INTRODUCTION

CELEBRATING THE TIMELESS ROMANCE OF THE SEDAN

The all-new ŠKODA SLAVIA is a masterpiece derived from ŠKODA's rich legacy of building some of the world's most loved sedans. With an impeccable balance of space, grace and functionality, this beautiful piece of automotive excellence brings you an unmatched driving experience. Come, fall in love.

EXTERIOR DESIGN

MAKE A STYLISH STATEMENT

The all-new ŠKODA SLAVIA effortlessly blends the old-school charm of a sedan with a contemporary design language.

Turn heads wherever you go in a car that epitomizes elegance.

FRONT VIEW

The all-new ŠKODA SLAVIA acs the first impression with its stunning ŠKODA Hexagonal Grille with Chrome Surround. The chrome highlights on the front bumper perfectly complement the mesmerizing ŠKODA Crystalline LED Headlamps with L-Shaped DRLs. The bold design of the front view stands out even from a distance.

REAR VIEW

The rear of the all-new ŠKODA SLAVIA features distinctive attributes of the modern sedan. The striking ŠKODA Crystalline Split LED Tail lamps and the chrome elements on the rear bumper are designed to impress. The tapered coupé form of the car effortlessly embodies its sporty DNA.

FLANKED BY MAGNIFICENCE

The all-new ŠKODA SLAVIA is breathtaking from every angle. The R16 Ving Alloy Wheels bring alive the car's dynamism. The body colour door handles with chrome accents and the chrome window garnishes adorn the sides. Meanwhile, the ŠKODA Piano Black fender garnishes with chrome outlines add a sublime touch to the exterior.

TOP VIEW

Let in a little fresh air as you take a spin in your all-new ŠKODA SLAVIA. The Electric Sunroof with Anti-Pinch Technology makes every journey memorable.

CRYSTALLINE LIGHTING

SHINE BRIGHT

Enjoy technology that perfects your driving experience. The all-new ŠKODA SLAVIA features Auto LED Headlamps that light up when it gets darker outside.

ŠKODA CRYSTALLINE LED HEADLAMPS WITH L-SHAPED DRLs

The state-of-the-art headlamps are engineered to combine exquisite design with high-performance functionality. Even in rough weather conditions, the dependable fog lights significantly enhance visibility to help you power through, while the sleek DRLs add to the car's dynamic road presence.

ŠKODA CRYSTALLINE SPLIT LED TAIL LAMPS

Derived from traditional Czech design, the tail lamps are powered by striking LED lights. The sharp lines and ultra-modern design of the tail lamps put the all-new ŠKODA SLAVIA stylishly ahead of others in the segment.

INTERIOR DESIGN

The all-new ŠKODA SLAVIA sets new benchmarks in comfort. Its Stone Beige & Black Luxe Interiors redefine dual-tone automotive aesthetics. The 20.32cm ŠKODA Virtual Cockpit, chrome elements, and ambient lighting add futuristic touches to the cabin.

DASHBOARD

Styled to perfection, the glazed dash décor with piano black accents complements the leather upholstery of the all-new ŠKODA SLAVIA. The Chrome Bezel Air Vents enhance the car's design.

DESIGN AND FUNCTIONALITY

Get controls for essentials like radio, music and more at your fingertips so that you can drive without taking your eyes off the road. The intuitively designed 2-spoke multi-functional steering wheel with chrome scrollers reinvents your drives.

ALL WEATHER COMFORT

The ventilated black leather seats with perforated beige design in the front are a testament to ŠKODA's famed craftsmanship. The spacious interior also provides enough room for every passenger to sit back and experience automotive excellence.

AMBIENT LIGHTING

The all-new ŠKODA SLAVIA's ambient lighting elevates the design of the interior while giving you the perfect lighting for every journey.

CHROME BEZEL AIR VENTS

Inspired by the metallic ring around the dial of a watch, the side air conditioning vents are adorned with magnificent chrome trims that stand out on the dashboard.

PERFORMANCE

POWER MEETS EFFICIENCY

Be at the wheel of brilliance with the all-new ŠKODA SLAVIA. Its engine brings you unmatched power without compromising on efficiency. The Start & Stop Recuperation (SSR) function, which is standard across all variants, reduces CO₂ emissions and boosts its fuel efficiency. The Active Cylinder Technology (ACT) in the 1.5L 110 kW (150 PS) TSI engine is where two of the four cylinders are temporarily deactivated in order to reduce fuel consumption. The two-cylinder shut-off takes place in an operating range that occurs frequently during normal driving. It is very environmentally friendly and yet powerful.

The all-new ŠKODA SLAVIA has 2 engine variants (1.0 TSI and 1.5 TSI) with 2 gearbox variants each. All variants have SSR and deliver efficiency with dynamism.

1.0 TSI (Turbo Stratified Injection) Engine:

The 1.0 TSI engine, with 85 kW (115 PS) and 178 Nm torque, is powerful yet efficient. It is available in both manual and automatic transmissions.

1.5 TSI (Turbo Stratified Injection) Engine:

The all-new ŠKODA SLAVIA's 1.5 TSI engine with Active Cylinder Technology (ACT) churns out 110 kW (150 PS) and 250 Nm torque which ensure exceptional acceleration for sporty drives. It is available in both manual and automatic transmissions.

