging throughout the cabin. Front USB connections also support data transfer to the MBUX multimedia system, so your music and media are always instantly accessible. Driving time becomes charging time – just drop your smartphone into its allotted place in the oddments tray for wireless charging. Irrespective of the model and brand, compatible smartphones are charged wirelessly.

FINGERPRINT SCANNER

With the fingerprint scanner you can identify yourself quickly and conveniently. This is because your personal data, such as profiles or even office and payment functions, are protected. When you touch the colour-illuminated button, the system unlocks access. This is secure and additionally more straightforward than entering a PIN.

POWER SEATS WITH MEMORY FUNCTION

Power seats with 12-way electric adjustment allow precise personalisation of the driver and front passenger seating position for optimal comfort and healthy posture. With the memory function, up to three seating profiles can be saved and recalled at the touch of a button, so you can begin every journey relaxed and perfectly positioned.

CLIMATIZED FRONT SEATS

Climatized front seats provide personalised comfort with three-stage seat ventilation and three-stage seat heating. Ventilation cools the seats and regulates moisture, while heating quickly warms the seat surfaces and backrests—ensuring a pleasant seating climate in every season.

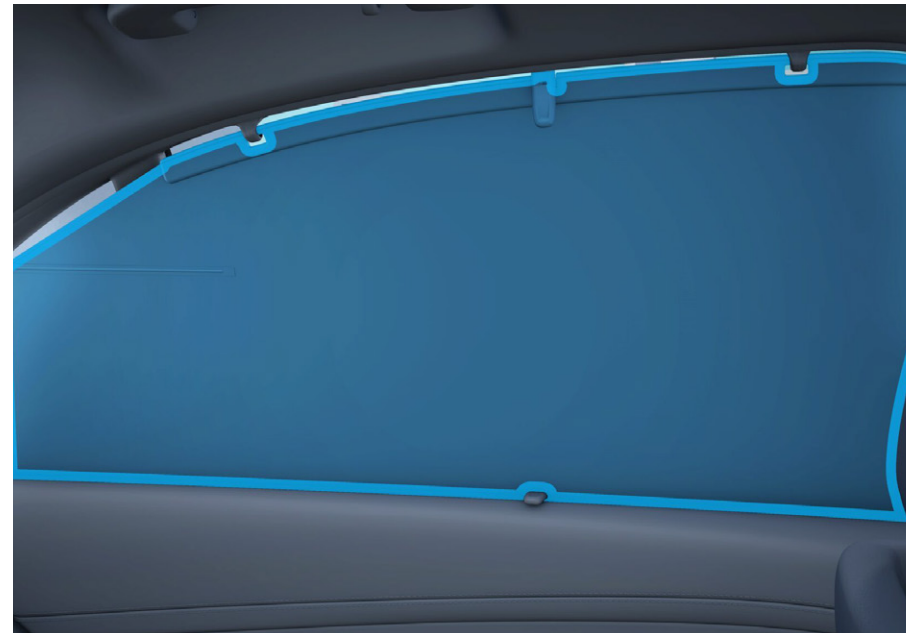

THERMATIC AUTOMATIC CLIMATE CONTROL

THERMATIC Automatic Climate Control delivers individual comfort for driver and front passenger with two-zone temperature regulation. Intelligent sensors automatically maintain your selected settings, ensuring a consistently comfortable cabin without the need for manual adjustment.

ROLLER SUNBLINDS IN LEFT AND RIGHT REAR DOORS

The manual pull-out roller sunblinds protect against direct, bright sunlight in summer and when the sun is low in the sky. As a result, your rear passengers are not dazzled and the interior heats up less. It still remains possible to see out of the rear windows - for a pleasant and eventful journey.

VELOUR FLOOR MATS

Velour floor mats enhance the interior with matching edging in the respective appointment colour, blending seamlessly into the cabin design. They also protect the footwell and can be removed easily for quick cleaning.

ILLUMINATED DOOR SILL PANELS WITH “MERCEDES-BENZ” LETTERING

Even getting in and out becomes an experience in itself. As part of this, the high-quality stainless-steel sill panels are illuminated with striking “Mercedes-Benz” lettering. This shows that you value modern luxury.

