

THE NEXT-GEN  
**MG HECTOR**  
IT'S A HUMAN THING

AVAILABLE IN 5,6 & 7 SEATER

**PRICE STARTS AT ₹14.99 LAKH\***

\*All Prices are Ex-Showroom applicable w.e.f. 1<sup>st</sup> August, 2023. Images & depictions are for illustration & representation purposes only. Features and specifications as shown in the brochure are not standard for all variants. MG Motor India urges drivers to follow traffic rules which are meant to keep them safe on roads.

## #ItsAHumanThing

There are things that make us human. Like acknowledging each other, listening and responding to one another. Knowing when we are needed, and being there when we are. Luckily, while we have been forgetting most of these, someone has been learning. From us. The Next-Gen MG Hector. A car that is in many ways, more human.

THE NEXT-GEN  
**HECTOR**  
IT'S A HUMAN THING

# THE NEXT-GEN HECTOR: INSPIRING HIGHLIGHTS.

With a host of exciting new technologies, intuitive features and driving comforts at your command, get ready to be pampered like never before in an SUV that leaves the others far behind.

YOUR JOURNEYS MADE  
SAFER WITH ADAS.

# AUTONOMOUS LEVEL 2

Your Hector is built with one thing in mind – to raise your driving experience and safety with the most cutting-edge technology on offer. The **11 Autonomous Level 2 features** of the Advanced Driver Assistance System (ADAS) are a giant leap in this direction, which keep an eye out for you at every turn and straight.

\*Advanced Driver Assistance System (ADAS) is not a substitute for human eye and driver vigilance, it is a driver assist system that enhances driving experience and safety. The driver shall remain responsible for safe, vigilant and attentive driving. Features and specifications may vary model wise.

## ADAPTIVE CRUISE CONTROL (ACC)

Adaptive Cruise Control senses and monitors the road ahead and automatically accelerates or decelerates for maintaining a proper distance from the vehicle in front. Thanks to the **Bend Cruise Assistance (BCA)**, the vehicle automatically decelerates when entering a curve based on your driving speed and curve radius.

## TRAFFIC JAM ASSIST (TJA)

**Traffic Jam Assist (TJA)** works in conjunction with **Adaptive Cruise Control (ACC)** and **Lane Keep Assist (LKA)** to let you cruise through heavy traffic with complete safety and comfort. By keeping the vehicle in middle of the lane and maintaining a safe distance from the vehicle in front, TJA securely and comfortably takes you through jams with minimal effort.

## LANE DEPARTURE WARNING (LDW)

If, the vehicle is 'unintentionally' deviating from its lane without giving an indicator, to keep you inside the lane, the **Lane Departure Warning (LDW)** function identifies lane markings on the road and warns the driver through visual and acoustic signals or steering wheel vibrations to ensure you stay inside the lane.

## FORWARD COLLISION WARNING (FCW)

This system alerts the driver about a potential front collision danger with a vehicle or a pedestrian when the gap becomes too close. So, that the driver can react effectively to avoid or reduce the collision. In addition, **Safe Distance Warning (SDW)** alerts the driver if safe distance is not maintained.

## AUTOMATIC EMERGENCY BRAKING (AEB)

If the driver doesn't respond in a near collision situation, the **Automatic Emergency Braking (AEB)** system will automatically apply limited braking to either reduce the vehicle speed, avoid the collision or lessen its consequences. The **AEB - Pedestrian** also works in case there are pedestrians **crossing in front of the vehicle**.

## INTELLIGENT HEADLAMP CONTROL (IHC)

To avoid distracting other road users from high-beam and to make night driving convenient for everyone, Intelligent Headlamp Control activates / deactivates the high-beam, depending on the oncoming traffic and environment situation.

A CANVAS INSPIRED BY  
YOUR IMAGINATION.

# INDIA'S LARGEST 35.56 CM (14 INCH) HD PORTRAIT INFOTAINMENT SYSTEM.

Visually immersive and elegantly crafted – the larger-than-life 14-inch infotainment unit welcomes you with its sheer cinematic grandeur and cockpit like feel for an in-car experience that's at whole new level.
