Future is an attitude

At Audi, we believe that progress is the only way forward. Where some people might see just cars, we see the future of mobility. And that's why we make cars with a vision of constant progression. Progress that is beyond measure. At Audi, future is an attitude.

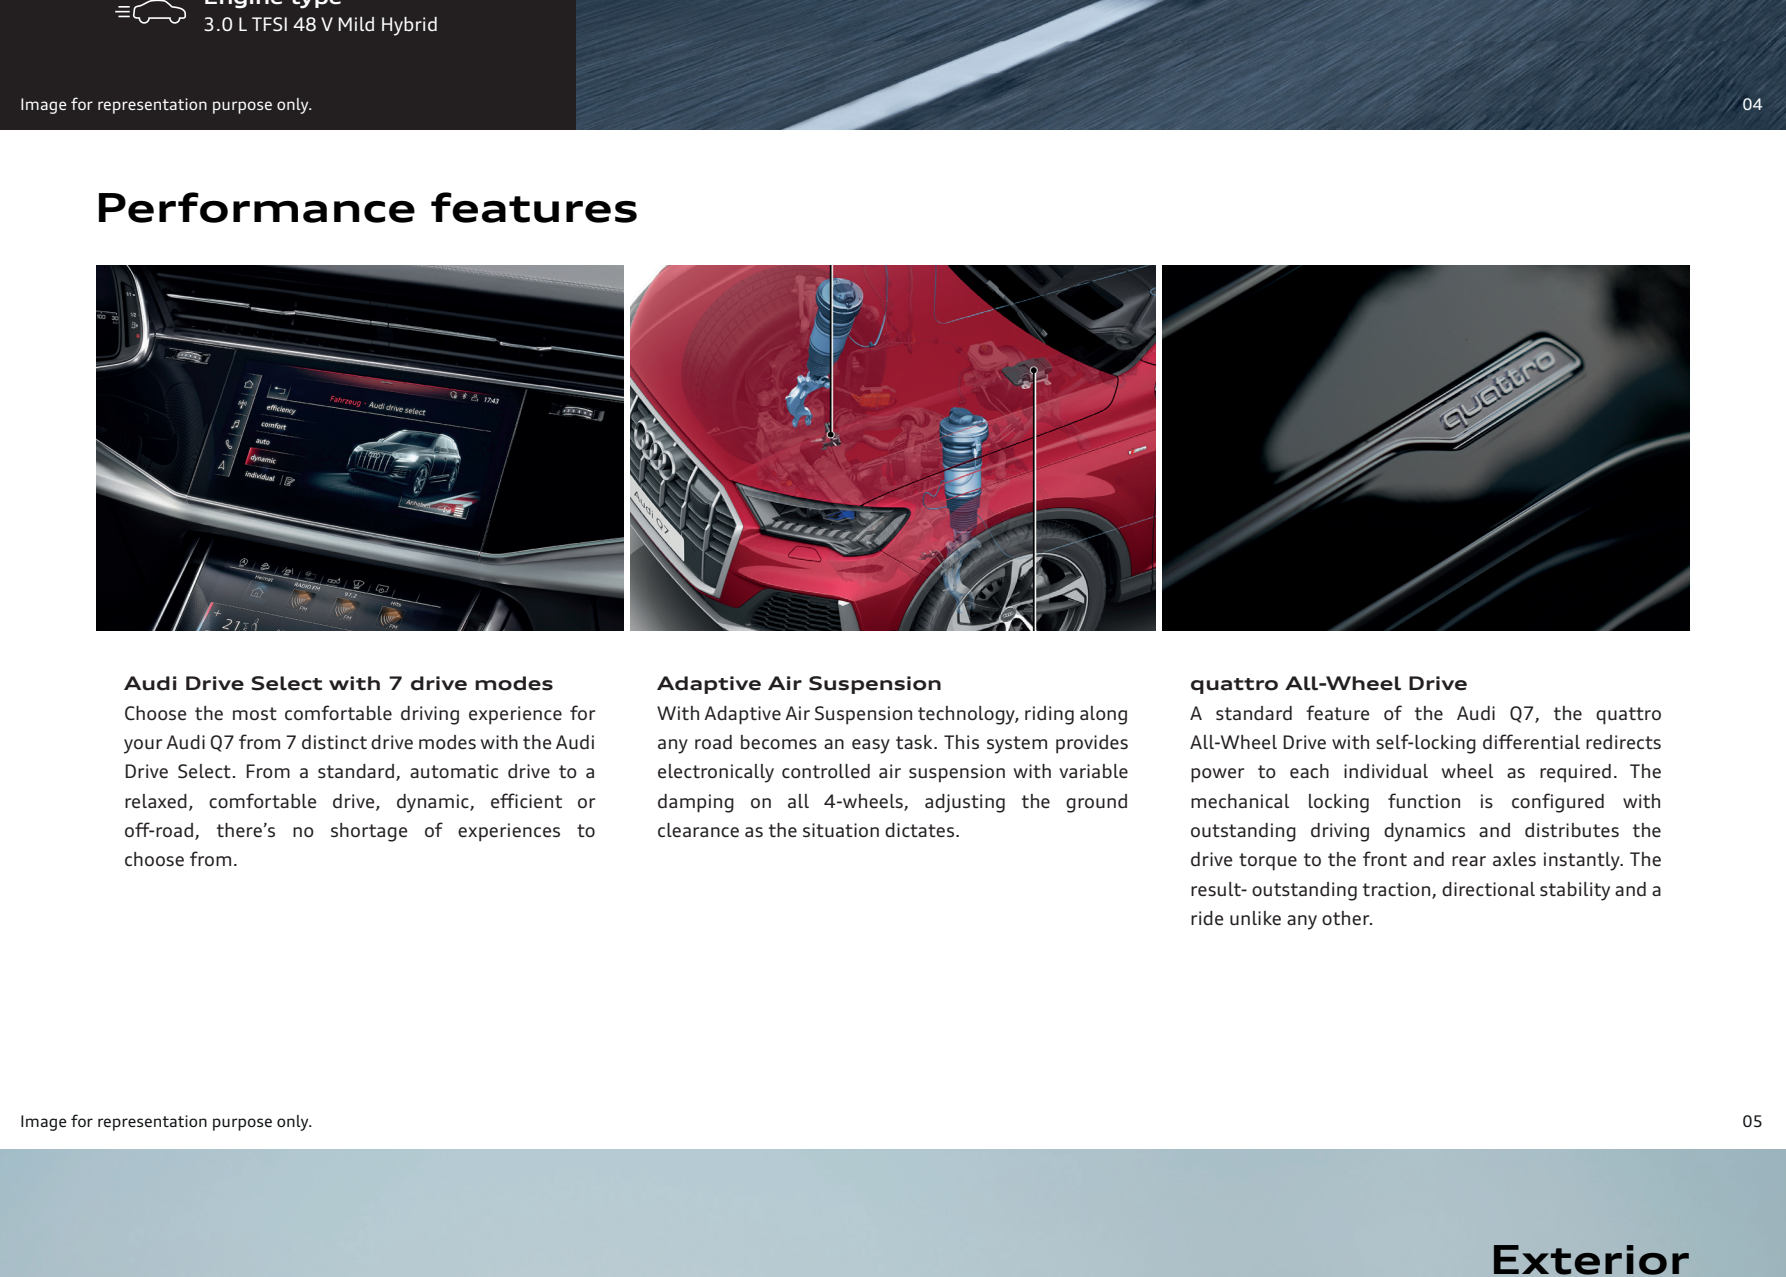

The Audi Q7

A sporty exterior, new infotainment and driver assist technologies and plenty of space to do more – that's what the Audi Q7 encompasses. This seven seater is a versatile, top-class SUV for the whole family. It offers one compelling driving experience, thanks to quattro all-wheel drive and intelligent air suspension solutions. It's everything one could want and a whole lot more.

Performance

Driving towards perfection

The Audi Q7 knows how to impress in more ways than one; its athletic exterior is only complemented by a dynamic driving experience. With a powerful 3.0 L 48 V TFSI Hybrid engine that has a maximum speed of 250 km/h and a system output of 340 hp, the Audi Q7 provides a dynamic driving performance, while the quattro all-wheel drive ensures sporty handling. What's more, the car is as comfortable to drive in the city as it is on a quiet trip along the highway, off-roading, or anywhere in between thanks to 7 different drive modes on the Audi Drive Select.