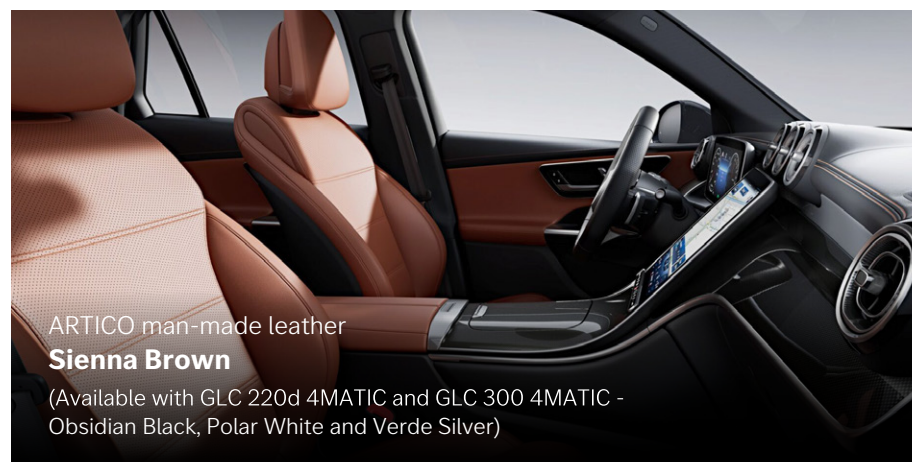

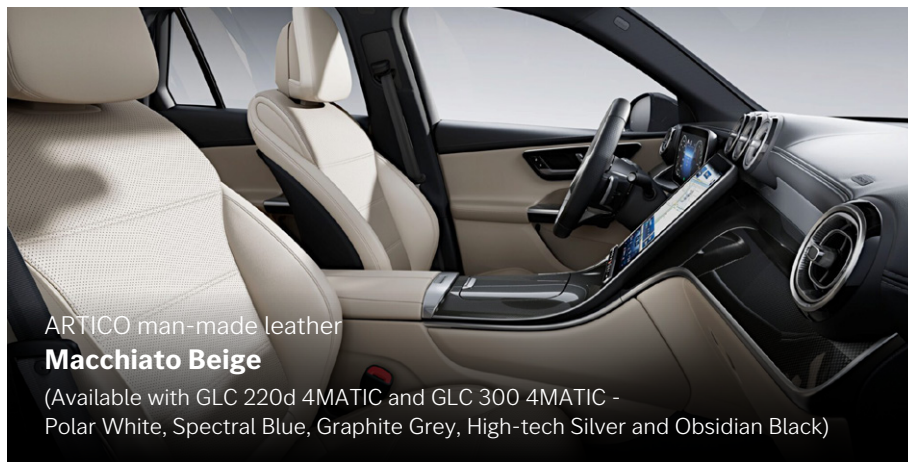

BURMESTER® SURROUND SOUND SYSTEM WITH SOUND PERSONALIZATION

Experience greater audio performance with exquisite Burmester® sound. The high-quality speakers achieve impressive surround sound. You can specifically optimize this for the front and rear seats to intensify the listening experience. The unmistakable Burmester® speaker covers also enhance the interior visually. In all, 15 highly precise, high-performance speakers with a system output of 710 watts are fitted. Sophisticated vehicle noise compensation (VNC) adjusts music and sound dynamically to your driving conditions.

Sound personalisation: A customised listening experience: personalising the sound system makes it easy to achieve your perfect sound setup. A setup assistant with innovative algorithms identifies your music preferences together with you and sets the Burmester® sound system to match your requirements. It stores the result in a personal profile.

OM654M 4-CYLINDER DIESEL ENGINE

The 4-cylinder diesel engine with 48 V onboard power supply gives a lot and needs little. Thanks to the mild hybrid concept with integrated starter-alternator, boost function and improved injection and turbocharging, power and torque have been further increased. Significantly less noise and vibrations bring the level of refinement to that of petrol engines.

Key Features:

- Mild hybrid with 48-volt electrical system - in addition to the conventional 12-volt electrical system - for operating e.g. the integrated starter-generator and the air conditioning system.
- 3rd-generation NOx aftertreatment - The AdBlue® fluid evaporates highly efficiently as it takes the shortest path in the exhaust gas stream, significantly reduces the emission of nitrogen oxides.
- The mild hybrid with integrated starter generator (ISG) of the 2nd generation can support the combustion engine with up to 17 kW additional power and 200 Nm extra torque and supply the refrigerant compressor during stop phases.

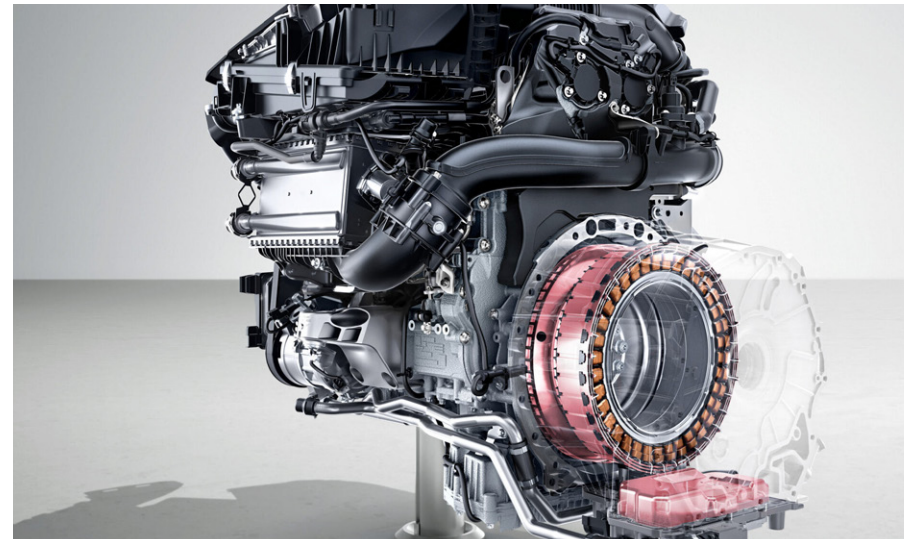

M254 4-CYLINDER PETROL ENGINE

Tremendous pulling power even at low engine speeds - this is what distinguishes this advanced 4-cylinder petrol engine with mild hybrid and 48-volt onboard power supply. Among other things, this supplies the integrated starter-alternator which is able to deliver additional torque of up to 200 Nm. Despite its temperament, the engine is fuel-efficient, low in emissions and has pleasantly smooth running characteristics.

Key Features:

- Exhaust gas after-treatment directly at the engine - allowing the catalytic converter to reach its optimum operating temperature more quickly.
- Mild hybrid with integrated starter-alternator - support the internal combustion engine with up to 17 kW additional output and up to 200 Nm extra torque.
- The mild hybrid with integrated starter generator (ISG) of the 2nd generation can boost the combustion engine with up to 17 kW additional power and with up to 200 Nm extra -Torque support.