Both engine variants of the all-new ŠKODA SLAVIA offer excellent transmission options for you to choose from.

MANUAL TRANSMISSION

Car comes equipped with 1.0 TSI and 1.5 TSI 6-Speed Manual Transmission.

AUTOMATIC TRANSMISSION

Depending on the variant of your choice, the car comes equipped with 1.0 TSI 6-speed AT and 1.5 TSI 7-speed DSG.

| SAFETY

YOUR SAFETY MATTERS THE MOST

Packed with cutting-edge technology, the all-new ŠKODA SLAVIA keeps you safe with 6 airbags, Anti-Theft Alarm, Electronic Stability Control (ESC), Traction Control System (TCS), Multi-collision Braking (MKB), and various other safety features.

DRIVER AND PASSENGER FRONT AIRBAGS

These protect you in case of front collisions. While the driver airbag is enclosed in the steering wheel, the passenger airbag is located in the dashboard.

FRONT SIDE AIRBAGS

These airbags protect the pelvis and chest of the driver and passengers in case of a side collision.

CURTAIN AIRBAGS

These two airbags shield the driver and passengers against head injury in the event of a side collision.

HILL HOLD CONTROL

Conquer gradients with HHC that allows a safe start uphill without using the parking brake.

TYRE PRESSURE MONITORING SYSTEM

Avoid unnecessary pitstops by keeping tabs on your tyres. This feature, which is standard across all variants, detects and alerts the driver to a drop in pressure in any of the 4 tyres.

ELECTRONIC STABILITY CONTROL

Stay on course even in tricky situations. ESC helps to maintain directional stability and tyre traction during understeer and oversteer. This feature is standard across all variants.

MULTI-COLLISION BRAKE

MKB is standard across all variants. In case of an accident, it prevents further uncontrolled movement of the car to avoid more collisions.

ANTI-LOCK BRAKING SYSTEM

ABS helps maintain control of the vehicle during emergency braking. An ABS intervention is noticeable from the pulsating movements of the brake pedal. This feature is standard across all variants.

ELECTRONIC DIFFERENTIAL LOCKING SYSTEM

EDS, which is standard across all variants, helps to stabilise the vehicle when driving on road surfaces with different grip under the individual wheels. XDS+ helps to keep the vehicle on the turn by effectively braking the wheels on the inner side of the turn. XDS is functional up to 30km/h.

MOTOR SLIP REGULATION

MSR helps to maintain control of the vehicle in the event of a sudden reduction in speed. If the wheels of the driven axle lock, MSR increases the engine speed. This reduces the braking effect of the engine to prevent the wheels from slipping. This feature is standard across all variants.

PARK DISTANCE CONTROL

Park in small spaces with ease. This system is standard across all variants and helps you factor in nearby objects to help you park safely.

ANTI-THEFT ALARM

This function, which is standard across all variants, detects vibrations to identify invalid access to the vehicle and immediately sends you an SMS in case of an attempted breach.

TRACTION CONTROL SYSTEM

TCS/ASR, which is standard across all variants, helps stabilize the vehicle when driving on low-grip roads. It reduces the drive power transmitted to the wheels when they spin.

BRAKE DISC WIPING

The BDW feature enhances safety while driving in the rain by removing excess water from the brake to maintain a short braking distance. This feature is standard across all variants.

INFOTAINMENT AND CONNECTIVITY

IMMERSIVE INFOTAINMENT

Liven up every trip with entertainment and information features curated for your everyday driving.

THE 25.4CM INFOTAINMENT SYSTEM WITH ŠKODA PLAY APPS

A statement piece on the dashboard, the infotainment system can be operated via touch controls. With Wireless SmartLink (Apple CarPlay & Android Auto), seamlessly connect your phone to the system. Browse the menu, navigate, make calls and more with everything you need within reach.

ŠKODA PLAY APPS

The infotainment system comes with 5 downloadable apps - Audiobooks, Booking.com, Gaana, SYGIC Offline Navigation and BBC News.

SYGIC OFFLINE NAVIGATION

This is an advanced navigation system with 2D and 3D view.

VALET MODE

This function records the car's movement and driving patterns after you hand it over to a valet. It lets you monitor your car and locks all infotainment functions when it is activated.

ŠKODA SOUND SYSTEM WITH 8 HIGH-PERFORMANCE SPEAKERS & SUBWOOFER

Enhance your drives with the state-of-the-art ŠKODA Sound System. Immerse yourself in an unmatched audio experience with impeccable sound quality. With 8 speakers and subwoofer having an output of 380W, the high-performance system is the best in the segment.

MyŠKODA CONNECT

SMART CONNECTIVITY

The inbuilt MyŠKODA Connect mobile online services can be accessed at any time via the MyŠKODA Connect app. MyŠKODA Connect displays a clearly laid out Vehicle Health Report on the smartphone. The system automatically stores important data every time the ignition is switched off. Remote vehicle access is also available, which allows owners to retrieve vehicle information and driving data, including the car's parking location.