Performance

Power
250 kW/340 hp

Torque
500 Nm

Acceleration
5.9 sec (0 to 100 km/h)

Engine type
3.0 L TFSI 48 V Mild Hybrid

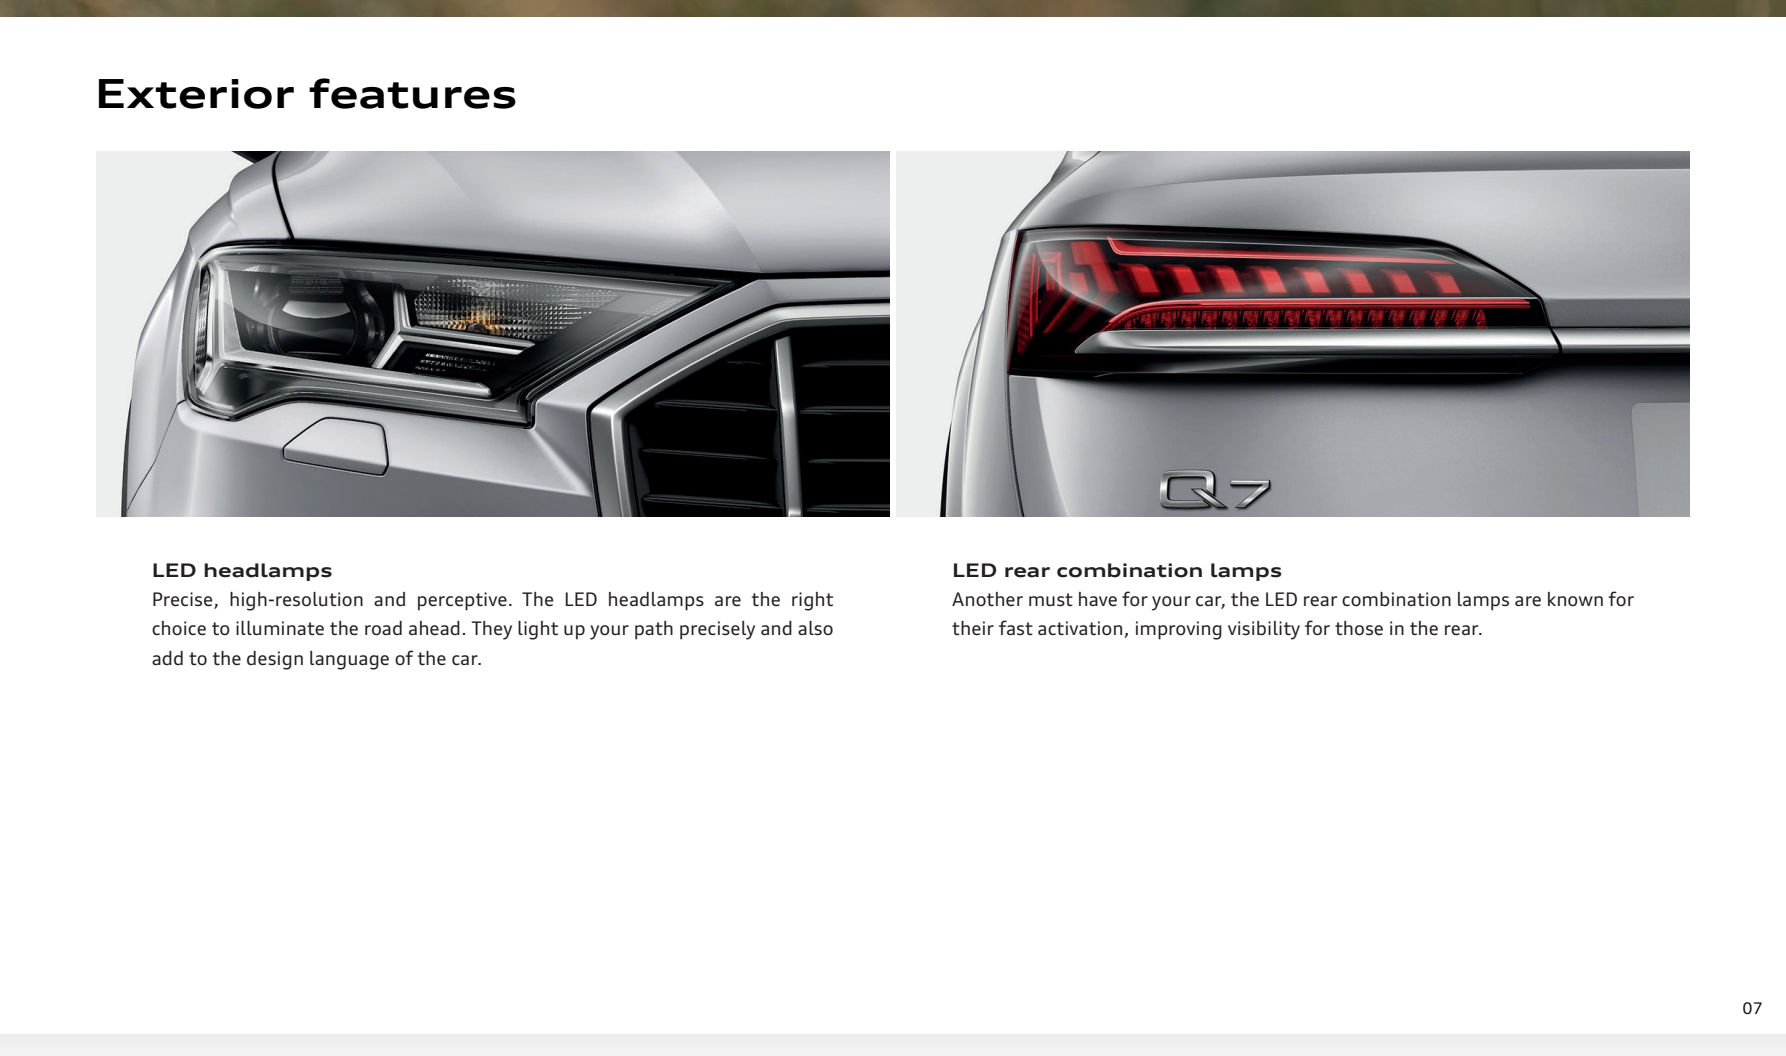

Performance features

Audi Drive Select with 7 drive modes
Choose the most comfortable driving experience for your Audi Q7 from 7 distinct drive modes with the Audi Drive Select. From a standard, automatic drive to a relaxed, comfortable drive, dynamic, efficient or off-road, there's no shortage of experiences to choose from.

Adaptive Air Suspension
With Adaptive Air Suspension technology, riding along any road becomes an easy task. This system provides electronically controlled air suspension with variable damping on all 4-wheels, adjusting the ground clearance as the situation dictates.

