

NEW
COMPASS

LIVE LEGENDARY

A legendary first impression

Legends are driven not to just win but to change the game. The new Compass does the same, taking the SUV experience to a whole new level with class-leading comfort and capability that lets you go further than ever before. Drive into the future with cutting-edge features and connectivity. It's time to go beyond the ordinary.

It's time to live legendary.

Legends create history

For 80 years the Jeep® Brand has been historically linked to freedom, adventure, authenticity and passion. These core values are embodied in the DNA of every Jeep® vehicle. For Jeep owners, 'Go anywhere, do anything' is not just a slogan, but a way of life. The name Jeep® stands for more than just an automobile brand. It's a badge of honour. Explore the new Compass 2021 and be part of the growing global community who live the Jeep® life.

2021

Crafted for legends

The new Compass offers comfortable, contemporary styling with premium interiors. Every feature in the plush interiors has been thoughtfully integrated to make every ride a luxurious experience.

Premium interiors

All-black Interior with contrast stitching - The available all-black leather upholstery elevates the premium ambience and makes every ride feel legendary.

Tan + black combination - Immerse yourself in luxury with an available tan and black combination that makes a real statement.

Wireless charging- Facilitates convenient charging on the go. So, your adventures never have to take a U-turn for cables. Now forget those charging cables and don't worry about losing touch ever again.

Ventilated plush leather seats - Legendary adventures will now be even more comfortable. The new Compass ensures optimal comfort with ventilated seats that keep you cool and comfortable on even the longest journeys.

8-way power-adjustable front seats with driver memory function -

The seats in the new Compass are ergonomically designed for both, long drives in the city and adventures into the unknown. The driver and passenger seats can also be adjusted electronically in 8 ways at the touch of a button. The driver's seat can also save up to 2 seating positions adding to your convenience and comfort.

Dual-pane panoramic sunroof

Enjoy a clear, unobstructed view of the outdoors with the dual-pane panoramic sunroof in your new Compass. Now see more of your adventures, with every ride you take.

Dual-zone automatic AC

The Dual Zone automatic climate control constantly adjusts air temperature inside the cabin and creates separate customised environments and provide the perfect temperature for all passengers.

Engine stop-start system

The intelligent stop-start system helps reduce CO₂ emissions and improve efficiency by using sophisticated controls to reduce fuel flow and turns off the engine when the vehicle brakes to a stop. When the brake pedal is released the engine seamlessly restarts and the transmission engages.

25.9 cm (10.2) customizable instrument cluster

The new 25.9 cm digital instrument cluster is customisable, letting you have exactly the information you need, right before your eyes.

What legends choose to drive

The new Compass is refined and ready to impress. With a two-toned dark grey contrast roof, full LED package projector headlamps and a striking alloy design available in a variety of body-coloured styles and finishes, the new Compass stands apart from the ordinary.

Iconic Jeep grille

Gives the new Compass a distinct look and a whole new attitude. The legendary Jeep grille shines in bold silver making it hard to miss.

Dual tone roof

The dual tone roof adds oomph to the exterior styling. It creates a contemporary look for the new Compass and sets it a class apart.

Atmospheric grey logo and badging

The new Compass features all-new atmospheric grey badging and logos that complement its colour schemes perfectly. Enhancing the look of your SUV and helping you arrive in style, everywhere.

Stylish 45.72 cm R18 diamond cut alloy wheels

The all-season R-18 alloy wheels are built for both, on and off-road challenges. They also perfectly complement the luxurious persona of the new Compass, perfectly styled bumpers and door sill cladding.

Distinctive wheel arches

The distinctive wheel arches impart a unique style to the new Compass with an eye-catching and striking look. A design element true to all Jeep® SUVs, that makes a bold statement.

Remarkable looks

With body-coloured sill cladding, wheel cladding and bumpers, the new Compass is designed to stand out.

Legendary capability comes standard

Challenging terrains or rough road conditions can't stop the new Compass. All you have to do is decide where to go, and the new Compass with its legendary 4X4 capability will take you there.

4X4 LEGENDARY
CAPABILITY

2.0L Multijet II turbo diesel engine

Performance and efficiency are amplified with the help of the BS-VI compliant Multijet II turbo diesel engine. It puts you in charge of an impressive 170 HP and 350 Nm of torque.

1.4L Multiair petrol turbo engine

To satisfy your thirst for legendary power, the 1.4L Multi-air turbo I-4 engine is engineered to reduce friction and enhance performance.

7-speed DDCT transmission

The Jeep® Compass is engineered to deliver impressive efficiency via two clutches connected to the 1.4 multi-air engine. This allows smooth performance without loss of power or torque while gliding through all the gear shifts.

9-speed automatic gearbox

The class-leading 9-speed automatic gearbox in the new Compass ensures effortless gear shifts and seamless power delivery.

Chassis strength

The new Compass delivers exceptional peace of mind with a rock-solid core; a strong unibody structure engineered with approximately 70% hot-stamped steel.