TRACK YOUR CAR

Keep an eye on your car's location from your home or office and stay informed when someone is driving your car.

REAL-TIME SPEED TRACKING

Monitor the real-time driving speed.

GEOFENCE BREACH NOTIFICATION

Add a geofence for your car and get alerts when the boundary is breached.

ROADSIDE ASSISTANCE

Get roadside services like flat tyre repair, battery jump-start, refuelling, towing and a lot more.

DEVICE TAMPERING ALERT

Stay alert with prompt notifications on Device Tampering.

DRIVING BEHAVIOUR

Get real-time information on driving behaviour, e.g., harsh braking, sharp turns, speeding and rapid acceleration.

WALK TO CAR

Locate your car quickly in big parking lots or crowded areas.

ROUTE TRACKING/DEVIATION ALERT

Live track the travel route taken by your family and get quick deviation alerts.

SOS (EMERGENCY SMS WITH LOCATION)

Long press the SOS button to send an emergency SMS to your contacts with your location

TOW ALERT

Get an alert in case your car is being towed away.

COMFORT AND CONVENIENCE

Every feature in the all-new ŠKODA SLAVIA is carefully engineered to cater to your exact needs. Enjoy technology that brings you comfort in its purest form in this intelligent sedan.

2-SPOKE MULTI-FUNCTIONAL STEERING WHEEL WITH CHROME SCROLLERS

The multi-functional steering wheel lets you access audio controls without any hassles via stylish chrome scrollers. The steering wheel position can also be adjusted as per the driver's requirement.

KESY

The Keyless Entry Start & Stop System enables convenient locking and unlocking of the car.

12V POWER SOCKET IN FRONT CENTRAL CONSOLE

The power socket in the front central console helps you power devices on the go.

CRUISE CONTROL

In addition to maintaining the preselected speed, cruise control enables you to increase or reduce speed without using pedals.

ADJUSTABLE REAR A/C VENTS

The adjustable rear A/C vents ensure comfort for the rear passengers in the car.

CLIMATRONIC AIR CONDITIONING WITH AIRCARE FUNCTION

Climatronic automatic air conditioning with electronic regulation of cabin temperature ensures that everyone in the car experiences maximum comfort.

20.32CM ŠKODA VIRTUAL COCKPIT

The virtual display behind the steering wheel features information like speed, distance travelled, service interval, average fuel consumption, and much more.

WIRELESS CHARGING

Charge your phone wirelessly while driving (only on selected phones).

REAR VIEW CAMERA WITH STATIC GUIDELINES

Reverse and park safely with a rear camera.

ELECTRIC SUNROOF WITH ANTI-PINCH TECHNOLOGY

The sunroof opens up for you to enjoy sunlight, fresh air and elevated views.

| STORAGE

MORE THAN ENOUGH SPACE FOR EVERYTHING YOU LOVE.

The all-new ŠKODA SLAVIA offers you more than just space. It has plenty of thoughtfully crafted storage options for all your travel essentials.

LUGGAGE CAPACITY

A sedan owner should never settle when it comes to boot space. The all-new ŠKODA SLAVIA raises its bar with its best-in-segment storage space. With the rear seats upright, enjoy XL boot space with 521 litres capacity. You can also fold down the rear seats to open up a massive 1050 litres boot space.

DRIVER STORAGE COMPARTMENT

The storage compartment by the steering wheel with a card holder gives you easy access to your essentials while you drive.

STORAGE IN FRONT AND REAR DOORS

With designated spaces for bottles by the driver and passenger seats, spillages are a worry of the past.

STORAGE IN THE FRONT CENTRE ARMREST

A place to house your devices, snacks and electronics to keep them handy.

CUPHOLDERS IN THE ARMREST

Designated spaces for bottles and cups in the rear of the car help keep the passengers' favourite beverages within reach.

COOLED GLOVE BOX

Enjoy hassle-free storage space for perishables in the dashboard.

SIMPLY CLEVER

THE ALL-NEW ŠKODA SLAVIA
KNOWS YOU WELL.

The car is packed with simply clever innovations that
prioritize your comfort at every turn.

SMARTPHONE POCKET

This thoughtful feature for the rear passengers allows them to store their smartphones safely.

REFLECTIVE SAFETY TAPE ON ALL FOUR DOORS

Open your door safely by staying visible to other drivers even in low light conditions.

SMART GRIP BOTTLE HOLDER

Designed to hold your beverages firmly in place, this feature even allows you to open your bottle with one hand.

SMARTCLIP TICKET HOLDER

Placed right at the side of the windshield, the SmartClip Ticket Holder ensures that the required tickets are displayed without hassles.

UTILITY RECESS ON THE DASHBOARD

The additional space carved out on the dashboard adds an aesthetic touch to the interior design.

TWO USB-C SOCKETS IN THE REAR

Passengers in the rear seats can easily charge their devices with two USB-C sockets.

DOCUMENT HOLDER ELASTIC STRING

Each door features an elastic string to hold your documents in place to keep the car's interior organised and your belongings safe.

COAT HOOKS

The coat hooks on the rear roof handles help you keep your outfits handy without damaging them.