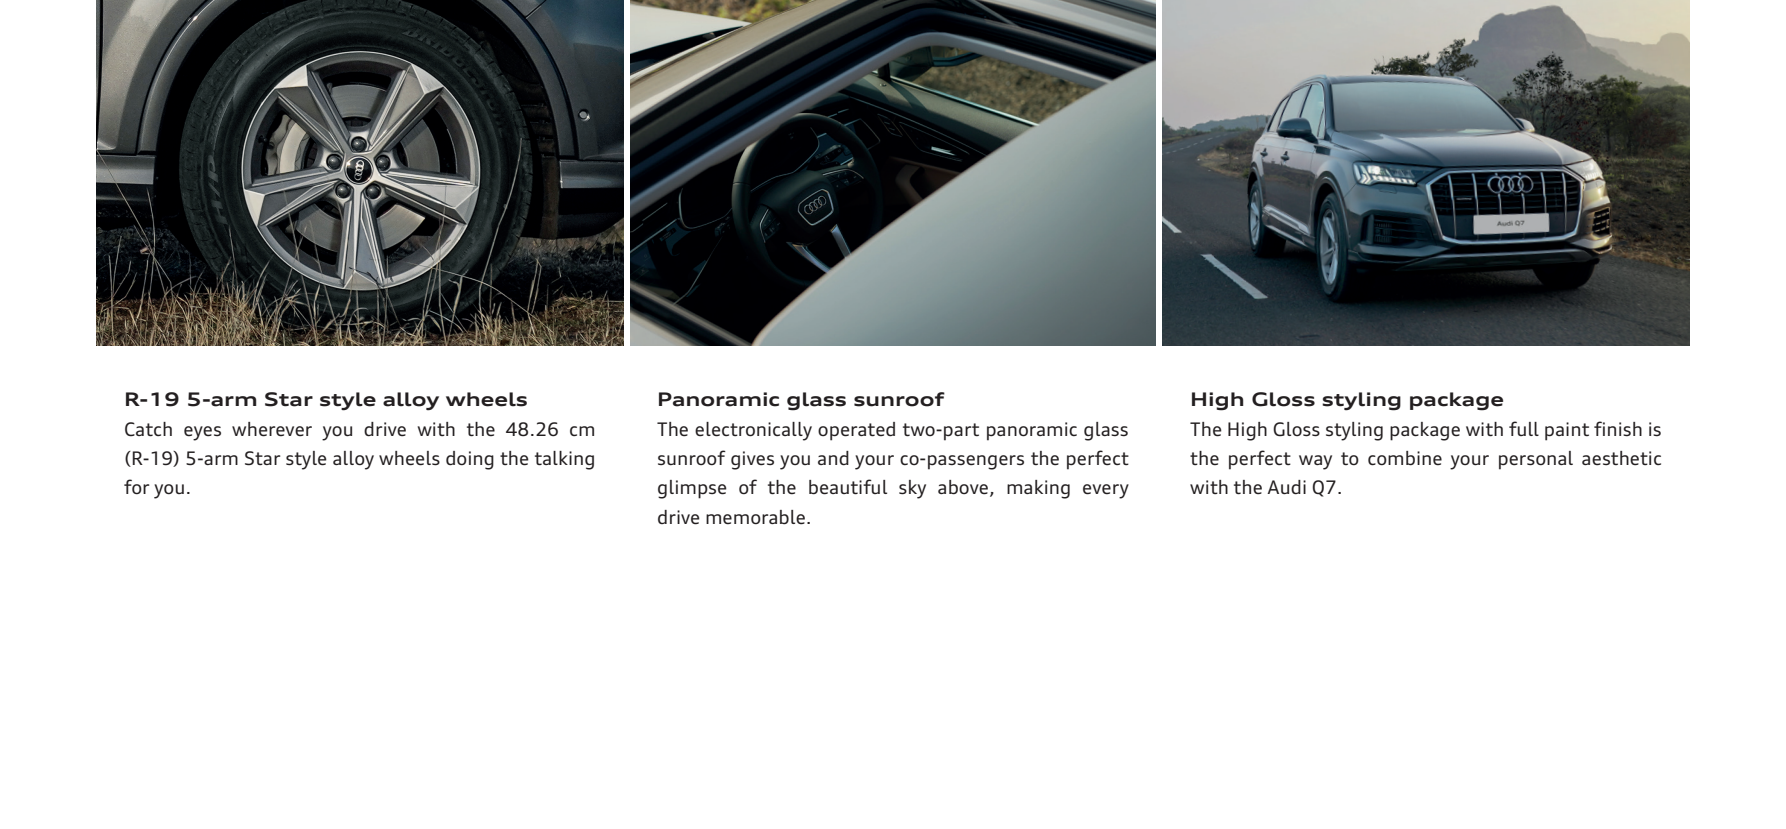

quattro All-Wheel Drive
A standard feature of the Audi Q7, the quattro All-Wheel Drive with self-locking differential redirects power to each individual wheel as required. The mechanical locking function is configured with outstanding driving dynamics and distributes the drive torque to the front and rear axles instantly. The result: outstanding traction, directional stability and a ride unlike any other.

Exterior

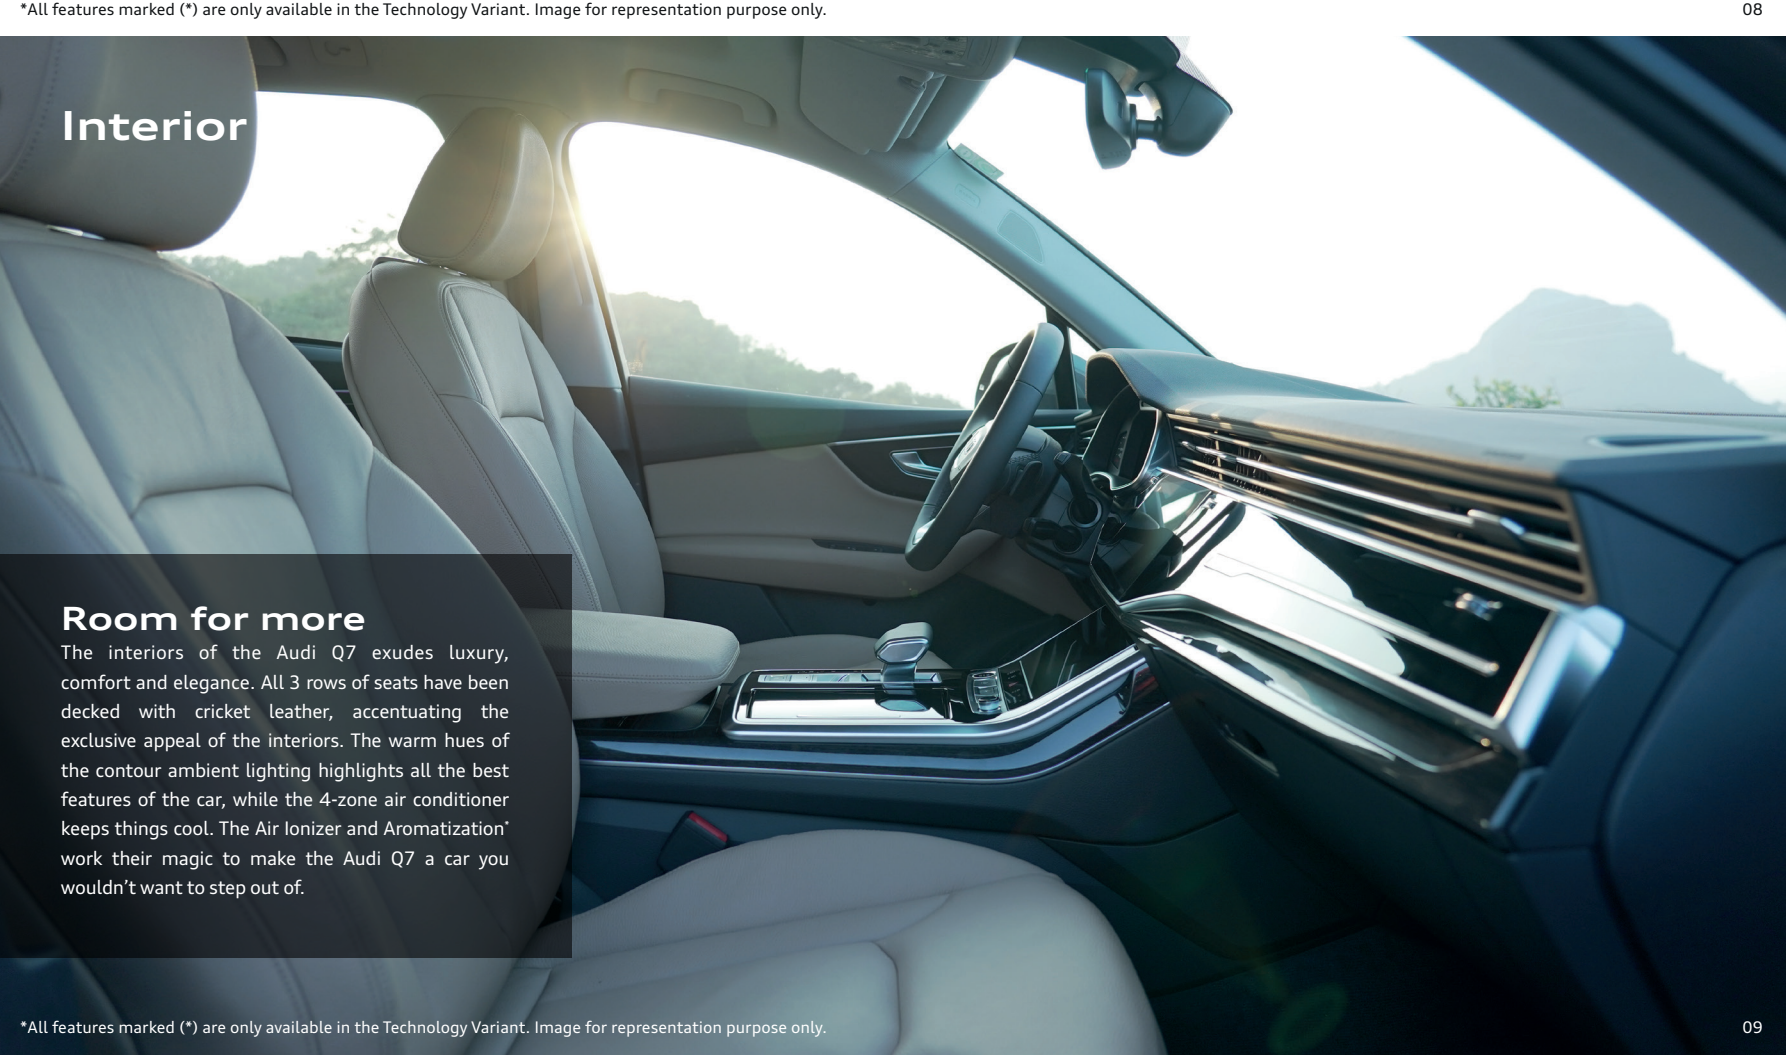

More space, more poise

The Audi Q7 is a car that truly dominates, and not just because of its imposing build but because of its design, which is in a league of its own. The octagonal outline with vertical chrome slats makes the Singleframe grille stand out in the front and is the first thing to catch your eye. Redesigned side sill trims underscore the vehicle's ground clearance and suggest that the SUV can also be driven off-road. It's sloping, robust frame is only topped off with an all new, redesigned bumper with higher air inlets, for a three-dimensional look.

