

PERSONALIZATION KIT

The new Xenon XT is a vehicle you can personalize to the hilt. Do it up according to your likes with the Front nudge guard, Roof light, Side step, Canopy, Roof rails, Roof carrier, etc.

BED LINER

There's a lot you could do with your open deck at the back. The Bed Liner option makes the open deck floor scratch-free. So you can dump your mountain bike, kayak, tent and more.

BOOT LID COVERING

The lockable boot lid option gives you a place to keep all your stuff safe while protecting it from the vagaries of weather. You can also choose a soft-top option to cover the load compartment, or better still, a canopy to change the silhouette.

CANOPY ROOF LIGHT ROOF CARRIER SIDE STEP CHROME REAR NUDGE GUARD

THE ALL NEW
XENON XT
FITS NO LABEL

TATA MOTORS

THE GREAT INDOORS

It's hard to imagine that a vehicle as rugged and powerful as the new Xenon XT could have a softer side. How could this mean machine boast of finer touches like a faux wood console and two tone beige interiors?

Could something with such outdoorsy macho appeal have comforts like electrically adjustable side view mirrors and one-touch power windows? Can a vehicle this individualistic, seat five comfortably? Yes.

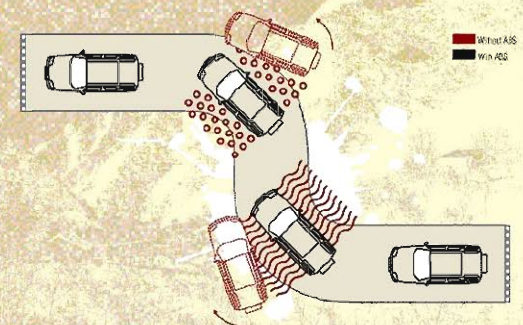

CROSS TERRAIN (4X4)

The limits are off when it comes to the new Xenon XT. The shift on fly 4-wheel drive option, ample ground clearance and ladder frame rugged build ensures that. This is one off-roader that can tame the roughest of terrains and be as much at ease on the city roads.

ABS with EBD

The weather may not be in your control. But your safety always is. No matter how wet or slippery the surface, the Anti Lock Braking System (ABS) with Electronic Brake Force Distribution (EBD) ensure efficient braking and avoids skidding, especially during cornering at high speeds.

IT'S HUMAN TENDENCY TO CLASSIFY THINGS. TO PUT THEM IN NEAT LITTLE BOXES THAT WON'T THROW SURPRISES AT US. IT'S OUR WAY OF UNDERSTANDING THE WORLD. THE ALL-NEW XENON XT (CROSS TERRAIN) IS HERE TO MOVE AWAY FROM THE STEREOTYPE. TO FIT NO LABEL. THAT'S BECAUSE IT'S UNLIKE ANY VEHICLE ON THE INDIAN ROADS AND SO VERSATILE. DRIVE IT TO THE MALL OR TO THE MOUNTAINS. PICK UP THE KIDS OR GO RIVER RAFTING. PERSONALIZE IT ANY WHICH WAY AND LOAD JUST ABOUT ANYTHING YOU WANT THANKS TO ITS OPEN DECK. MAKE A STYLE STATEMENT LIKE NO OTHER.

POWERED FOR EVERYTHING

The new Xenon XT is game for whatever's on your mind. The new generation, 2.2 L Dicor engine, operated by a 32-bit electronic control unit ensures that no matter what the terrain, this powerhouse with 140 PS power and 320 Nm torque is prepared.
