DISTINCTIVE LIGHTS ADD TO ITS DYNAMISM

F-PACE's new slimmer double 'J' graphic, Premium LED headlights with signature DRL have been designed to enhance the car's dynamic, purposeful look. Added to which, you'll see that the laser-etched monogram detailing - unique to Jaguar - is just one of many lovely touches that elevate the car's looks even further.

INNER BEAUTY. REDEFINED.

The newly designed cabin is tactile and sumptuous. All-new seating with exquisitely crafted leather upholstery in a choice of colours, merges seamlessly with quality veneers. Surfaces are beautifully streamlined and soft to the touch, with everything from the instrument panel topper to the lower surfaces now being wrapped.

Configurable cabin lighting is standard on all models, with a choice of 10 different colours to suit your mood. Intuitive controls and an 28.95 cm (11.4) curved Touchscreen deliver wonderfully rich audio-visual infotainment.

A SPORTY SUV FOR THE PRACTICAL YOU

Sporty. Eye-catching. Capable of carrying everything you want to take. In F-PACE there's space for five adults to sit comfortably, with plenty of head and leg room. Plus, a 40:20:40 seating configuration means each of the seats can be folded completely or individually, to accommodate both passengers and bulky items. In fact, with all the rear seats folded, F-PACE's total loadspace capacity comes to a very impressive 1 842 l*.

*Wet volume is the industry standard, which is measured by filling the loadspace with liquid. Volume measured up to the headliner. Boot configuration and total loadspace will vary by vehicle specification (model and powertrain) and market, and if full size spare or space saver spare wheel is fitted.

WHEN LIFE SAYS YOU NEED MORE SPACE

Because of the sheer generosity of its loadspace (up to 508 l), F-PACE is perfect for most activities with family and friends. There's a flat loading lip in the boot to make packing and stowing easier, whilst optional loadspace storage rails and functional accessories are available. These include a Full-size Luggage Partition and Quilted Loadspace Liner. VIPs (Very Important Pets) are always more than welcome.

There are some superbly functional and clever interior features on F-PACE: generous door bins, armrest stowage, twin cup holders and an additional stowage space for small items under the centre console. Space is available for two ISOFIX child seats on the outer rear seats, with a third child seat in the centre if needed. Plus, for everyone's comfort, there's Cabin Air Ionisation with PM2.5 filter, our specially-designed filter that captures airborne particles and allergens from the outside.

The system then cleanses the air in the cabin to enhance the wellbeing of both you and your passengers. Four USB charging points and Wireless Device Charging with Signal Booster for your phone are also on hand.

When straight roads become snaking roads, F-PACE's Torque Vectoring by Braking makes all the difference. ALL-WHEEL, ALL-WEATHER.

F-PACE's All Wheel Drive (AWD) system combines the agility and character of Rear Wheel Drive (RWD) with the added security and traction of AWD. In normal driving conditions, F-PACE is predominantly RWD for better handling and balance. But when roads or conditions become more challenging, the system subtly channels power for optimum traction and more comfortable progress. This is when Jaguar's Intelligent Driveline Dynamics (IDD) kicks in, using sensors measuring throttle and steering inputs to anticipate wheel slip. IDD seamlessly co-ordinates these inputs, and compares them with responses from the engine, transmission and traction control systems to calculate the traction available and distribute torque accordingly, even before grip is lost.

HOW DOES MUSIC MAKE YOU FEEL?

Music has the power to change your mood, evoke memories and affect your wellbeing. It can give you tingles or make you cry. It's why music and cars go so well together. Sitting behind the wheel, listening to your favourite artist, band or composer. It's your space. Your world. But what if you could do more than simply listen to the music? What if you could feel it, experience it, immerse yourself in it? What if you could make more of a connection with the music and enjoy a greater sense of acoustic involvement in your Jaguar?

British-based Meridian™ Audio are all about the musical experience – the very sense of being there. Their award-winning, precision-engineered audio systems are built on a lifetime of research into psychoacoustics (the science of how the human brain perceives sound) to deliver a performance that is so true to life, you feel every beat, every breath.

Meridian's approach to in-car audio is all about managing the sound stage; intensifying the levels of depth, clarity and realism of the music, by using a combination of sophisticated acoustic technology and strategically positioned speakers.

Wherever you sit in the car, you'll get the same concert-quality sound. Each strike of the piano, every guitar pick, horn blast, chorus and melody reveals itself with precision and texture, just as the artist intended. It's intimate, dramatic and atmospheric - whether you're enjoying the twists and turns of an open road or stuck in rush-hour traffic.