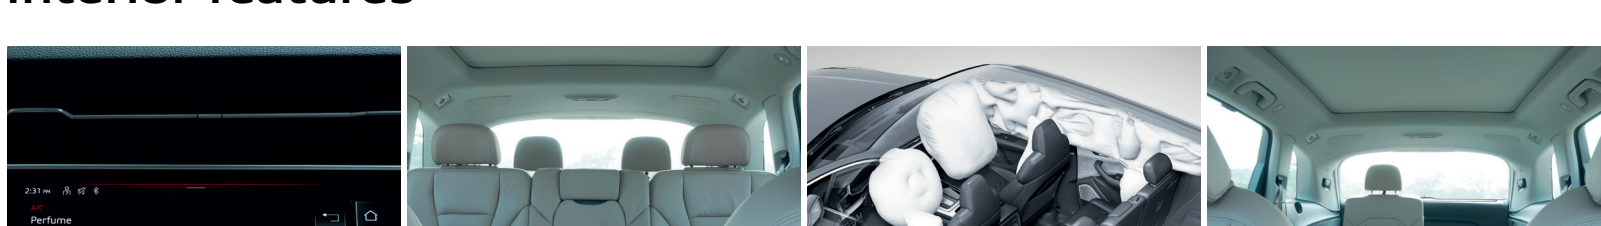

LED headlamps
Precise, high-resolution and perceptive. The LED headlamps are the right choice to illuminate the road ahead. They light up your path precisely and also add to the design language of the car.

LED rear combination lamps
Another must have for your car, the LED rear combination lamps are known for their fast activation, improving visibility for those in the rear.

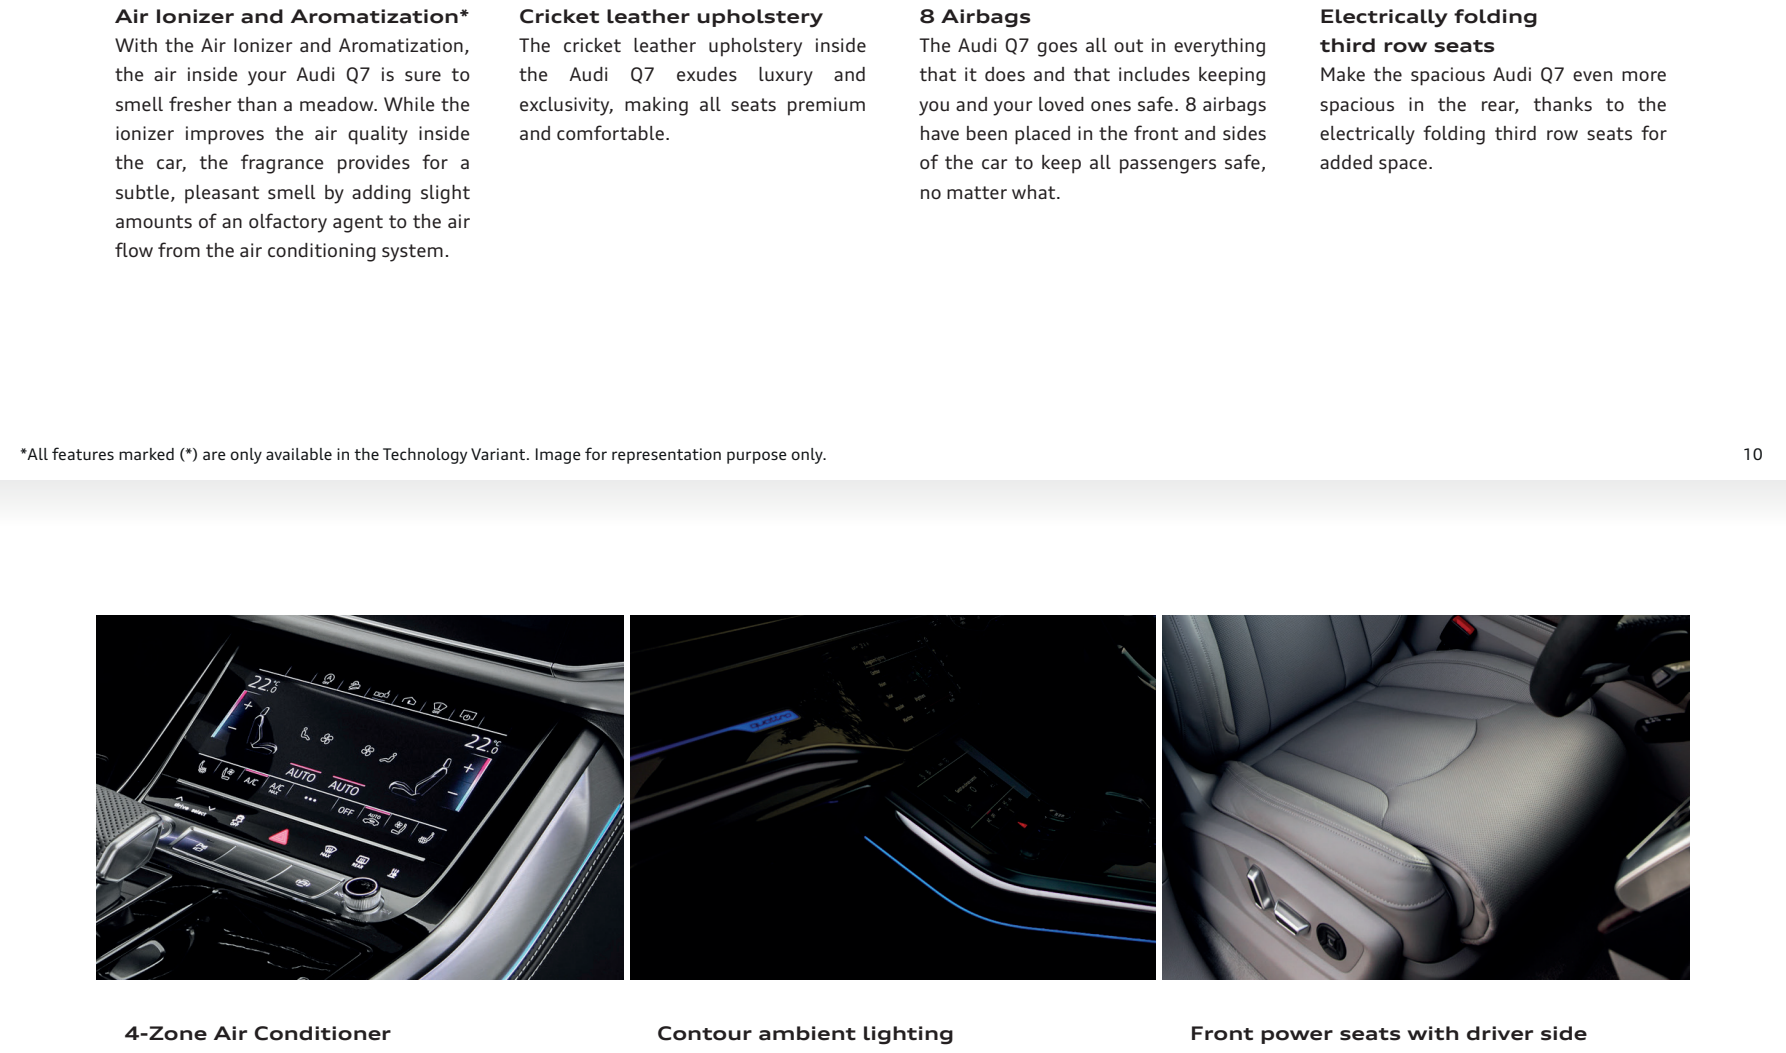

Exterior features

R-19 5-arm Star style alloy wheels
Catch eyes wherever you drive with the 48-26 cm (R-19 5-arm Star style alloy wheels) doing the talking for you.

Panoramic glass sunroof
The electronically operated two-part panoramic glass sunroof gives you and your co-passengers the perfect glimpse of the beautiful sky above, making every drive memorable.

High Gloss styling package
The High Gloss styling package with full paint finish is the perfect way to combine your personal aesthetic with the Audi Q7.

Interior

Room for more

The interior of the Audi Q7 exudes luxury, comfort and elegance. All 3 rows of seats have been decked with cricket leather, accentuating the exclusive appeal of the interior. The warm hues of the contour ambient lighting highlights all the best features of the car, while the 4-zone air conditioner keeps things cool. The Air Ionizer and Aromatization work their magic to make the Audi Q7 a car you wouldn't want to step out of.

Cricket leather upholstery
The cricket leather upholstery inside the Audi Q7 exudes luxury and exclusivity, making all seats premium and comfortable.

8 Airbags
The Audi Q7 goes all out in everything that it does and that includes keeping you and your loved ones safe. 8 airbags have been placed in the front and sides of the car to keep all passengers safe, no matter what.

Electrically folding third row seats
Make the spacious Audi Q7 even more spacious in the rear, thanks to the electrically folding third row seats for added space.