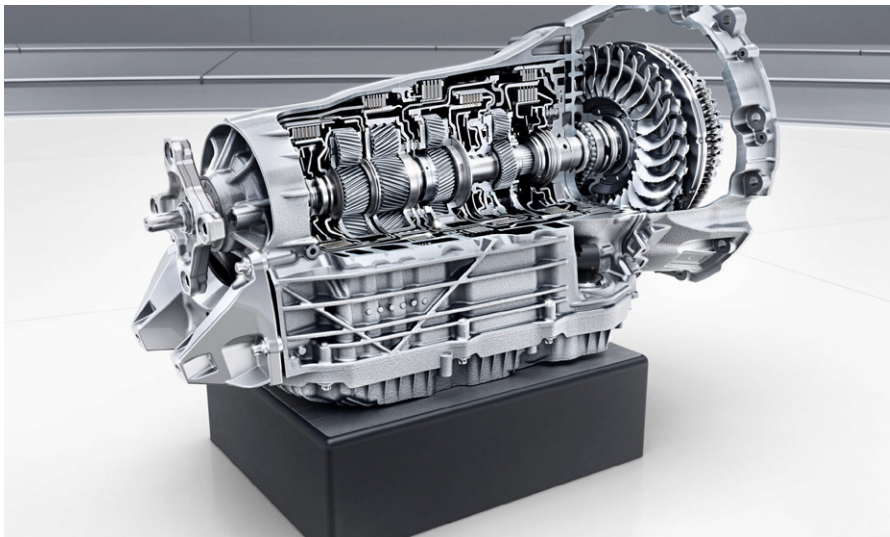

9G-TRONIC AUTOMATIC TRANSMISSION

When you select the Comfort and ECO drive programs via DYNAMIC SELECT, 9G-TRONIC shifts through the nine gears for you smoothly and efficiently, thus providing optimum ride comfort. In addition, the transmission is also truly sporty: at the press of a button you can experience fast, sporty gear changes while driving frequently in the optimum engine speed range. As such you can enjoy even more driving pleasure in Sport mode as a result of correspondingly better performance.

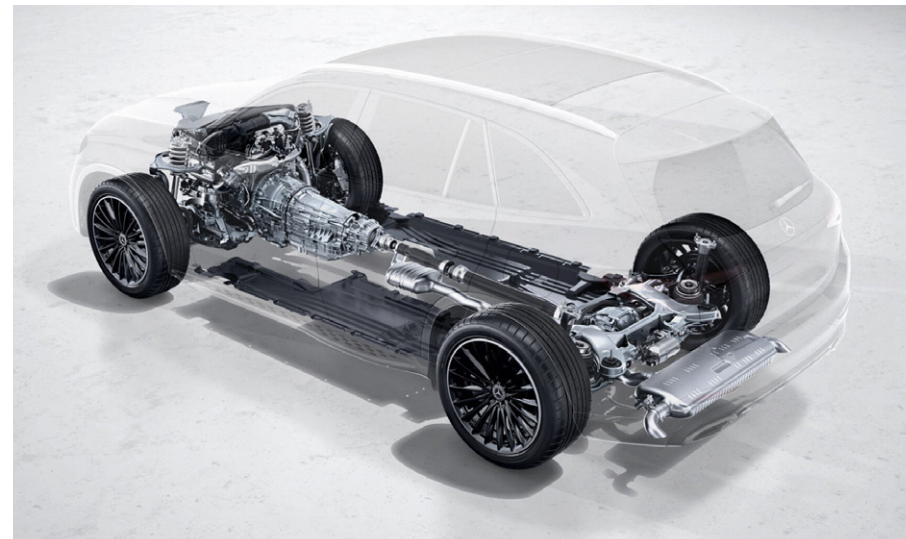

Key Highlights

- 9-speed transmission with torque converter.
- DIRECT SELECT lever and steering wheel gearshift paddles
- DYNAMIC SELECT

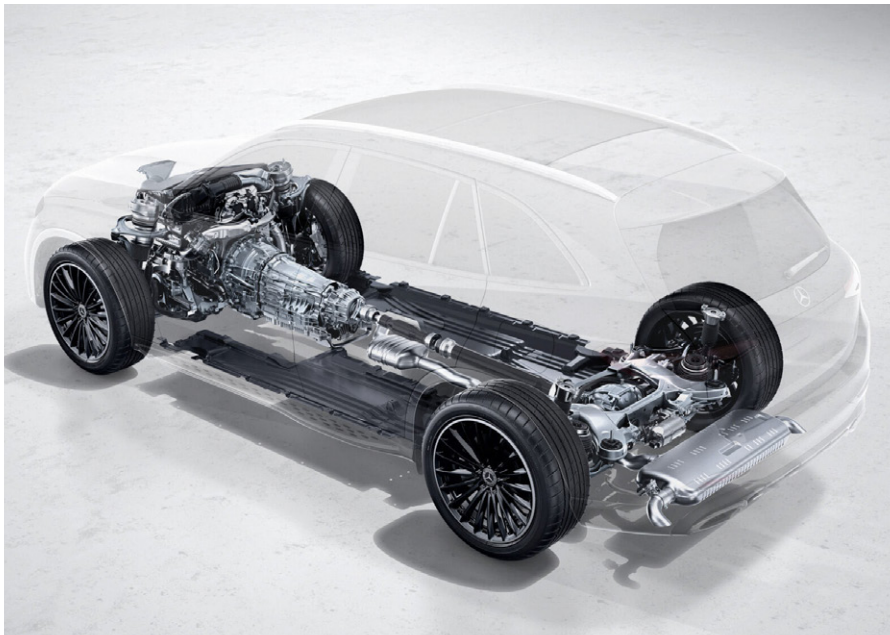

COMFORT SUSPENSION

The comfort suspension with selective damping system and level control combines balanced ride comfort and high driving stability. Thanks to the passive damping system, you will enjoy a superior driving experience on any road surface: ride characteristics, damping effect and stabilization are continuously adjusted automatically.

OFF-ROAD ENGINEERING PACKAGE

The Off-Road Engineering Package adds 20 mm of extra ground clearance and technical underbody protection at the front and sides, enabling confident driving beyond paved roads. Enhanced protection helps safeguard key vehicle components, so the adventure continues with peace of mind.