Enhanced independent suspension with Frequency Selective Damping

Independent suspension of the new Compass delivers superior on-road driving dynamics. The exclusive long-travel telescopic structure, combined with a segment first Frequency Selective Damping (FSD) system and precise electric power steering makes for the smoothest drive on any terrain.

Jeep® 4x4 System & Selec-Terrain

Jeep® Selec-Terrain traction management system gives you the power to tackle mother nature's toughest conditions, by letting you choose between auto, mud, sand and snow. The auto mode automatically adjusts to the different road conditions and gives you the most desired drive experience.

Hill start assist

This feature holds the vehicle stationary for approximately three seconds on an uphill gradient after the driver's foot is taken off the brake pedal, allowing time to apply the throttle. This not only add to the safety of the passengers but also give comfort to the driver during uphill drives.

Hill Descent Control

Hill Descent control assists you by intricately managing throttle and braking to maintain a constant steady speed while descending slopes. This feature activates front and rear brakes while going down the slope to limit vehicle speed.

4X4 LEGENDARY
CAPABILITY

Innovation that inspires legends

The new Compass gives you wireless control over multiple advanced features, all through the Jeep, Life app. Step-in and enter another world of Advanced features through wireless Apple CarPlay and Android Auto that seamlessly connect your phone to your Compass. The new connectivity suite lets you monitor and control almost everything in your Compass from your smartphone.

Vehicle health status

Monitor everything about the key health indicators of your new Compass before that long drive you have planned. This feature gives you all the details right from the battery voltage to the coolant temperature, all this wirelessly, through your smartphone.

Detailed trip analytics

Get a detailed analysis of your trips- the distance you covered, the route taken, the fuel efficiency, the time taken and much more to keep track of all your adventures.

Driver analytics

Gives you a whole array of data, to let you understand how your Compass is being driven. It provides information about hard stops, sharp turns, and sudden accelerations, letting you take precautions to avoid misuse or accidents. It even provides a weekly driver score to help improve your driving.

Safety services with Stolen Vehicle Assist

With just one phone call, you can disable your Compass remotely, stopping any would-be thieves in their tracks.

Location services

Always know the whereabouts of your new Compass with live GPS tracking and get notified if it crosses a certain point. It's almost as if your Compass never leaves your sight.

Make every ride legendary

The new Compass is made to be not only an ultra-capable adventure machine but also an ultra-smart SUV. The Uconnect brings a wide range of communication and entertainment services to your fingertips. Letting you have your maps, music and phone, always at an arm's length without the hassle of any wires.

25.6cm (10.1) Uconnect Infotainment System

Jeep's Uconnect infotainment system in the new Compass offers a range of entertainment and communication services on 25.6 cm(10.1) touchscreen. The high definition touchscreen display conveniently connects with your smartphone, displays real-time data and keeps a variety of entertainment and navigation apps at your fingertips.

Wireless smartphone integration

The new Uconnect Infotainment System becomes a true extension of your phone, via Apple Carplay or Android Auto, minus any wires, and lets you access maps, and navigation too.

Integrated voice command with Bluetooth*

Uconnect technology takes a leap forward with more interactive interface. It simplifies your adventures by giving you an option of voice command to control air flow in your ventilated seats, operate the infotainment system and much more. Just ask and it's done.

Cruise Control with speed limiter

While the cruise control enables you to enjoy your long driver with ease, the speed limiter function works as an added safety feature. You can now set a speed limit to ensure you keep your SUV's speed under control, to keep you and your family safe. Enjoy your highway journeys with confidence of safety and keep drive fatigue low.

Smart storage space

Life can go in all kinds of directions and you always need more space for the company as well as the cargo. The configurable interior of the new Compass is designed to provide ample space for your daily drives as well as for the long distance trips.

60/40 split-folding rear seats

Configure your interior to fit your adventure needs- rearrange by flipping either or both sections of the 60/40 split and leave the remaining section up for passenger use as and when needed.

Tyre pressure monitoring system

Never be caught off-guard with low tyre pressure, thanks to the new tyre pressure monitoring system. It also adds to your safety, by pointing out whenever a tyre falls below the recommended pressure.

Power lift gate

With the new powered lift gate, you can open and shut the lift gate at the press of a button making it very convenient to access. You can control the power lift gate from 3 touchpoints- the key fob, the driver's seat and the boot.

Legends fear nothing

The new Compass comes with over 60 state-of-the-art safety and security features, that keep you and your loved ones protected behind the wheel.

Thanks to such contemporary safety features, that work in co-ordination with one another, the new Compass stays ready for the unexpected, even when you are not.

6 Airbags

Full-length side curtain, front and rear-passengers, seat-mounted side for front occupants to help surround you with safety and confidence to live legendary.

Zinc-coated Steel Body for Enhanced Corrosion Protection

The steel body is coated with a protective layer of hot-dipped galvanized zinc to prevent corrosive substances from reaching the underlying steel. The zinc coating protects the steel body by slowly corroding first. However, it takes place after decades of constant exposure to corrosive substances.

Electronic Stability Control (ESC)

A vehicle-wide network of safety sensors provide instant aid if they detect the Compass veering off your intended path. ESC coordinates with other safety features, enabling them instantly to keep you in your lane.