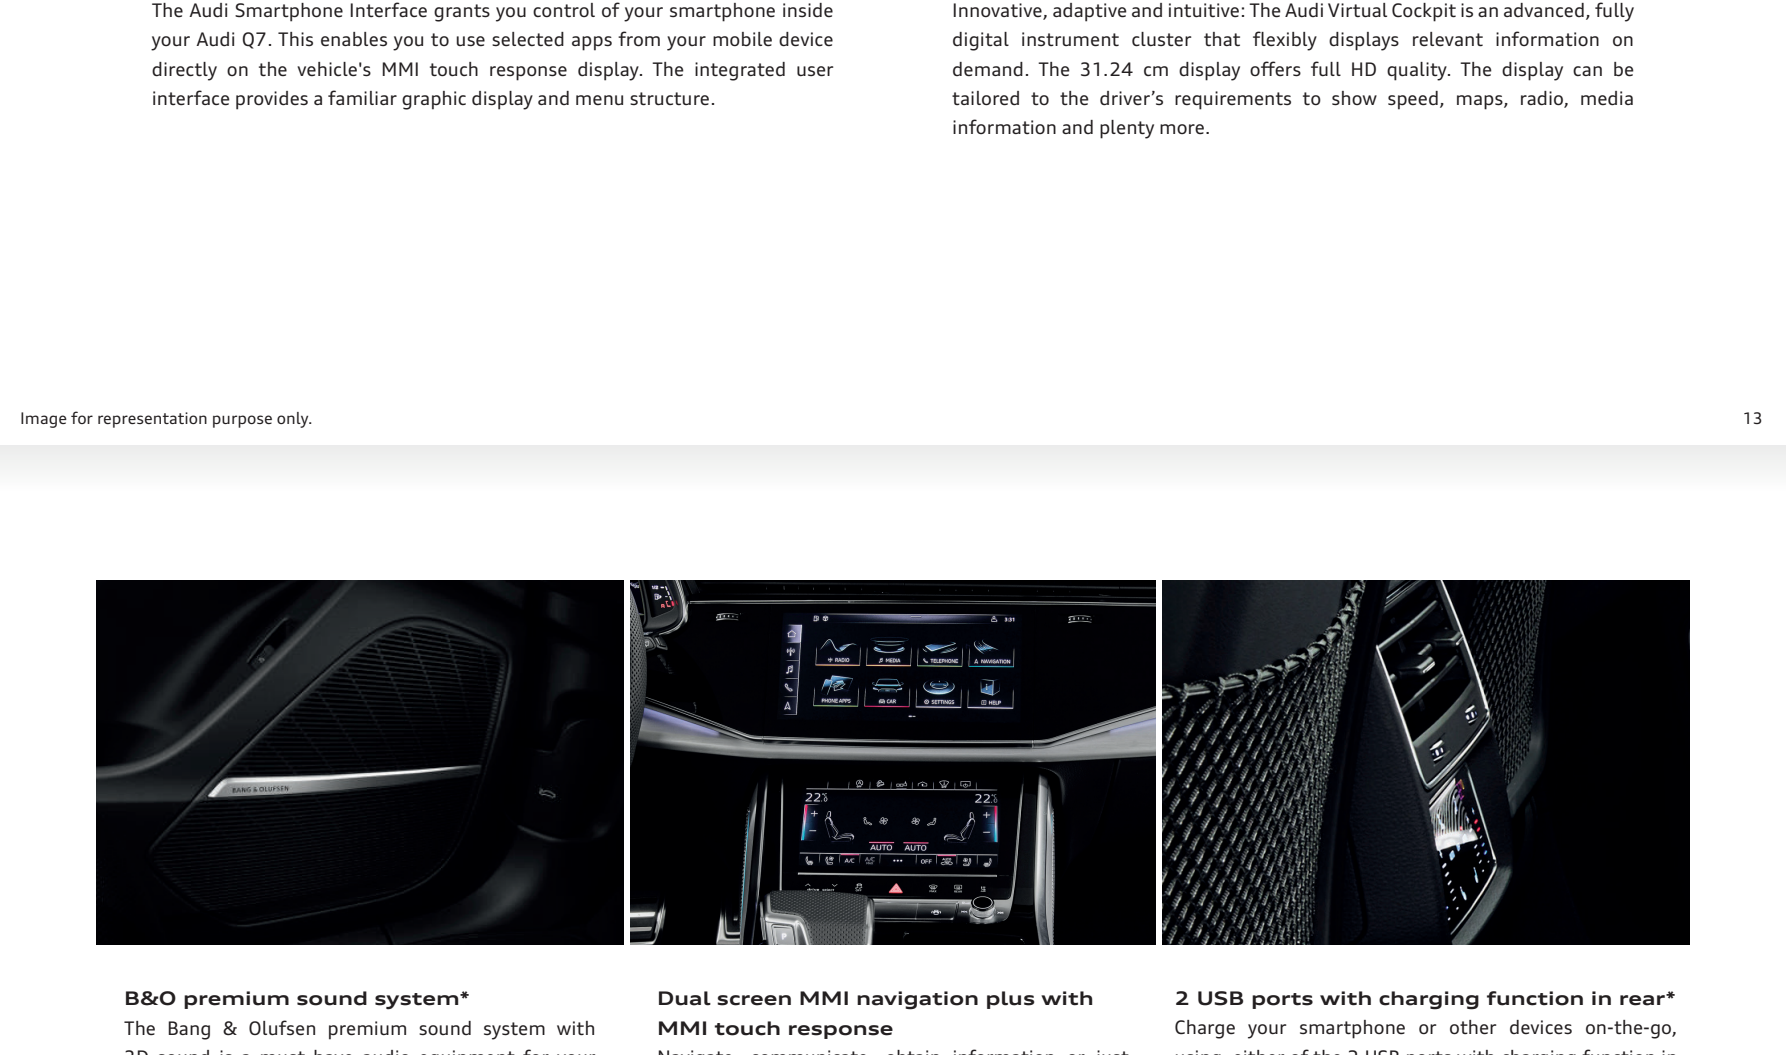

Air Ionizer and Aromatization*
With the Air Ionizer and Aromatization, the air inside your Audi Q7 is sure to smell fresher than a meadow. While the ionizer improves the air quality inside the car, the fragrance provides for a subtle, pleasant smell by adding slight amounts of an effluvia agent to the air flow from the air conditioning system.

4-Zone Air Conditioner
The Audi 4-Zone Air Conditioning enables each occupant to regulate the climate control independently. The required temperature and air distribution can be controlled separately for each seat. The system is operated on the intuitive display with touch response or via the rear air-conditioning controls with touch operation.

Contour ambient lighting
Choose the right shade to light up the interiors of your Audi Q7 with the contour ambient lighting system. Select from upto 30 colour options that highlight the best parts of the spacious interiors.

Front power seats with driver side memory function
The electrically adjustable power seats in the front are well-suited to aid the needs of the driver and are completely flexible. With a wide range of customization options available. What's more, the driver's seat comes with a memory function – presets for the electrically adjustable front seats and exterior mirrors, which can be stored and activated via the memory button in the door trim.