DYNAMIC SELECT

Customised motoring with a selection of drive programmes for an ideally adapted driving experience from comfortable to sporty; Whether dynamic in Sport mode, relaxed in the Comfort programme or confident off-road with the Offroad mode – you decide how you want to drive at any time.

TECHNOLOGY & CONNECTIVITY

INTUITIVE BY DESIGN.

MBUX NAVIGATION PREMIUM

With MBUX Navigation Premium you can reach your destination quickly and well informed. As part of this you can rely on up-to-date map data including satellite view, accurate real-time traffic information and fast online route guidance. And last but not least, intelligently networked functions make your journey safer.

- Hard disk navigation with satellite view up to a zoom level of less than 2 km in a high resolution display
- Live Traffic Information and Car-to-X-Communication, including display of emergency lanes for emergency vehicles and active warning of the end of traffic jams, can be used free of charge for 7 years after activation
- Fast online route calculation
- Send2Car function: sends selected addresses to the vehicle's navigation system via app, e.g., places of interest or restaurants.
- Updating of map data, can be used free of charge for up to 7 years from activation
- Navigation Services, available to use free of charge for 3 years following activation:
 - Local search
 - Online search: Find and access services and functions via the search field, for example media, radio, Internet results, restaurants, etc.
 - Displays: detailed map view with weather information (temperature) and current parking options

OVER-THE-AIR SOFTWARE UPDATES

More than 50 electronic features can be updated over the air via Mercedes me connect, with no need for a dealer visit. These include MBUX, displays and the driver assistance systems. It's also one way the "Hey, Mercedes" voice control can learn new phrases. The system is even equipped to accommodate new features that may be developed in the future, helping your Mercedes-Benz remain at the forefront of innovation down the road.

LATEST GENERATION OF MBUX WITH ROUTINES

Automate convenience functions with Routines: Thanks to artificial intelligence, MBUX enables personalization with automated convenience functions. Customers can use templates for standard routines or create personalized routines. For example, you can create a routine like: If the exterior temperature is above forty degrees Celsius, the seat ventilation should be switched on.

Refreshed UI: The main icons on the redesigned central display are now presented more simply and are arranged to match smartphones tiles for pleasant usability and ease of intuitive operation.

Vivaldi Browser: Enjoy a fast, secure, and highly customizable browsing experience right from the comfort of their car seat.

TRANSPARENT BONNET

Maneuver confidently and avoid obstacles safely - even on rough terrain: This function makes the bonnet transparent for you when driving off-road. A virtual view, calculated from camera images, shows the area directly in front of your Mercedes. In addition, a visualization of the lane helps to choose the optimal route. The virtual representation gives your off-road rides a real high-tech feel and transforms off-road excursions into a visual experience. On the central display, you and your passengers can accurately follow every inch of your journey and perceive your surroundings in a completely new way.

SMARTPHONE INTEGRATION PACKAGE

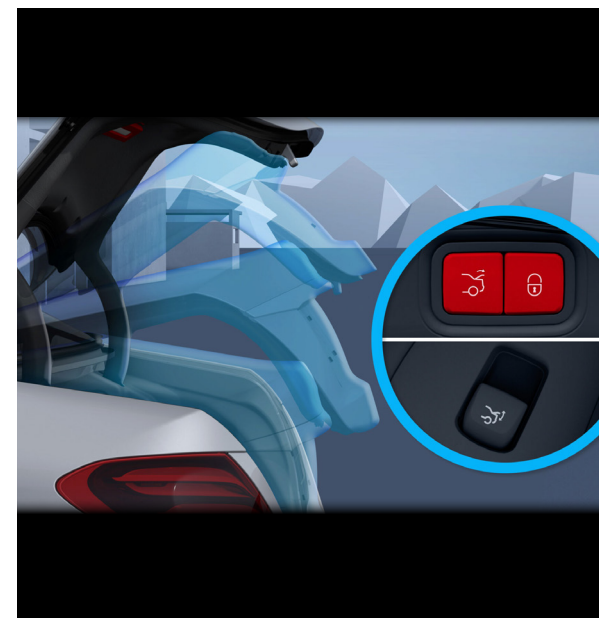

Smartphone Integration connects the mobile phone with the multimedia system wirelessly via Apple CarPlay™ or Android Auto™. This gives you convenient access to the most important apps on your smartphone. You can also use apps from third-party providers such as Spotify quickly and easily.

- Connects the mobile phone wirelessly with the MBUX multimedia system.
- Supports Android Auto™ and Apple CarPlay™
- Access to the latest software and data, e.g., for navigation, traffic information, contacts, messaging, telephony, media, IP radio
- User interface prepared and optimised for driving
- Control of smartphone functions via voice control

EASY-PACK TAILGATE

The EASY-PACK tailgate opens and closes electrically at the touch of a button, making loading and unloading effortless. You can start or stop the movement at any time, adding everyday convenience to every journey.

ENERGIZING AIR CONTROL

Breathe easy: ENERGIZING AIR CONTROL monitors the air quality for you with the help of pollution and fine dust sensors which uses them to detect nitrogen oxides (NOx) and carbon monoxide (CO) plus fine particles of size PM2.5 in the air outside and inside the vehicle. A two-stage filter concept reduces the fine particles and a large proportion of further inhalable pollutants in exemplary fashion. Depending on the measurement value, your Mercedes switches intelligently between fresh air and airrecirculation mode.

HANDS-FREE ACCESS

HANDS-FREE ACCESS allows you to open and close the tailgate without touching it. A simple kicking motion beneath the rear bumper activates the sensor, making loading and unloading effortless-especially when your hands are full.

KEYLESS-GO PACKAGE

The KEYLESS-GO Package recognises your key as soon as you approach or enter the vehicle, allowing you to lock or unlock all doors simply by touching the door handle. Every-day access becomes effortless and intuitive.