Rain Brake Support

RBS improves braking performance in wet conditions. It periodically applies a small amount of brake pressure to remove any water build-up on the front brake rotors.

Auto Hold

The Auto hold comes in handy in bumper-to-bumper traffic. By engaging auto hold, you can avoid having to keep the brake pedal pressed every time you come to a stop.

Electronic Roll Mitigation (ERM)

An extension of Electronic Stability Control, Electronic Roll Mitigation uses sensors to anticipate potential risk situations. If things could get rough, ERM takes immediate action to help you maintain control and avoid a roll over.

Antilock Brake System

Next-generation engineering allows this advanced system to continuously evaluate road conditions for optimal engagement and minimum stopping distance. This robust system includes Rain brake support system, and all-speed grip control, all working together to help maintain vehicle control during emergency braking.

360-degree Parkview Rear Back-Up Camera with dynamic grid lines

Reverse in and out of your parking spot safely. This system helps bring previously hidden blind spots to your attention, either on the screen or with an audio warning, giving you enough time to react.

Parksense rear park assist system

The new Compass can help you park and reverse with ease. This system uses rear ultrasonic sensors to notify you of objects in your reversing path on the driver information display.

Remote Keyless Entry 'N Go

Now no more fumbling for your keys to get going. Keep the key fob in your purse or pocket and simply grab the door handle, climb in and prepare to drive.

Electronic Parking Brake

Leading the segment in convenience and safety for you and your loved ones, the EPB adapts based on the driver's actions. The automatic drive away release system senses if the vehicle is safe to launch and disengages automatically. It also engages automatically when it senses open doors and unbuckled seatbelts in case the driver exits the vehicle without engaging the parking brake. The EPB ensures safety, leaving you stress-free to enjoy every ride.

The model S plays it strong from the start. It begins with 8-way power-adjustable plush leather seats, that are also ventilated for both the driver as well as front passenger. Flaunt the LED projector headlamps, dual-pane panoramic sunroof and the 25.64 cm (10.1) Uconnect system. It raises the bar with wireless charging, two tone roof, body coloured accents and 360-degree camera, to a level that is just legendary.

LIMITED

The Limited variant takes the new Compass even further by adding 45.72 cm (18) wheels, an auto dimming rear view mirror and powered seat for the driver. It even features a 17.78 cm (7) digital Instrument Cluster and steel grey leather seats with premium dark wood accents. It also sports a Dual-pane Panoramic Sunroof and offers unmatched convenience with an automated power lift gate.

The Longitude variant features dual zone automatic AC and a 17.78 cm (7) digital Instrument Cluster. The remote keyless entry, push-button start, further add to its grandeur. And the 25.64 cm (10.1) touchscreen Uconnect gives a very premium experience and makes every drive legendary.

SPORT

The Sport variant comes power-packed with an exceptional list of premium and modern features. It boasts of R17 alloy wheels and rear parking camera and even an ultra-modern Uconnect 12.33 cm (8.4) Infotainment System. It also sports the legendary new design additions and accents, the traditional seven-slot grille and two powerful turbo engines to choose from. Along with highly functional reverse-parking camera and sensors.

Sign up for the Jeep® life

Living legendary is living life at its best, and that is exactly what you get with the new Compass and the Jeep® life – a portal dedicated to connecting Jeep® SUV owners across cities and states. Join the Jeep® life and connect with likeminded Jeep® enthusiasts, be part of their adventures and also create your own.

#JEEPLIFE

Jeep® Trails

When you buy a Jeep® SUV, you enter the Jeep® life- a life of adventure, one in sync with outdoors and nature. That's why, the Jeep® brand organizes Jeep® Trails where proud owners of Jeep® SUVs come together with friends and family to explore new destinations, meet new friends and have once-in-a-lifetime experiences.

The Jeep Community

Every Jeep® owner shares a special bond with their Jeep® vehicle and their fellow Jeepers. They meet new people, make special bonds and create memories at Camp Jeep® every year. They share their unforgettable stories and adventures on Jeep® platforms under #MyJeepStory. With a community that understands, loves, and speaks adventure, owning a Jeep® SUV isn't just about owning an SUV. It's about owning a lifestyle.

#MYJEEPSTORY

The assistance you can count on

World-class pan-India aftersales service, provided through the legendary Mopar® brand, ensures your new Compass will always be in good hands. Be it a change of parts, a performance upgrade, or a complete makeover, our experts are always available for you.

Mopar® Care 24X7

In case you face any untoward situation on the road, you can simply hand over the wheel to our Mopar® roadside assistance and leave the rest to us.

- Unlimited towing support
- Passenger travel assistance
- Accessible through the Mopar® RSA app

Helpline no. 18002093428

Mopar® extended warranty program

You can now ensure your new Compass is entirely taken care of with our exclusive Mopar® program. The Mopar® extended warranty program provides an additional warranty for 2 years or 50,000 km while our Mopar® maintenance program covers maintenance for 5 years.

Products and services:

Mopar® Assure: A premium insurance product backed by India's biggest insurance providers with several add-on coverages.