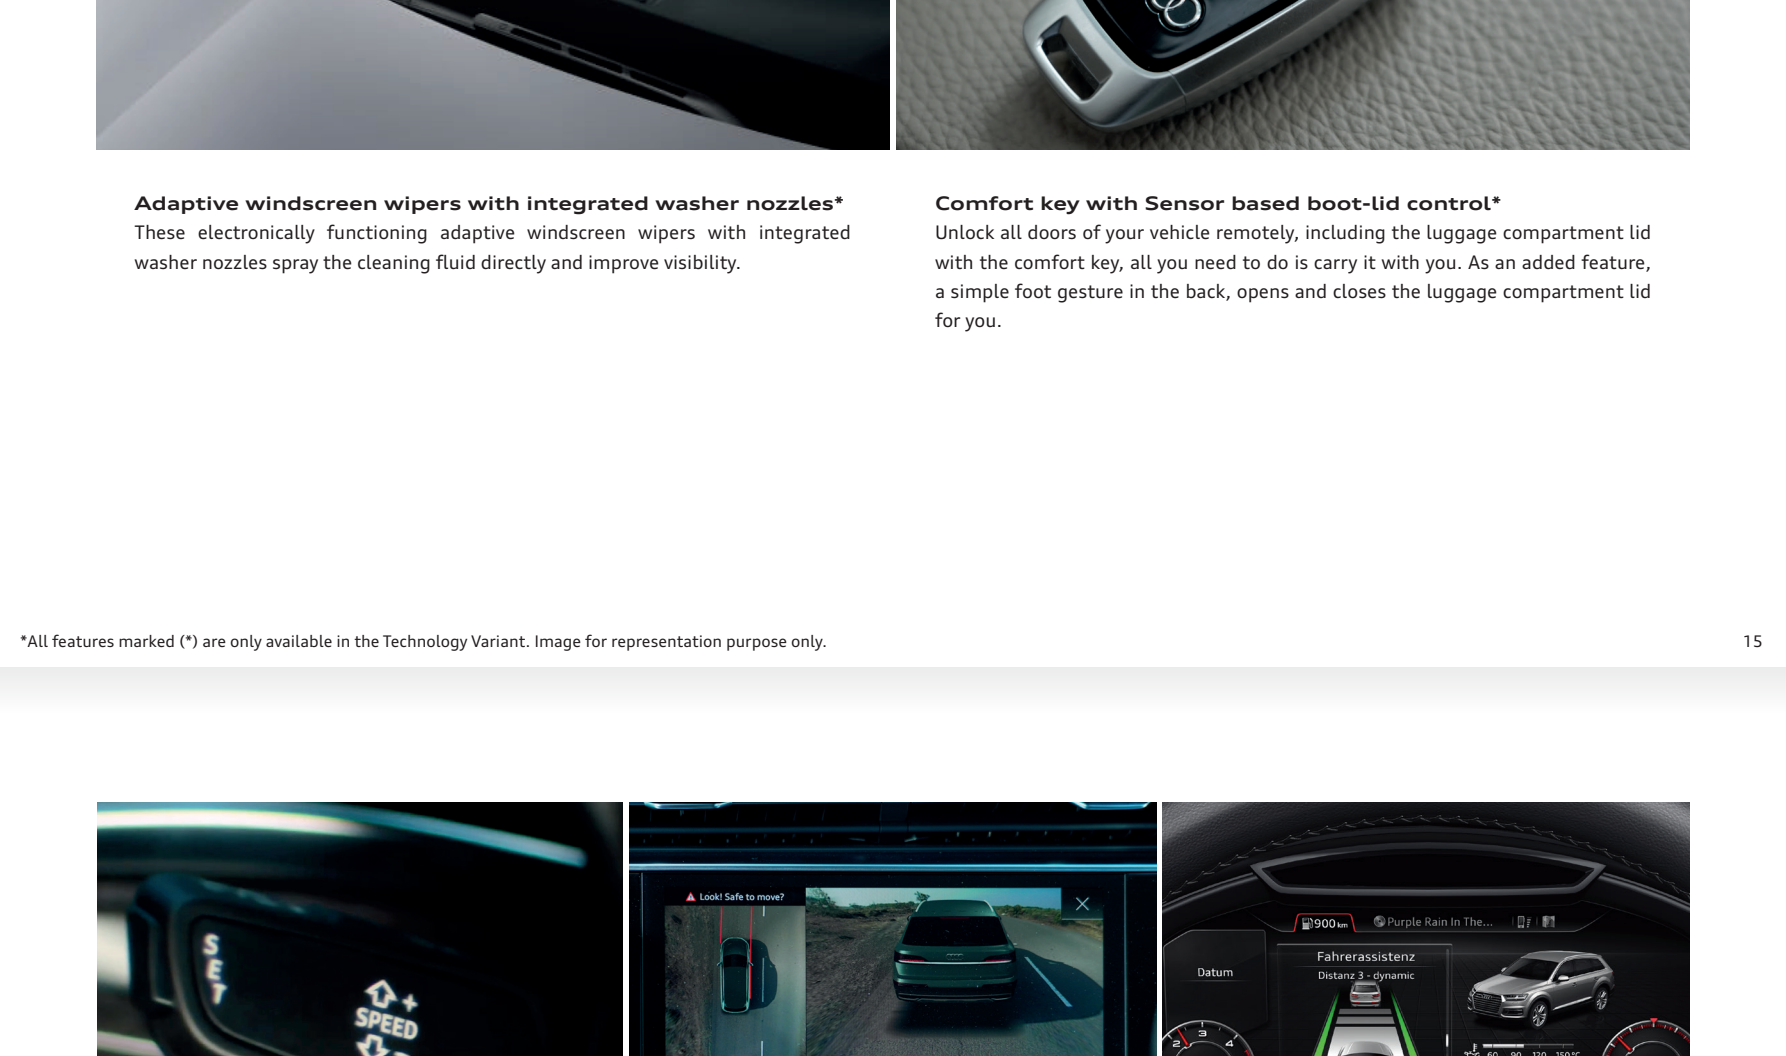

Technology and Infotainment

Innovative, intuitive, connective

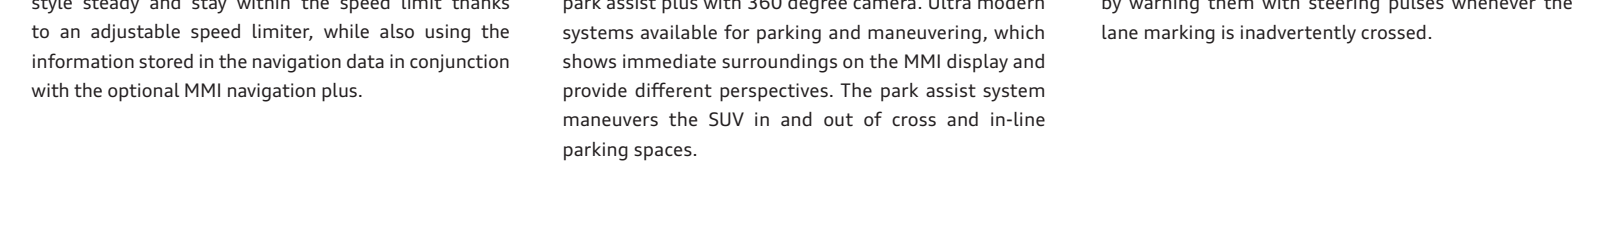

The Audi Q7 offers some of the best-in-class technological innovations. The interior of the car are as intuitive and versatile as they are comfortable. Standard Audi features such as the Audi Virtual Cockpit and the Audi Smartphone Interface grant controls of the car right at your fingertips, while features such as the comfort key*, cruise control and Park Assist Plus* make life a whole lot easier.

Audi Smartphone Interface
The Audi Smartphone Interface grants you control of your smartphone inside your Audi Q7. This enables you to use selected apps from your mobile device directly on the vehicle's MMI touch response display. The integrated user interface provides a familiar graphic display and menu structure.

Audi Virtual Cockpit
Innovative, adaptive and intuitive: The Audi Virtual Cockpit is an advanced, fully digital instrument cluster that flexibly displays relevant information on demand. The 31.24 cm display offers full HD quality. The display can be tailored to the driver's requirements to show speed, maps, radio, media information and plenty more.