MBCONNECT - SERVICES FOR NAVIGATION

Additional Mercedes me connect features Alexa Home Integration with Mercedes me connect: Conversations with Alexa are now more fun when the systems connect with your Mercedes-Benz via cloud and give you real time updates. This feature can be used from an Alexa Echo device setup at home, office or also from phone's Alexa App. The command starts with "Alexa, Ask Mercedes to...." or directly initiate a command by saying "Alexa, tell Mercedes to ".

Google Home integration with Mercedes me connect: Google Home integration is also offered for Google home users. In a similar way, once the Mercedes me connect is linked to Google Home, you can start issuing commands.

Parking location POIs (Points of Interest): The introduction of new Parking solution, shows Parking lots available across different parts of the cities. The Parking POIs (Points of interest) can be seen easily on the navigation system or alternatively also on the Mercedes me App maps section. Wherever you are driving to, you are provided with ideal information. Your vehicle answers your questions about your journey. You can find out about the number of currently available parking spaces or the current weather. This makes planning your trip even easier.

Show: View up-to-date information with many details on the map. You are able to see at a glance parking options with the number of available spaces or weather symbols with the current temperature.

Local Search*: The "Local Search*" service allows you to search freely for any location or address. Enter the search term via the multimedia system or simply make use of voice input. After a brief confirmation, you can navigate directly to your desired destination.

- Display of online content in the navigation map*, can be used free of charge for 3 years after activation
- Available parking spaces
- Weather information
- Local search*, can be used free of charge for 3 years after activation

VEHICLE MONITORING

Vehicle Tracker: Track your vehicle from anywhere, as your vehicle's GPS coordinates are seen on your phone App. **Parked Vehicle Locator:** It can locate your parked vehicle within a radius of 1.5 kilometres and show you on a map how to make your way back to the vehicle.

MERCEDES-BENZ EMERGENCY CALL SYSTEM

The Mercedes-Benz emergency call system can save you vital minutes in an emergency. If an accident is detected, a communications module with its own SIM card automatically triggers an emergency call which could shorten the time until rescue services arrive.

NAVIGATION CONNECTIVITY PACKAGE

The combination of the standard-fit communication module (LTE) and the hard-disc navigation makes sure that you always reach your destination as quickly as possible by the best route.

