

The Tiguan R-Line

Beyond betterR

The Tiguan R-Line Beyond better

better breaks out the power, without breaking a sweat.

better makes every drive a cakewalk. And a catwalk.

better glides through a rocky road like a rock solo.

better is strongeR.

better is sharpeR.

better is smootheR.

better is smarteR.

better is biggeR.

Tiguan R-Line

Beyond better

better is **stronger**

When you push the limits,
it pushes back — with precision.

Strength isn't always loud — sometimes, it's seamless. The Volkswagen Tiguan R-Line is powered by a 2.0L TSI EVO engine delivering 204PS and 320Nm of torque, paired with a quick-shifting 7-speed DSG transmission. It's power that responds instantly, whether you're navigating city streets or open highways. With paddle shifters placed for easy reach, you stay in control without ever breaking your flow.

Adaptable and intuitive, just like your drive. Dynamic Chassis Control Pro adjusts the suspension based on your style, while Driving Mode Selection lets you shift from comfort to sport on the go. The 4MOTION all-wheel drive system optimizes grip across any surface, and a leather-wrapped multifunction steering wheel keeps everything — from cruise control to entertainment — right at your fingertips.

better is **sharpeR**

It doesn't just move.
It makes an impression.

Bold lines, sharp contours, and a commanding stance define the Tiguan R-Line. Up front, the advanced LED Matrix headlamps with Adaptive Front-lighting System (AFS) adjust intelligently for city roads, highways, and bad weather. Framed by a sleek illuminated light band connecting the headlamps, the front profile feels cutting-edge — and unmistakably Volkswagen.

With its sleek shoulder line, body-coloured bumpers, and iconic 'R' badges, the Tiguan R-Line looks as dynamic as it drives. The 19" Coventry alloys with diamond-turned finish make a bold visual statement, while R-Line interiors and exteriors add a sport-inspired edge to every detail. This is design that performs — even while standing still.

better is **smoother**

Where the chaos outside
never disturbs the calm inside.

Your road. Your rhythm. Always smooth. Inside the Tiguan R-Line, comfort is engineered — not just felt. The massage-enabled front seats with lumbar support ease the longest drives, while the 3-zone Air Care Climatronic ensures that every passenger rides at their ideal temperature. Whether it's a morning rush or a weekend escape, the quiet, cocooned cabin filters out the noise, so your focus stays on what matters — the drive.

Everything works with you — not against you. Progressive steering adjusts effortlessly to your speed, giving you stability at high speeds and ease in tight spots. With Park Assist Plus and Park Distance Control, parking becomes second nature, even in tight city spaces. And for your devices? Dual inductive charging pads keep you powered up, wire-free. It's control, calm, and convenience — wherever you're headed.

better is **smarter**

Smart should never feel complex.
It should just... work.

Technology that knows what you want — before you ask. Inside the Tiguan R-Line, innovation is second nature. The 15" infotainment display and 10.25" Digital Cockpit Pro work in sync to create a seamless digital command center. Whether it's navigation, music, or calls, everything is within effortless reach. With IDA Voice Assistant and Voice Enhancer, your words are all it takes — spoken softly, heard clearly.

Designed around you. Built to think ahead. The Head-Up Display keeps key driving data in your line of sight, while Wireless App-Connect mirrors your phone without a single cable. At your fingertips, the multifunction steering wheel with haptic touch zones gives you full control — from cruise to calls to music. It's not just smarter tech. It's intuitive, responsive, and always in tune with you.

better is **biggeR**

Go anywhere.
Take everything.

When size speaks, it says confidence.

The Tiguan R-Line doesn't just take up space — it owns it. With a length of 4,539 mm, a wide stance of 1,859 mm, and a height of 1,656 mm, it carries an unmistakable road presence. Clean proportions and bold surfaces give it a commanding silhouette — one that stands out in the city and feels at home on the open highway.

Room for everything. And everyone.

With 652 litres of boot space, expandable to 1,650 litres, the Tiguan R-Line offers generous room for your weekends, routines, and everything in between. Whether it's airport runs, road trips, or everyday errands, it's space designed for those who like to go big — and take it all with them.

better is **safeR**

When style turns heads,
safety has your back.

Confidence, engineered.

The Tiguan R-Line doesn't just look sharp — it's built to protect with precision. With 21 Level-2 ADAS features working behind the scenes, you get support when you need it, and control when you want it. From Adaptive Cruise Control and Lane Keep Assist to Park Assist and Blind Spot Monitoring, every journey comes with intelligent protection as standard.

And with a 5-star EURO NCAP safety rating, the peace of mind is just as premium as the drive itself.