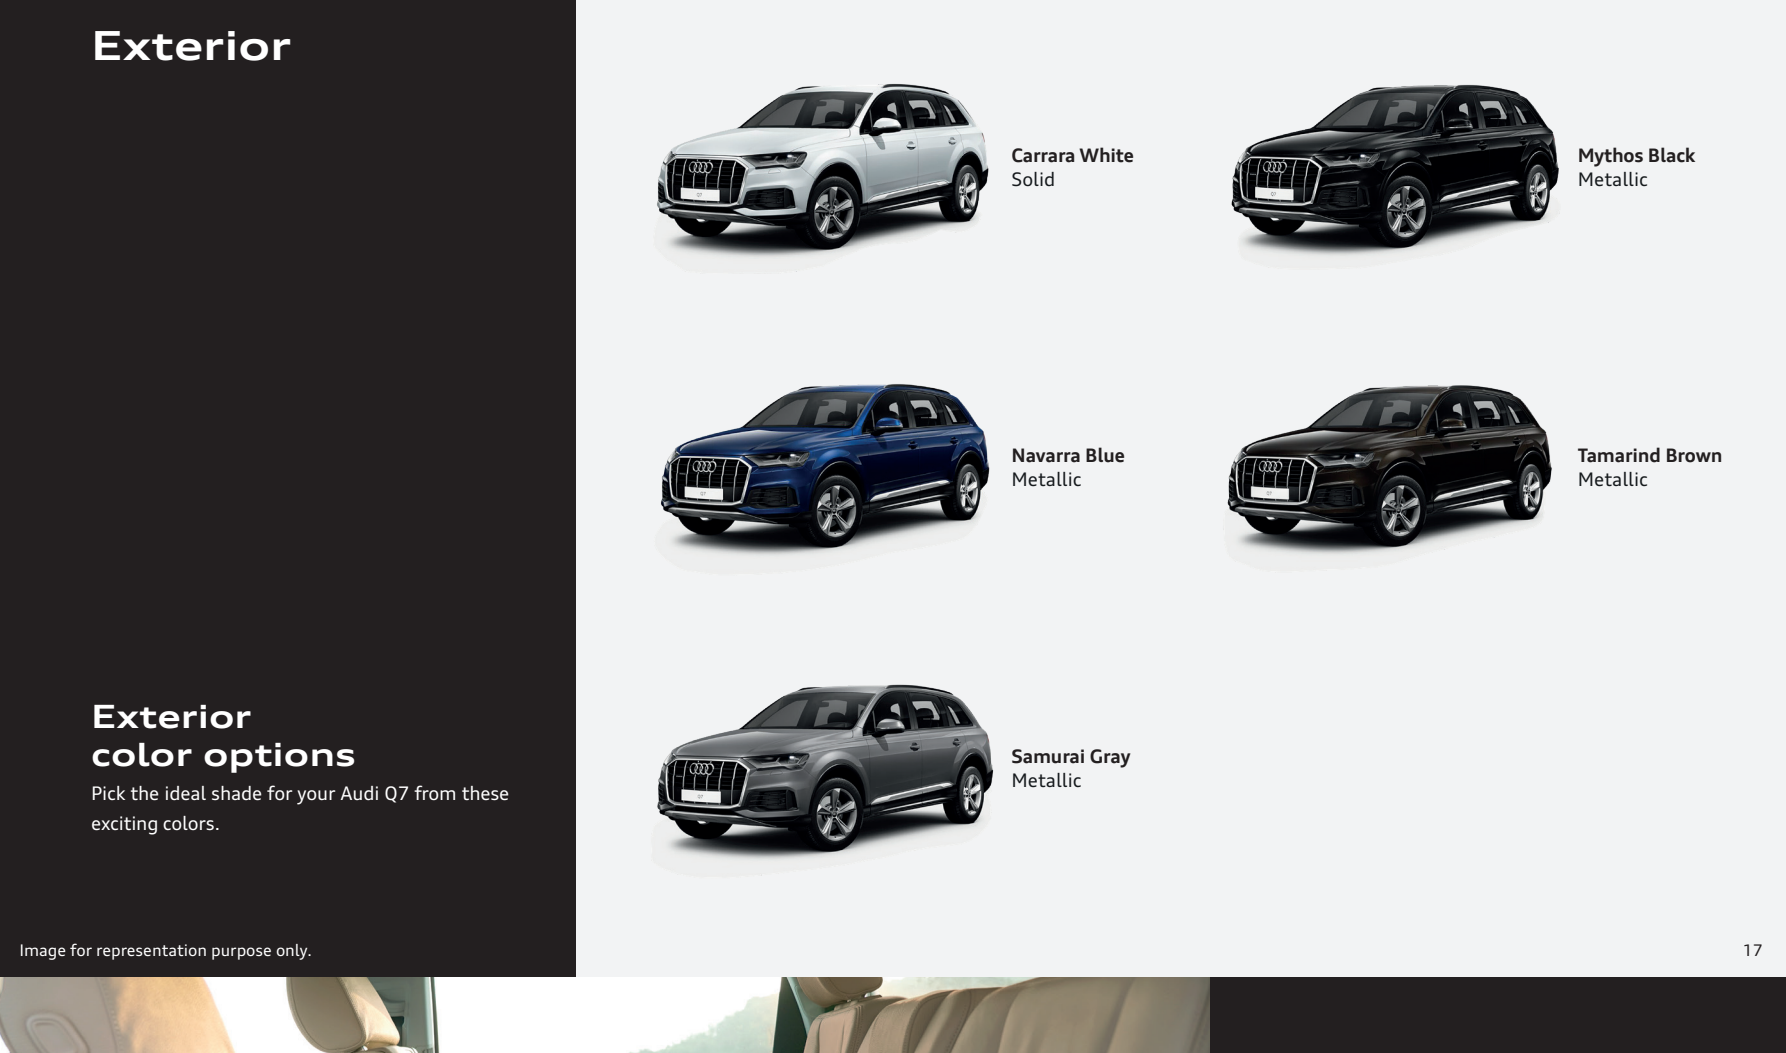

Infotainment features

B&O premium sound system*
The Bang & Olufsen premium sound system with 3D sound is a must have audio equipment for your Audi Q7. With 19 speakers and a remarkable 730 W output, coupled with 3D sound technology, your luxuriously spacious Audi Q7 is sure to feel no less than a concert hall.

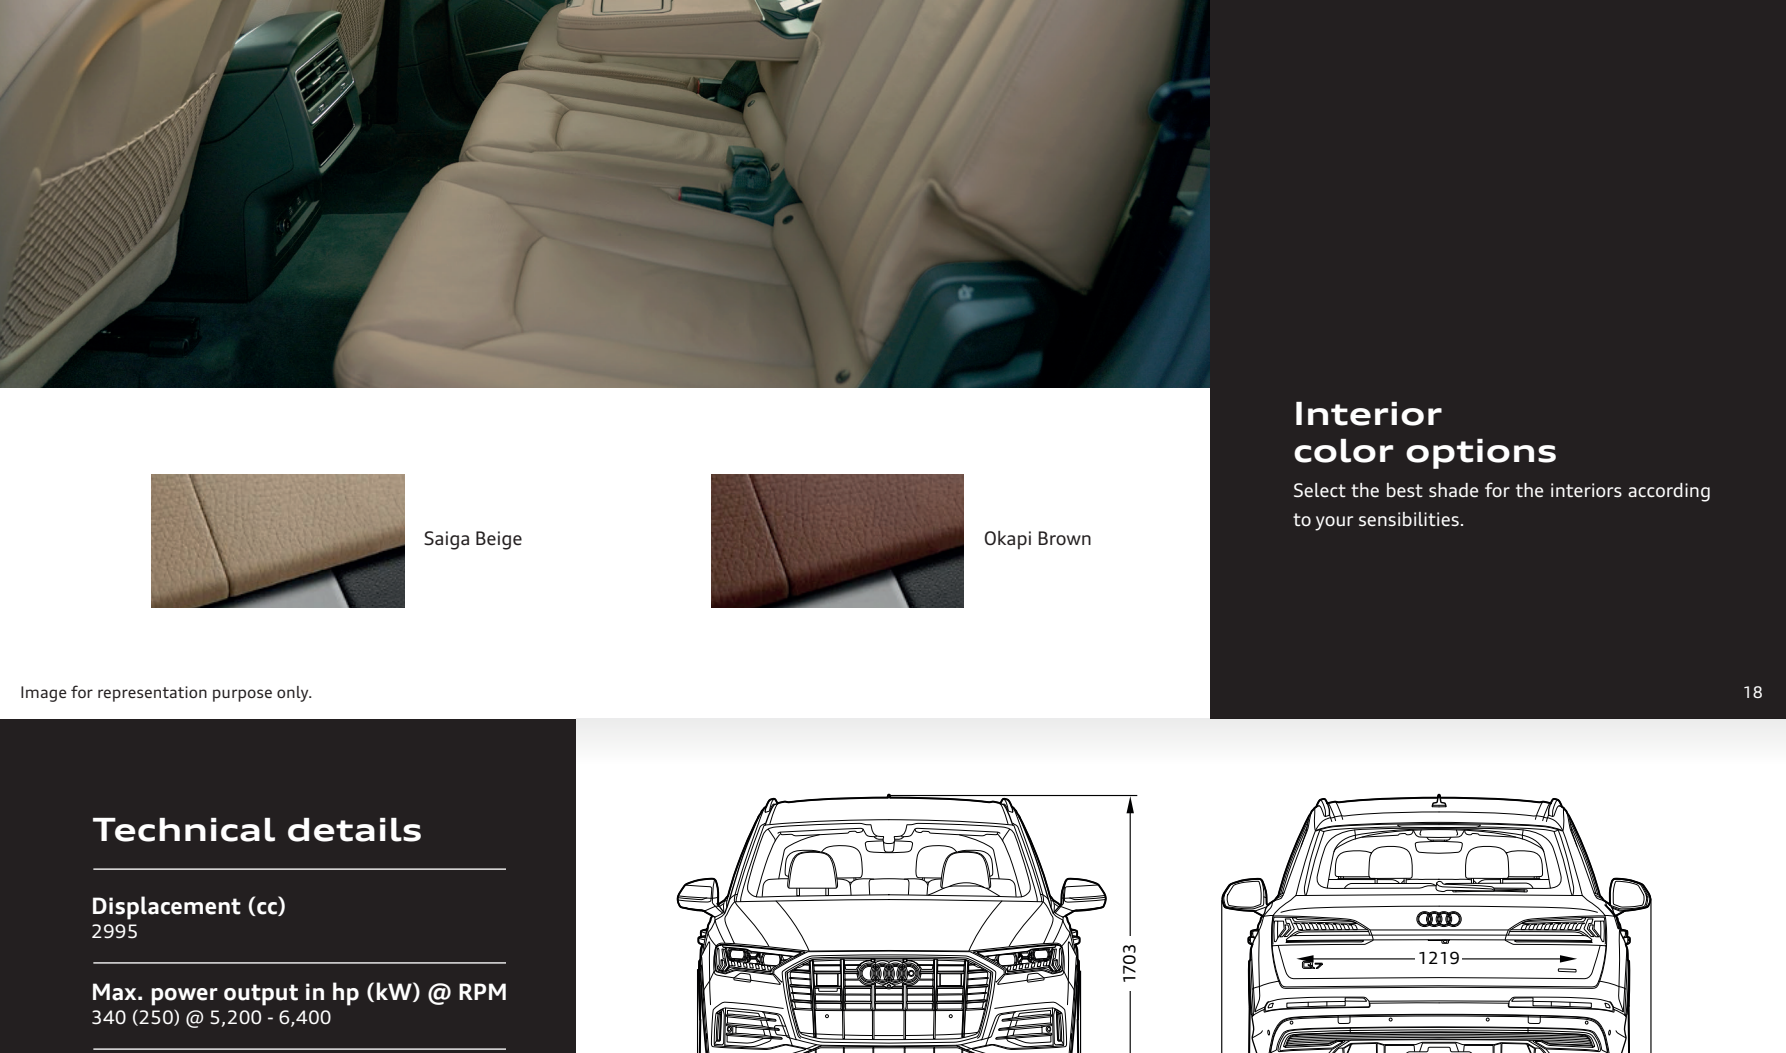

Dual screen MMI navigation plus with MMI touch response
Navigate, communicate, obtain information or just enjoy the wide range of infotainment options using the dual screen MMI navigation plus with MMI touch response. This intuitive touch-based system provides haptic feedback and a host of functions, ranging from navigation on a 3D Map to other control functions. It can be operated via the touch display, voice control with natural language interaction and enhanced character recognition for an equally sensational experience.