VEHICLE SET-UP

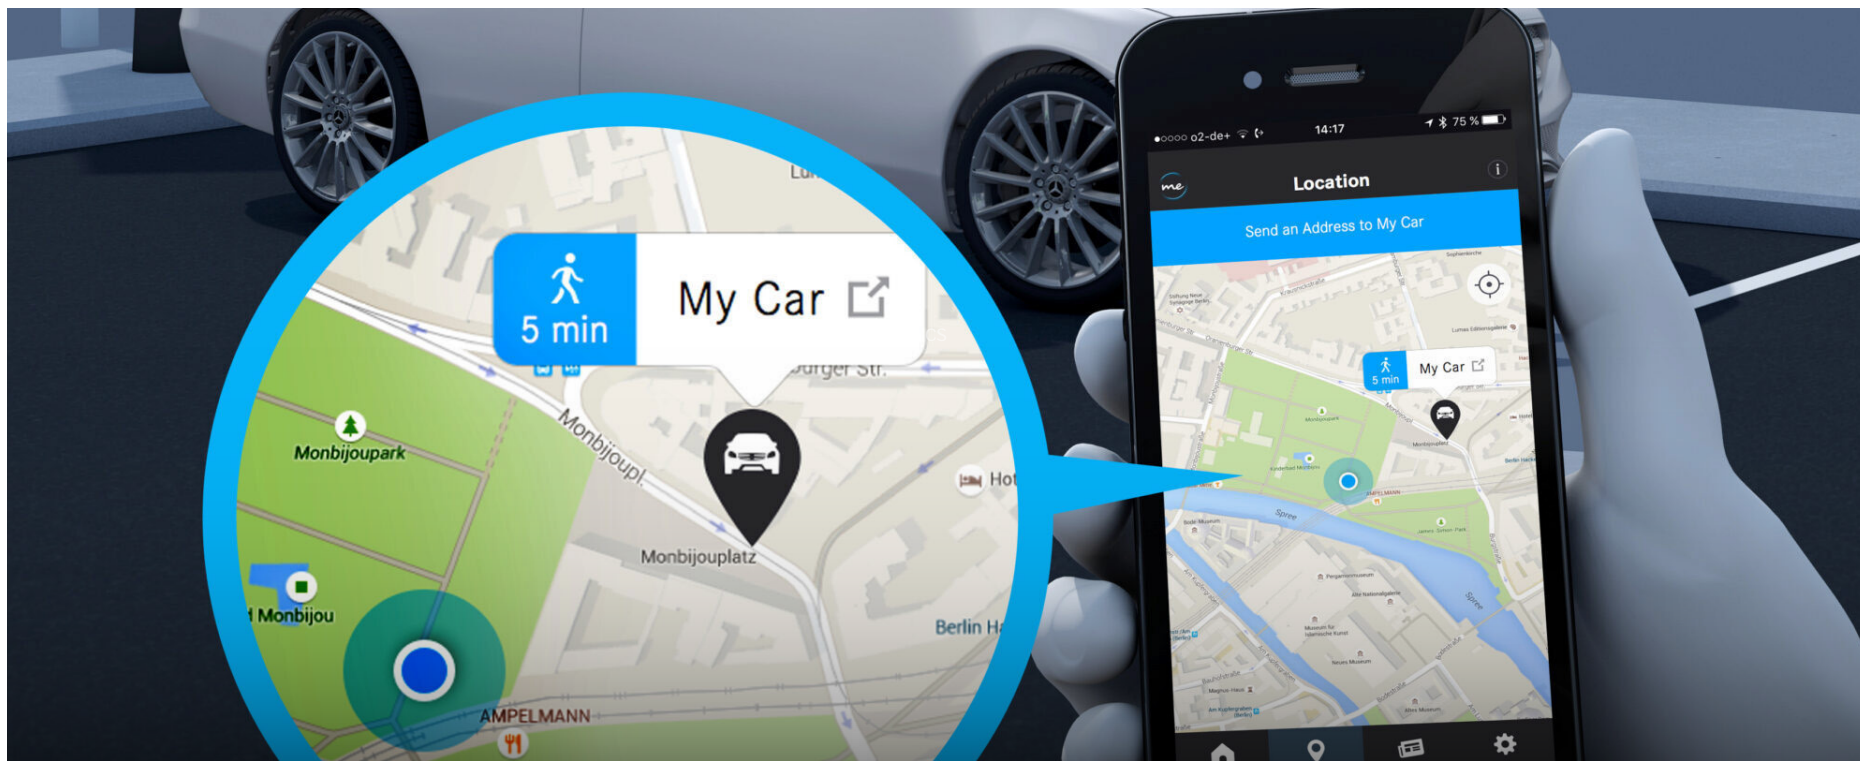

- **Remote Retrieval of Vehicle Status:** Information on Mercedes-Benz App or the Mercedes-Benz Portal.
- **Remote Door Locking and Unlocking:** You can conveniently remotely lock or unlock your vehicle from the Mercedes-Benz App.
- **Speed Alert:** Receive an alert if your vehicle exceeds a certain speed.
- **Send2Car function:** Send your address to your vehicle via an app.
- **Remote Engine: Start/Stop**

VEHICLE FINDER (HORN & LIGHT FLASHING)

Find your vehicle in large parking lots with ease. Simply blow the horn or flash the headlamps through the app to locate your vehicle.

GEO-FENCING

Set a perimeter for the car movement and receive notifications in case of vehicle movement beyond the parameter. Hence the feature enables easy monitoring when vehicle is being driven by others.

Disclaimer: Please note that certain services are offered free of cost for a period of three (03) years and may be chargeable at the expiry of three (03) years from the date of activation of such services. SAFETY

ACTIVE PARKING ASSIST WITH PARKTRONIC

Active Parking Assist with PARKTRONIC takes the stress out of tight parking situations. The system helps locate suitable parking spaces and assists with reversing, while supporting steering, acceleration and braking.

PARKING PACKAGE WITH 360-DEGREE CAMERA

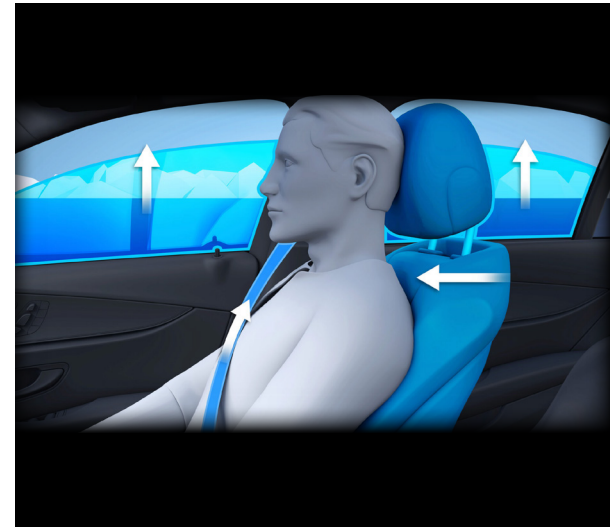

The Parking Package with 360-degree camera delivers all-round visibility and effortless manoeuvring. Active Parking Assist with PARKTRONIC detects available and marked parking spaces as you drive past, while dynamic visualisation and audible feedback help you park confidently—or allow the vehicle to park itself with assisted parking.

PRE-SAFE® SYSTEM

The PRE-SAFE® system uses the instants before an imminent accident. The innovative PRE-SAFE® Sound generates a noise from the speakers which is able to trigger a natural protective reflex to protect the inner ear by dampening the noise of the accident.

- Uses the sensor systems such as ESP® or the driving assistance systems to detect applicable driving conditions
- Records vehicle behaviour and responds
- Continuous assessment of the surroundings enables a response to impending collisions
- Preventive tensioning of the seat belts
- Closes open side windows and/or the open sunroof

ACTIVE BRAKE ASSIST

Active Braking Assist is constantly attentive for you, and can help prevent serious accidents due to insufficient distance or inattentiveness. In case of no reaction, Active Braking Assist diffuses more energy with an autonomous brake application to prevent accidents and lessen their severity.

- Braking upto a speed of approx. 60 km/h for stationary vehicles & pedestrians
- Prevents collisions up to a speed of 50 km/h depending on the situation
- Radar-based driving assistance system with mono camera
- Adjustment options for intervention points: early, medium and late

BLIND SPOT ASSIST

Blind Spot Assist monitors adjacent areas and warns you of potential side collisions, particularly when changing lanes. After your journey, the system remains active and alerts you when opening the door if another road user is approaching—an important protection, especially for cyclists.

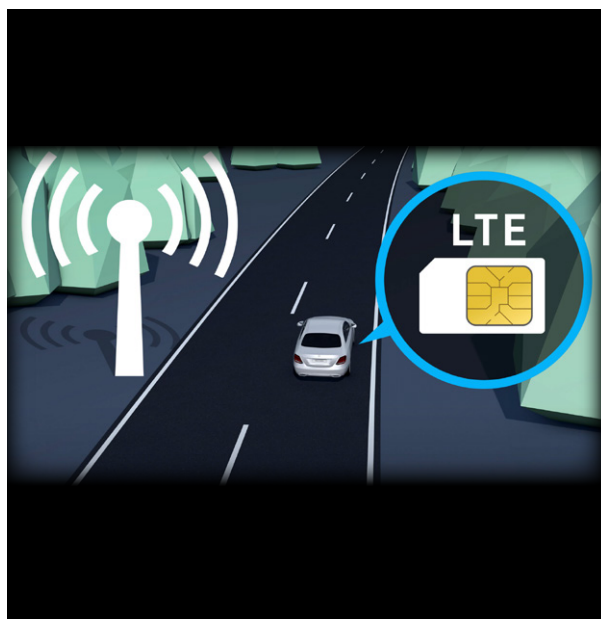

ACTIVE LANE KEEPING ASSIST

Active Lane Keeping Assist monitors lane markings and helps keep you centred in your lane. If you unintentionally drift or move too close to other road users, the system can intervene with gentle steering input and provide steering wheel vibrations as a warning—supporting safer, more confident driving.