2 USB ports with charging function in rear*
Charge your smartphone or other devices on-the-go, using either of the 2 USB ports with charging function in the rear.

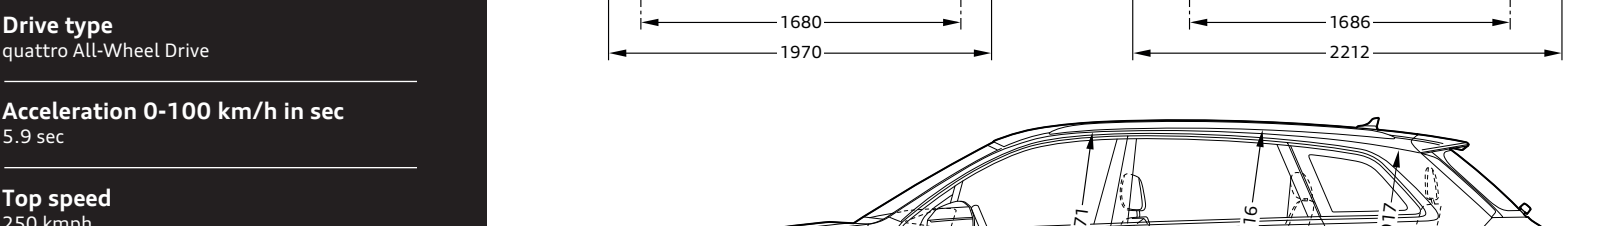

Adaptive windscreen wipers with integrated washer nozzles*
These electronically functioning adaptive windscreen wipers with integrated washer nozzles spray the cleaning fluid directly and improve visibility.

Comfort key with Sensor based boot-lid control*
Unlock all doors of your vehicle remotely, including the luggage compartment lid with the comfort key. All you need to do is carry it with you. As an added feature, a simple foot gesture in the back, opens and closes the luggage compartment lid for you.

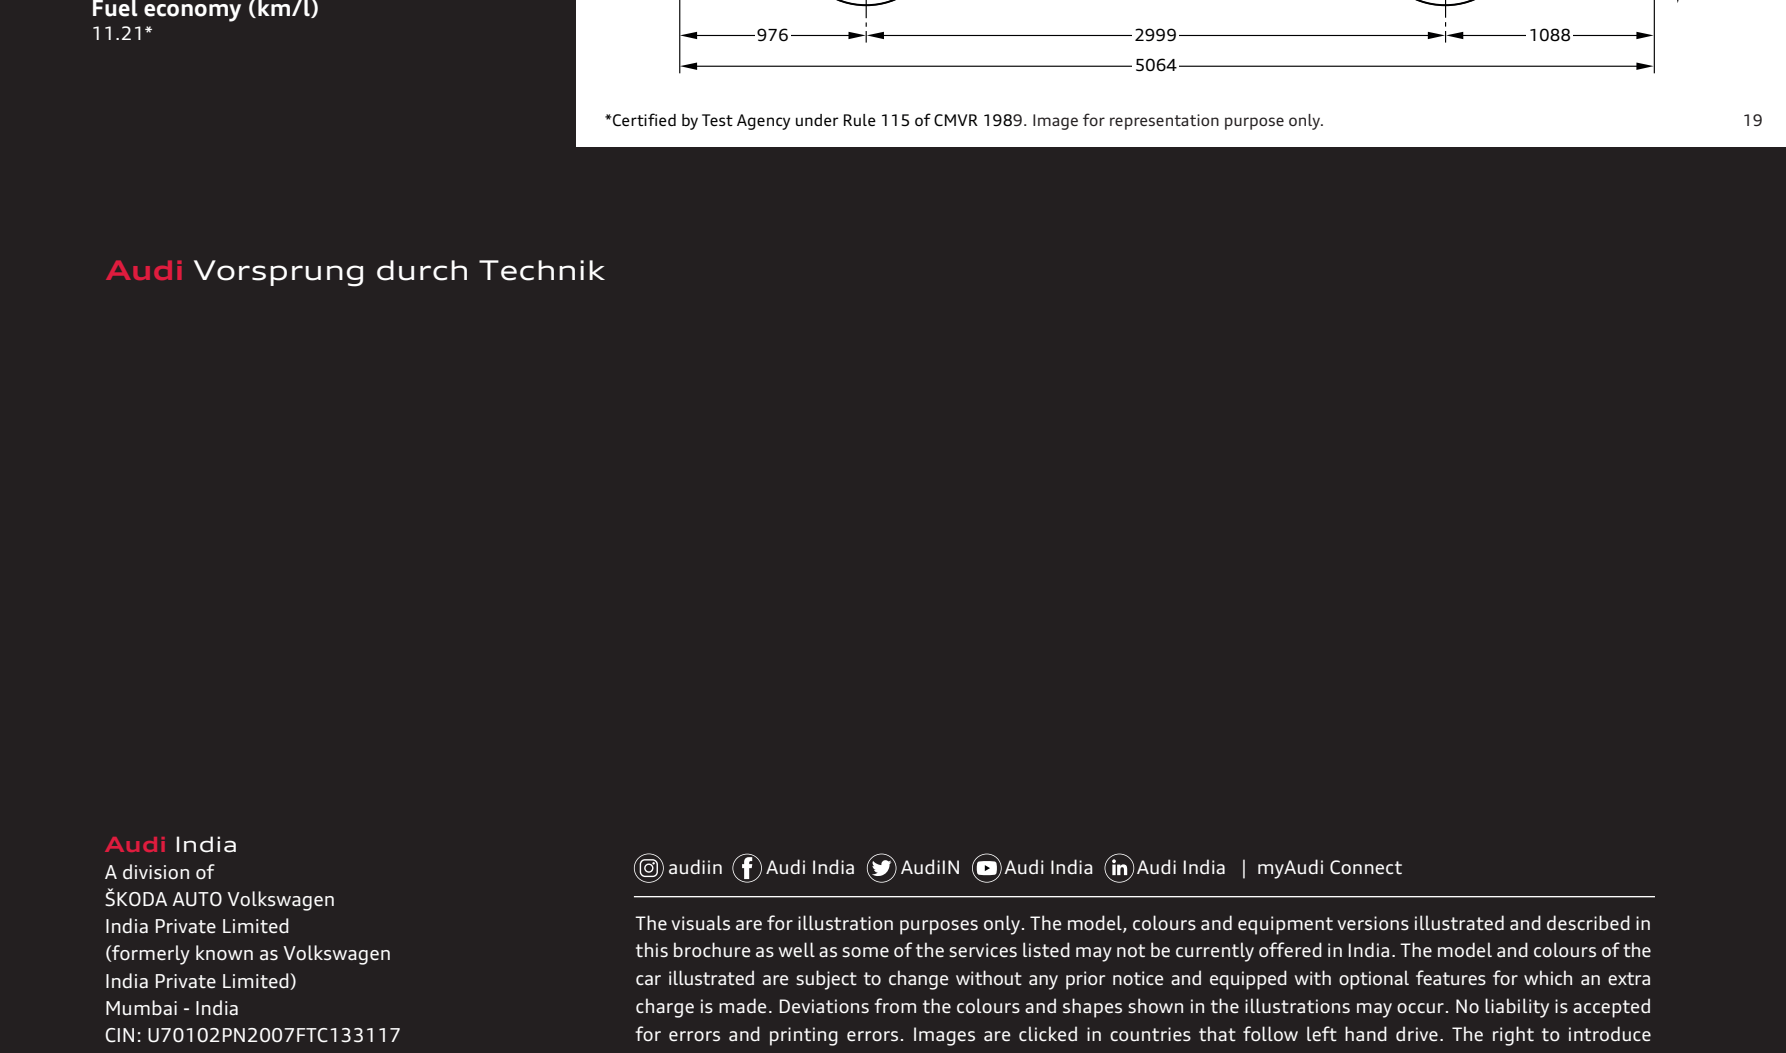

Technology features

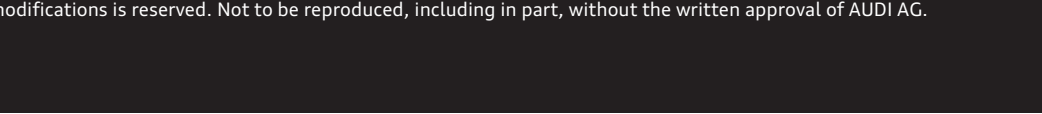

Cruise Control system with speed limiter
The cruise control system helps you keep your driving style steady and stay within the speed limit thanks to an adjustable speed limiter, while also using the information stored in the navigation data in conjunction with the optional MMI navigation plus.

Park assist plus with 360 degree camera*
Take the hassle out of parking your car, by choosing the park assist plus with 360 degree camera. Ultra modern systems available for parking and maneuvering, which shows immediate surroundings on the MMI display and provide different perspectives. The park assist system maneuvers the SUV in and out of cross and in-line parking spaces.

Lane departure warning
This feature helps the driver stay in their chosen lane by warning them with steering pulses whenever the lane marking is inadvertently crossed.