COMMUNICATION MODULE (LTE) FOR DIGITAL SERVICES

The communication module transfers higher volumes of data at very high speed. The term Advanced stands for an extremely powerful mobile communications standard. You benefit from this turbo LTE at all times. Thanks, for example, to an even faster flow of information for the numerous Mercedes me convenience services or Car-to-X Communication.

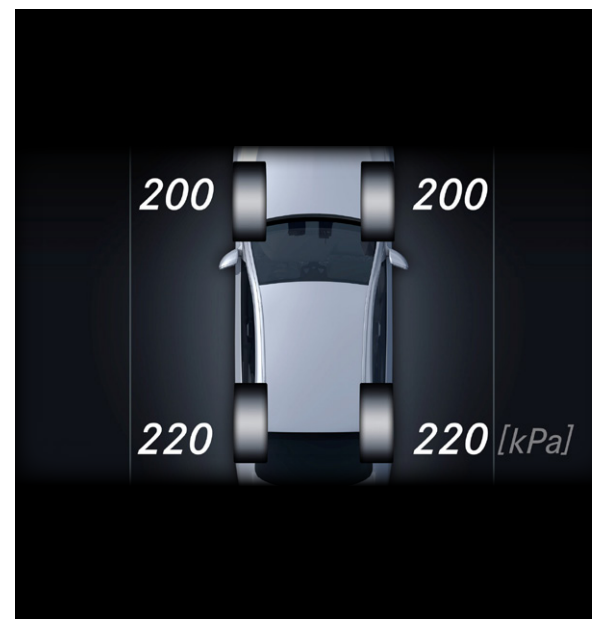

PREINSTALLATION FOR LIVE TRAFFIC INFORMATION

Arrive at your destination stress-free, via the best route and quicker. Live Traffic Information receives traffic information in real time which is more precise and up to date than conventional systems and optimises dynamic route guidance. Whether in rush hour or when travelling: You can react to many situations and easily avoid traffic jams and stop-and-go traffic.

TYRE PRESSURE MONITOR

The Tyre Pressure Monitor continuously checks tyre pressure and warns you if a drop is detected. Early alerts help you react quickly, support safer braking performance, and contribute to longer tyre life.

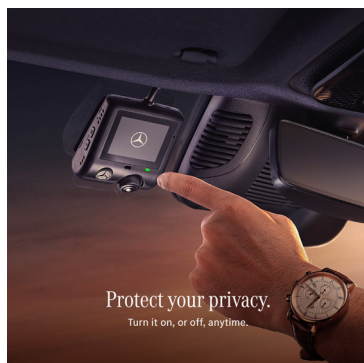

COMPREHENSIVE AIRBAG PROTECTION

GLC comes with 10 airbags including a Center Airbag and Rear side airbags which work together to enhance occupant protection during collisions. The Centre Airbag, integrated into the inner side of the driver's seat, deploys to help prevent contact between the driver and front passenger, adding an extra layer of safety. Meanwhile, rear side airbags protect the chest area of outer rear-seat passengers during serious side impacts. In combination with standard window airbags, they support injury prevention and help reduce the severity of impact.

GENUINE ACCESSORIES & COLLECTIONS

SAFETY & SECURITY

Stay protected with a 360° surround dashcam featuring 3-channel recording, seamless loop storage, and intelligent power management.

TRAVEL ESSENTIALS

Travel smarter with essentials like a spacious roof box, secure child seats, a handy cool box, and practical add-ons for added comfort on every journey.

EXTERIOR ENHANCEMENT & WHEELS

Elevate your vehicle's presence with premium exterior styling and wheel upgrades, featuring the AMG pattern LCD projector, roof spoiler, fuel filler cap, protective door handle recesses, and stylish alloys, hub caps, and valve caps for a bold, head-turning finish.

COLLECTIONS

Explore our exclusive collections, AMG, Mercedes-Benz, and Young Stars collection, featuring premium lifestyle merchandise like T-shirts, caps, key rings, mugs, and more to showcase your passion beyond the drive.

INTERIOR ENHANCEMENT

Enhance every drive with premium interior upgrades from elegant velour, durable ribbed, and all-season floor mats to sport pedals and illuminated door sills, all designed to elevate comfort, style, and everyday functionality.

FINANCIAL FREEDOM FOR YOUR JOURNEY

Whether you prefer the simplicity of a traditional ownership or flexibility of upgrading your car every few years, our financial solutions are designed to suit your lifestyle, we ensure your experience is seamless just like your drive.

STAR Finance

Offers a seamless solution for straightforward Mercedes-Benz ownership, getting you behind the wheel instantly.

- Choose a repayment period ranging from 12 to 84 months.
- You own the vehicle from the very start of the contract term.
- Know exactly what your repayments are with a consistent, fixed rate.

STAR Agility+

For those who value flexibility, STAR Agility+ offers an Assured Buy-Back Value that guarantees your vehicle's future worth.

- Loan term ranging from 12 to 60 months.
- Annual mileage allowance that reflects your driving needs.
- Lower monthly repayments and the highest residual value.
- Inclusive maintenance and an extended warranty

SERVICES

SERVICE AS SEAMLESS AS THE DRIVE

ADVANCE ASSURANCE PROGRAM

Extended warranty for long-term peace of mind
Continue your ownership journey with confidence beyond the standard 3-year warranty. The Advance Assurance Program extends warranty coverage up to 6 years at a nominal cost, ensuring sustained protection and worry-free driving.

STAR EASE

Predictable maintenance. Exceptional value.
STAR Ease maintenance packages offer fixed-cost servicing based on model, mileage and tenure. Enjoy freedom from service-related surprises, along with benefits such as priority handling, reduced waiting times and faster service processes.

MOBILO

24x7 on-road assistance, wherever you go
Mobilo provides round-the-clock roadside assistance for complete mobility assurance. Standard for 3 years and extendable up to 8 years, it includes benefits such as towing support, replacement vehicle and hotel accommodation when required.

DIGITAL SERVICE DRIVE

Convenient. Transparent. Hassle-free.
Designed around your schedule, Digital Service Drive ensures seamless service experiences with enhanced transparency and customer-friendly processes, so your vehicle care is always effortless.

PREMIER EXPRESS PRIME

Comprehensive service delivered faster

For customers who value time, Premier Express Prime enables quicker service turnaround without compromising on quality. A brief visit, a thorough service available at selected locations.

MERCEDES-BENZ GENUINE PARTS

Engineered for your Star

Crafted to exact Mercedes-Benz standards, Genuine Parts preserve performance, safety and comfort. Backed by a warranty of up to 2 years, they ensure reliability and long-term ownership confidence. Terms and conditions apply

MERCEDES-BENZ APPROVED TYRES & ALLOYS

Optimized for performance and safety

Approved tyres are precisely matched to your vehicle's dynamics, while approved alloys enhance both performance and visual appeal ensuring every drive remains safe, comfortable and engaging.

MERCEDES-BENZ GENUINE CHEMICAL PRODUCTS

Tested, approved & environmentally responsible

Specially developed to meet Mercedes-Benz material compatibility and quality standards, these products support your vehicle throughout its lifecycle while complying with stringent environmental norms.

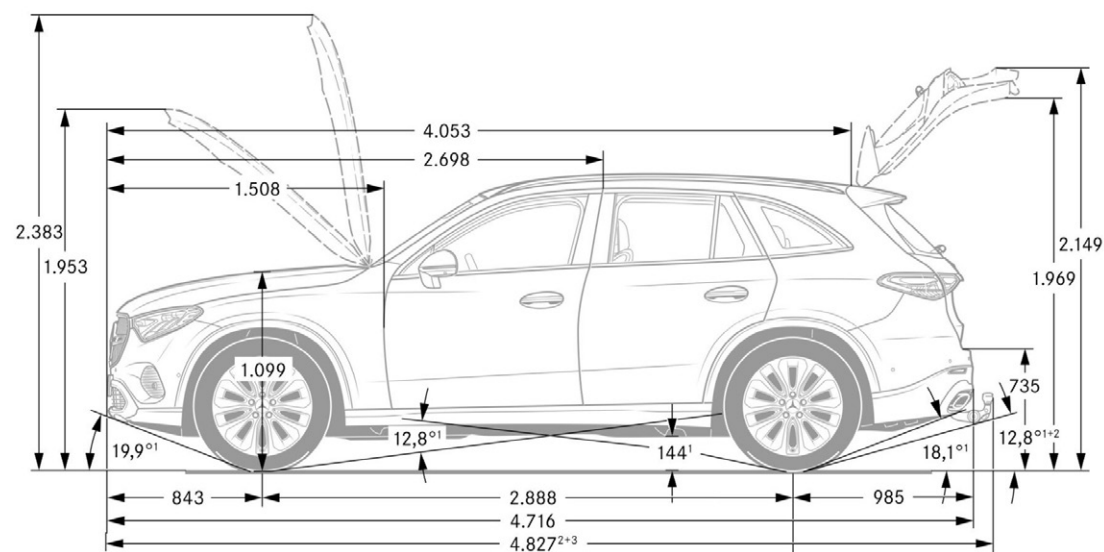

TECHNICAL DATA

	GLC 220d 4MATIC	GLC 300 4MATIC
Total displacement / No./arrangement of cylinders	1993 cc / L4	1999 cc / L4
Rated output (kW (hp) @ rpm)	145 (197) @ 3600	190 (258) @ 5800
Rated torque (Nm @ rpm)	440@1800 – 2800 Nm rpm	400@2000 - 3200 Nm rpm
Transmission	9G-TRONIC	9G-TRONIC
Acceleration from 0 – 100 km / h (s)	8	6.2
Top speed (km/hr)	219	240
L x W x H (mm)	4716 x 1890 x 1640	4716 x 1890 x 1640

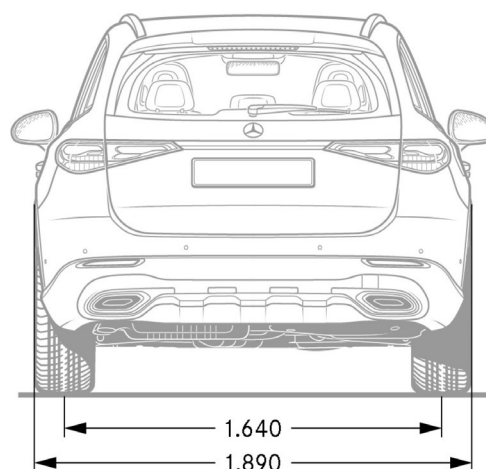

The integrated starter alternator (ISG) electrically supports the combustion engine in certain operating states with up to 17 kW of additional power and up to 200 Nm more torque. You will particularly notice this benefit when you accelerate. On the other hand, electric support of the combustion engine also brings fuel consumption advantages. The ISG operates with a separate 48 V on-board electrical system.
